FISCAL ANALYSIS

ASSUMPTION

Officials at the **Department of Higher Education** and the **Department of Mental Health** each assume there is no fiscal impact from this proposal to their respective organizations.

Oversight notes this proposal creates the Show-Me Compassionate Medical Education Act that allows medical schools in Missouri to conduct a single center or multi-center study to facilitate the collection of data to minimize stress and reduce the risk of depression and suicide for medical students. Oversight did not receive a response from the University of Missouri or Truman State University. These Universities have medical schools that may be impacted by the proposal. Oversight assumes this allows them to conduct a study but does not require it. Oversight assumes this would not have a fiscal impact.
