

HB 1551 -- CHILD CUSTODY ORDERS

SPONSOR: Neely

This bill authorizes a court that orders a custody arrangement for a minor child to also order the noncustodial and custodial parents to provide the court with an annual report that specifies whether the parties are in compliance with the order and an accounting of how the parent awarded child support has spent the support.

Court costs or other fees cannot be assessed to either party for submitting this annual report.

This bill is the same as HB 725 (2015).
