

SB 405 -- FEES COLLECTED BY THE COUNTY COLLECTOR

Currently, a county collector must collect a fee for collecting specified state, county, and local taxes and licensing fees that must be deposited in the county general fund. In a county where the total amount levied for any one year exceeds \$350,000 and is less than \$2 million, the fee is 2.5% on the first \$350,000 collected and 1% on anything above that amount. In a county where the total amount levied for any one year exceeds \$2 million, the fee is 1% on all amounts collected. This bill raises the upper threshold amount for a county to be eligible to collect the 2.5% on the first \$350,000 to \$3 million.
