

SB 474 -- HEROES WAY DESIGNATION PROGRAM

Currently, the Heroes Way Interchange Designation Program allows for designations of interstate or state-numbered highway interchanges for members of the United States Armed Forces killed in action while performing active military duty with the Armed Forces in Afghanistan or Iraq on or after September 11, 2001. This bill changes the name of the program to the Heroes Way Designation Program, allows for the designation of bridges or segments of highway on the state highway system, and allows a designation for any member of the United States Armed Forces killed in action while performing active military duty.
