

HB 1998 -- COMPREHENSIVE STATE ENERGY PLAN

SPONSOR: Bondon

This bill requires the Missouri Division of Energy to review the comprehensive state energy plan implemented by the division by January 1, 2020. The plan shall be reviewed biennially thereafter to ensure certain listed goals and updated as needed. The division shall use a diverse stakeholder input system either directly or by contracting with a qualified organization, and issue a report along with each review, suggesting policy changes.

This bill is the same as SB 727 (2018) and similar to HB 661 (2017).
