23 include age-appropriate differences for schools based on the grade levels at the school. Each such

5 of bullying has occurred to report the incident to the district's designated individual at the school  
6 within two school days of the employee witnessing or receiving the reliable information regarding

40 bullying, reprisal, or retaliation against any person who reports an act of bullying;

41 (d) The administration of the school district shall instruct its school counselors, school  
42 social workers, licensed social workers, mental health professionals, and school psychologists to  
43 educate students who are victims of bullying on techniques for students to overcome bullying's  
44 negative effects. Such techniques shall include, but not be limited to, cultivating the student's self-  
45 worth and self-esteem; teaching the student to defend himself or herself assertively and effectively;  
46 helping the student develop social skills; and encouraging the student to develop an internal locus of  
47 control. The provisions of this paragraph shall not be construed to contradict or limit any other  
48 provision of this section; and

1           (e) The administration of the school district shall implement programs and other initiatives  
 2 to address bullying, to respond to such conduct in a manner that does not stigmatize the victim, and  
 3 to make resources or referrals available to victims of bullying.

4           5. Notwithstanding any other provision of law to the contrary, any school district may  
 5 subject any student to discipline for cyberbullying. A school district may discipline any student for  
 6 cyberbullying to the greatest extent allowed by law. The district shall have jurisdiction to prohibit  
 7 cyberbullying that originates on a school's campus or at a district activity if the electronic  
 8 communication was made using the school's technological resources, if there is a sufficient nexus to  
 9 the educational environment, or if the electronic communication was made on the school's campus  
 10 or at a district activity using the student's own personal technological resources. The district shall  
 11 have jurisdiction to prohibit cyberbullying that originates off the school's campus if:

12           (1) It was reasonably foreseeable that the electronic communication would reach the  
 13 school's campus; or

14           (2) There is a sufficient nexus between the electronic communication and the school that  
 15 includes, but is not limited to, speech that is directed at a school-specific audience, or the speech  
 16 was brought onto or accessed on the school campus, even if it was not the student in question who  
 17 did so. The district may also prohibit cyberbullying that occurs outside of the district to the greatest  
 18 extent allowed by law including, but not limited to, situations in which the cyberbullying negatively  
 19 impacts the educational environment or constitutes a true threat. Even in situations where the  
 20 district does not have legal authority to discipline a student, the district may contact law  
 21 enforcement and take other appropriate actions to protect students and clarify district expectations.

22           6. Each district shall annually review its antibullying policy and revise it as needed. The  
 23 district's school board shall receive input from school personnel, students, and administrators when  
 24 reviewing and revising the policy.

25           7. Each district shall develop a method to keep track of any correspondence between  
 26 individuals and the district or any school in the district regarding an incident of bullying. Such  
 27 correspondence shall be a closed record under chapter 610.

28           8. Each district shall annually report to the department of elementary and secondary  
 29 education the number of confirmed reported bullying incidents in the district at the school level and  
 30 the district level and any action taken in response to an incident of bullying including, but not  
 31 limited to, expulsions and suspensions for each school in the district. No district shall release any  
 32 confidential information not authorized by state or federal law for public release. The department  
 33 of elementary and secondary education shall post this information on its internet website within  
 34 thirty days of receiving it but shall ensure that no personally identifiable information is posted.

35           9. Notwithstanding the provisions of this section, so long as a school district has an  
 36 antibullying policy or policies which were in effect before August 28, 2016, a school district shall  
 37 not be required to implement or adhere to subsections 2 through 8 of this section. No changes shall  
 38 be made to a district's antibullying policy or policies unless the local school board of the district  
 39 approves such changes through a majority vote of the board.

40           170.047. 1. Beginning in the 2017-18 school year, any licensed educator may annually  
 41 complete up to two hours of training or professional development in youth suicide awareness and  
 42 prevention as part of the professional development hours required for state board of education  
 43 certification.

44           2. The department of elementary and secondary education shall develop guidelines suitable  
 45 for training or professional development in youth suicide awareness and prevention. The  
 46 department shall develop materials that may be used for such training or professional development.

47           3. For purposes of this section, the term "licensed educator" means any teacher with a  
 48 certificate of license to teach issued by the state board of education or any other educator or

1 administrator required to maintain a professional license issued by the state board of education.

2 4. The department of elementary and secondary education may promulgate rules and  
3 regulations to implement this section.

4 5. Any rule or portion of a rule, as that term is defined in section 536.010, that is created  
5 under the authority delegated in this section shall become effective only if it complies with and is  
6 subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and  
7 chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to  
8 chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently  
9 held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after  
10 August 28, 2016, shall be invalid and void.

11 170.048. 1. By July 1, 2018, each district shall adopt a policy for youth suicide awareness  
12 and prevention, including the training and education of district employees.

13 2. Each district's policy shall address, but need not be limited to, the following:

14 (1) Strategies that can help identify students who are at possible risk of suicide;

15 (2) Strategies and protocols for helping students at possible risk of suicide; and

16 (3) Protocols for responding to a suicide death.

17 3. By July 1, 2017, the department of elementary and secondary education shall develop a  
18 model policy that districts may adopt. When developing the model policy, the department shall  
19 cooperate, consult with, and seek input from organizations that have expertise in youth suicide  
20 awareness and prevention. By July 1, 2021, and at least every three years thereafter, the department  
21 shall request information and seek feedback from districts on their experience with the policy for  
22 youth suicide awareness and prevention. The department shall review this information and may use  
23 it to adapt the department's model policy. The department shall post any information on its website  
24 that it has received from districts that it deems relevant. The department shall not post any  
25 confidential information or any information that personally identifies any student or school
