

HB 2505 -- FIREARM OWNERSHIP

SPONSOR: Vescovo

This bill prohibits any public school district or charter school administrator, teacher, or other employee from requiring a student, a student's family, a school teacher, or other school employee to provide information on that individual's or family's firearm ownership.

This bill also states that any information voluntarily provided by the specified individuals regarding firearm ownership must not be the basis for adverse disciplinary action against a student or employment action against a public school teacher or employee, unless the adverse action is based on a violation of Chapter 571, RSMo.
