FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Health and Senior Services**, the **Department of Insurance, Financial Institutions and Professional Registration** and the **Joint Committee on Administrative Rules** each assume the proposal would not fiscally impact their respective agencies.

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

Oversight notes the Centers for Disease Control and Prevention (CDC) currently have 12 recommendations in three categories that clinicians should follow. Category A recommendations relate to determining when to initiate or continue opioids for chronic pain; Category B recommendations relate to opioid selection, dosage, duration, follow-up, and discontinuation; and Category C recommendations relate to assessing risk and addressing harms of opioid use.

<u>FISCAL IMPACT - State Government</u>	FY 2019 (10 Mo.)	FY 2020	FY 2021

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
