FISCAL ANALYSIS

ASSUMPTION

Officials at the **Department of Elementary and Secondary Education** assume there is no fiscal impact from this proposal. DESE defers to the school districts for fiscal impact.

Officials at the **Kansas City Public Schools** assume they cannot determine the impact without a definition of “sufficient”. They won’t know how that is defined until DESE promulgates the rules of the program.

Officials at the **Milan C-2 School District** assume no impact if DESE funds the program.

Officials at the **Kirksville R-III** and **West Plains** school districts each assume there is no fiscal impact from this proposal to their respective districts.

Oversight notes this proposal would require a school district to establish a gifted program if the district has a sufficient number of students to justify the program. Oversight is unable to determine how many districts would need to establish a gifted program. Oversight will not show an impact from this proposal.
