## FISCAL ANALYSIS

### ASSUMPTION

Officials at the **Missouri Ethics Commission (MEC)** assume §105.487.(3) requires the filing of personal financial disclosure statements to occur in January and July.

This change would require the MEC to do the following:

- Provide information to public officials and the public as specified in the Commission duties in §105.491, 105.955.14 (4), RSMo, about the new statutory requirements; examples include providing education, developing informational materials, and fielding telephone and email questions.
- Assess late fees for the required reports. Assessment of late fees requires identifying and tracking late or non-filers; creating late filer and/or non-filer notices; communicating with the late filer and/or non-filer through written correspondence, telephone, and email; tracking the receipt of payments; receipting and depositing collection of late fee; referring those individuals who do not pay the late fee assessment to the Attorney General's office for collection.
- Respond to written complaints, as established in §105.955.14, RSMo, through conducting investigations and any legal actions arising from those investigations. Any significant increase in complaints would require additional Commission resources, including investigative staff.

It is assumed this prohibition would result in a minimal number of complaints; however, if this assumption is incorrect the Commission would require additional staff resources.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
