3  
4 "393.1003. 1. Notwithstanding any provisions of chapter 386 and this chapter to the  
5 contrary, as of August 28, 2003, a water corporation providing water service in a county with a  
6 charter form of government and with more than one million inhabitants may file a petition and  
7 proposed rate schedules with the commission to establish or change ISRS rate schedules that will  
8 allow for the adjustment of the water corporation's rates and charges to provide for the recovery of  
9 costs for eligible infrastructure system replacements made in such county with a charter form of  
10 government and with more than one million inhabitants; provided that an ISRS, on an annualized  
11 basis, must produce ISRS revenues of at least one million dollars but not in excess of ten percent of  
12 the water corporation's base revenue level approved by the commission in the water corporation's  
13 most recent general rate proceeding. An ISRS and any future changes thereto shall be calculated  
14 and implemented in accordance with the provisions of sections 393.1000 to 393.1006. ISRS  
15 revenues shall be subject to refund based upon a finding and order of the commission, to the extent  
16 provided in subsections 5 and 8 of section 393.1006. Once a county has come under the operation  
17 of this statute, a subsequent change in population shall not remove that county from the operation of  
18 that law. Such was the intent of the general assembly in the original enactment of this section.

19 2. The commission shall not approve an ISRS for a water corporation in a county with a  
20 charter form of government and with more than one million inhabitants that has not had a general  
21 rate proceeding decided or dismissed by issuance of a commission order within the past three years,  
22 unless the water corporation has filed for or is the subject of a new general rate proceeding.

23 3. In no event shall a water corporation collect an ISRS for a period exceeding three years  
24 unless the water corporation has filed for or is the subject of a new general rate proceeding;  
25 provided that the ISRS may be collected until the effective date of new rate schedules established as  
26 a result of the new general rate proceeding, or until the subject general rate proceeding is otherwise  
27 decided or dismissed by issuance of a commission order without new rates being established."; and

28  
29 Further amend said bill by amending the title, enacting clause, and intersectional references  
30 accordingly.
