

HB 358 -- CONTROLLED SUBSTANCES

SPONSOR: Rowland

This bill specifies that a controlled substance includes an altered state of a drug or substance listed in schedules I through V absorbed into the human body.

At any time during release on parole or conditional release the Board of Parole must issue a warrant for the arrest of a released offender for violation of any of the conditions of parole or conditional release. If a parole or probation officer has probable cause to believe that an offender has violated a condition of parole or conditional release, the officer must issue a warrant for the arrest of the offender.

A person commits the offense of ingesting a controlled substance if he or she intentionally ingests, inhales, or otherwise takes into his or her body any controlled substance, unless the substance was obtained directly from, or pursuant to, a valid prescription or order of a practitioner while acting in the course of a practitioner's professional practice. The offense of ingesting a controlled substance is a class A misdemeanor.
