8 education. The program shall consist of grant awards made to public secondary schools that
9 demonstrate a commitment to ensure that:

10 (1) All students be graduated from school;

11 (2) All students complete a selection of high school studies that is challenging and for which
12 there are identified learning expectations; and

13 (3) All students proceed from high school graduation to a college or postsecondary
14 vocational or technical school or high-wage job with work place skill development opportunities.

15 2. The state board of education shall promulgate rules and regulations for the approval of
16 grants made under the program to schools that:

18 outlined in subsection 1 of this section; and

23 diploma; and

24 (4) Require rigorous coursework with standards of competency in basic academic subjects
25 for students pursuing vocational and technical education as prescribed by rule and regulation of the

27 (5) Have a partnership plan developed in cooperation and with the advice of local business
28 persons, labor leaders, parents, and representatives of college and postsecondary vocational and
29 technical school representatives, with the plan then approved by the local board of education. The

 3 graduation from high school, address apprenticeship and intern programs, and shall contain
 4 procedures for the recruitment of volunteers from the community of the school to serve in schools
 5 receiving program grants.

6 3. Any nonpublic school in this state may apply to the state board of education for
 7 certification that it meets the requirements of this section subject to the same criteria as public high
 8 schools. Every nonpublic school that applies and has met the requirements of this section shall have
 9 its students eligible for reimbursement of postsecondary education under subsection 8 of this section
 10 on an equal basis to students who graduate from public schools that meet the requirements of this
 11 section. Any nonpublic school that applies shall not be eligible for any grants under this section.
 12 Students of certified nonpublic schools shall be eligible for reimbursement of postsecondary
 13 education under subsection 8 of this section so long as they meet the other requirements of such
 14 subsection. For purposes of subdivision (5) of subsection 2 of this section, the nonpublic school
 15 shall be included in the partnership plan developed by the public school district in which the
 16 nonpublic school is located. For purposes of subdivision (1) of subsection 2 of this section, the

19 4. A school district may participate in the program irrespective of its accreditation
 20 classification by the state board of education, provided it meets all other requirements.

21 [4.] 5. By rule and regulation, the state board of education may determine a local school
 22 district variable fund match requirement in order for a school or schools in the district to receive a
 23 grant under the program. However, no school in any district shall receive a grant under the program
 24 unless the district designates a salaried employee to serve as the program coordinator, with the
 25 district assuming a minimum of one-half the cost of the salary and other benefits provided to the
 26 coordinator. Further, no school in any district shall receive a grant under the program unless the
 27 district makes available facilities and services for adult literacy training as specified by rule of the
 28 state board of education.

29 [5.] 6. For any school that meets the requirements for the approval of the grants authorized
 30 by this section and specified in subsection 2 of this section for three successive school years, by
 31 August first following the third such school year, the commissioner of education shall present a plan
 32 to the superintendent of the school district in which such school is located for the waiver of rules
 33 and regulations to promote flexibility in the operations of the school and to enhance and encourage
 34 efficiency in the delivery of instructional services in the school. The provisions of other law to the
 35 contrary notwithstanding, the plan presented to the superintendent shall provide a summary waiver,
 36 with no conditions, for the pupil testing requirements pursuant to section 160.257 in the school.
 37 Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for
 38 the waiver of requirements otherwise imposed on the school related to the authority of the state
 39 board of education to classify school districts pursuant to subdivision (9) of section 161.092 and
 40 such other rules and regulations as determined by the commissioner of education, except such
 41 waivers shall be confined to the school and not other schools in the school district unless such other
 42 schools meet the requirements of this subsection. However, any waiver provided to any school as
 43 outlined in this subsection shall be void on June thirtieth of any school year in which the school fails
 44 to meet the requirements for the approval of the grants authorized by this section as specified in
 45 subsection 2 of this section.

46 [6.] 7. For any school year, grants authorized by subsections 1, 2, and [4] 5 of this section
 47 shall be funded with the amount appropriated for this program, less those funds necessary to
 48 reimburse eligible students pursuant to subsection [7] 8 of this section.

1 [7.] 8. The department of higher education shall, by rule, establish a procedure for the
 2 reimbursement of the cost of tuition, books and fees to any public community college or vocational
 3 or technical school or within the limits established in subsection [9] 10 of this section for any two-
 4 year private vocational or technical school for any student:

 6 prior to graduation that meets the requirements of subsection 2 of this section; except that, students
 7 who are active duty military dependents, and students who are dependants of retired military who
 8 relocate to Missouri within one year of the date of the parent's retirement from active duty, who, in

 15 the department of higher education, and other requirements for the reimbursement authorized by
 16 this subsection as determined by rule and regulation of the department; and

17 (4) Who is a citizen or permanent resident of the United States.

 19 effectiveness of the program described in this section. Such evaluation shall be conducted annually
