FISCAL ANALYSIS

ASSUMPTION

Section 168.021

Officials from the **Department of Elementary and Secondary Education (DESE)** assume the proposal removes reciprocity for applicants who hold a certificate in another state. It also removes fees for these applicants. DESE certifies approximately 1,500 educators from other states per year. The fee per application is \$100. The fiscal impact would lower revenue by approximately \$150,000 per year. These fees are used to maintain and enhance the online certification system which is used to certify all substitutes, teachers, counselors, administrator, etc.

Officials from the **Department of Insurance, Financial Institutions and Professional Registration, the Department of Revenue, the Department of Health and Senior Services, the Department of Natural Resources, the Department of Agriculture, the Department of Social Services, the Department of Mental Health, the Department of Public Safety - Missouri Highway Patrol and the Department of Transportation** each assume the proposal will have no fiscal impact on their respective organizations.

In response to a previous version, officials from the **City of Kansas City and the City of Columbia** each assumed the proposal will have no fiscal impact on their respective organizations.
