FISCAL DESCRIPTION

Currently, both county commissions and county health center boards may make and establish orders, ordinances, rules or regulations under certain circumstances, but cannot conflict with any rules or regulations of the Department of Health and Senior Services or the Department of Social Services. This bill would allow only county commissions with the concurrence of the county health center boards to make and establish orders, ordinances, rules or regulations. In addition, those orders, ordinances, rules or regulations cannot conflict with the rules and regulations of the Department of Natural Resources or regulate any structure used for agricultural purposes or activity exclusively in connection with the production, harvesting, storage, drying, or raising of agricultural commodities.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
