FISCAL ANALYSIS

ASSUMPTION

Oversight was unable to receive some of the agency responses in a timely manner due to the short fiscal note request time. Oversight has presented this fiscal note on the best current information that we have or on prior year information regarding a similar bill. Upon the receipt of agency responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval of the chairperson of the Joint Committee on Legislative Research to publish a new fiscal note.

Oversight notes this proposal would prohibit individuals from being appointed to the University of Missouri board of curators if that individual has the same occupation as two other existing members of the curators. Additionally this same ban on more than two people having the same occupation is placed on members of the board of governors of Missouri Western State University, University of Central Missouri, Truman State University and Missouri State University as well as the board of regents of the Southeast Missouri State University, Northwest Missouri State University, and Harris-Stowe State University and the board of curators at Lincoln University.

Officials at the **Department of Higher Education, Missouri Senate** and the **Office of the Governor** each assume there is no fiscal impact from this proposal to their respective organizations.

Officials at the **Missouri State University, University of Central Missouri** and the **University of Missouri** each assume there is no fiscal impact from this proposal to their respective institutions.

Oversight assumes members of these higher education institutions are appointed by the Governor and given advice and consent from the Missouri Senate. This would require the Governor's Office and the Missouri Senate to track the occupation of each person who is being appointed to these higher education institutions. Oversight assumes the Governor's Office and Missouri Senate can absorb this duty within their existing resources.
