

HB 875 -- PUBLIC LIBRARY DISTRICTS

SPONSOR: Hinson

This bill adds one trustee to the board of trustees of a consolidated public library district when a city or municipal library district is petitioning to be included in the consolidated district and the petitioning district is partially located in a county that is not participating in the consolidated district. The additional trustee must be appointed by the county commissioners or county executive officers of the county that is not participating in the consolidated district.

After admission of the petitioning district into the consolidated district, transfer of the title and interest in the property of the petitioning district, and appointment of the additional trustee, the petitioning district and its board of trustees will cease to exist.
