FISCAL ANALYSIS

ASSUMPTION

Officials at the **Department of Elementary and Secondary Education (DESE)** assume a cost of \$32,329 (\$22,227 in travel expenses and \$10,102 in public hearing expenses).

Officials at the **Office of the Governor, Missouri House of Representatives** and the **Missouri Senate** each assume there is no fiscal impact from this proposal to their respective organizations.

Officials from the **Kirkville R-III School District** assume this proposal would have a limited negative effect on the fiscal budget for the district as long as an existing educational certificate would work for a teacher to teach this class.

Officials from the **Summersville R2 School District** assume an unknown impact.

Officials from the **Lathrop School District, West Plains School District** and the **Northeast Nodaway R-5 School District** assume the proposal will have no fiscal impact on their organizations.

Oversight notes this proposal would require the state board of education to convene a work group about a ninth grade course on college preparation and career readiness. The workgroup is to consider a curriculum based on the requirements of this proposal. Oversight notes that the workgroup established by DESE may do work in FY 2019 and some work in FY 2020. For the simplicity of the fiscal note, Oversight is showing all the expenses in FY 2019.

Oversight assumes this proposal does not currently require school districts to teach the course under consideration by the workgroup. Oversight will not show a fiscal impact to school districts.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

Before January 1, 2019, the State Board of Education must convene a work group to explore a course offering that would cover topics related to exploring various career and educational opportunities, as specified in the bill. In addition to the topics covered, the course should focus on career readiness and emphasize the importance of work ethic, communication, collaboration, critical thinking, and creativity. The course should also demonstrate that graduation from a four-year college is not the only path to success and discuss other pathways.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
