FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety - Missouri Highway Patrol** and **State Emergency Management Agency**, the **Department of Corrections**, and the **Office of the State Courts Administrator** each assume the proposal would not fiscally impact their respective agencies.

Officials from the **Attorney General's Office** assume that any potential costs arising from this proposal could be absorbed with existing resources.

Officials from the **Office of Prosecution Services (OPS)** assume the proposal would not have a measurable fiscal impact on their agency. The creation of a new crime creates additional responsibilities for county prosecutors which may, in turn, result in additional costs which are difficult to determine.

For the purpose of this proposed legislation, officials from the **Office of State Public Defender (SPD)** cannot assume that existing staff will provide effective representation for any new cases arising where indigent persons are charged with the proposed new crime of crossing a police barricade - a new Class A misdemeanor. While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional funding for this specific bill, the SPD will continue to request sufficient appropriations to provide effective representation in all cases where the right to counsel attaches.

Oversight assumes the SPD can absorb the added caseload that may result from the proposal.

Officials from the **Boone County Sheriff's Department**, the **Cole County Sheriff's Department**, and the **Springfield Police Department** each assume the proposal would not fiscally impact their respective agencies.

Officials from the St. Louis Metropolitan Police Department, Buchanan County Sheriff's Department, and the St. Charles Police Department did not respond to **Oversight's** request for fiscal impact.

FISCAL DESCRIPTION
