FISCAL ANALYSIS

ASSUMPTION

Officials at the **Department of Economic Development** assume the Missouri Housing Development Commission (MHDC) is bound by federal government rules when using certain federal program funds, which may require any development accessing those funds to pay prevailing wage (for example, HOME funds or Risk Share may require payment of prevailing wage). There are instances where MHDC works with local governments on financing developments; any wage requirements imposed by these governments are outside MHDC's authority of control. This proposal does not exempt developments using federal monies or those developments that require prevailing wage for local government requirements.

Officials at the **Department of Labor and Industrial Relations, Joint Committee on Administrative Rules, Office of the Secretary of State** and the **Office of Administration** assume this proposal would not have a fiscal impact.

Oversight assumes this proposal would have no fiscal impact to the state or to local governments. Oversight also assumes if this proposal results in fewer state tax credits being issued for a particular project, that those savings would result in and be offset by the use of the savings (additional tax credits) for other projects.

<u>FISCAL IMPACT - State Government</u>	FY 2018 (10 Mo.)	FY 2019	FY 2020
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT - Local Government</u>	FY 2018 (10 Mo.)	FY 2019	FY 2020
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

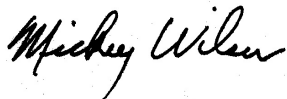

FISCAL DESCRIPTION

This bill prohibits the Missouri Housing Development Commission from requiring a prevailing hourly wage to be paid to a contractor on a project eligible for a housing tax credit when in a Governor declared disaster area.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
