

HB 2508 -- NATURAL GAS SAFETY STANDARDS

SPONSOR: Miller

This bill repeals the current civil penalties for violations of federally mandated natural gas safety standards and specifies that the penalties cannot exceed an amount as determined by federal law, which is currently not to exceed \$200,000 for each violation for each day with a maximum penalty not to exceed \$2,000,000 for any series of violations.

This bill is the same as SB 943 (2016).
