

HB 2346 -- MODIFIES PROVISIONS FOR SECOND LEVEL INSURANCE GRIEVANCE PROCEDURES

SPONSOR: White

This bill modifies provisions for second level insurance grievance procedures. Upon request, for a second-level review where the grievance involves an adverse determination a health carrier shall submit the grievance to a grievance advisory panel consisting of a majority of persons that are actively practicing clinical peers who are board certified in the same specialty as would typically manage the case being reviewed and that were not involved in the circumstances giving rise to the grievance or in any subsequent investigation or determination of the grievance.
