

JOURNAL OF THE HOUSE

First Regular Session, 100th GENERAL ASSEMBLY

SIXTY-FOURTH DAY, TUESDAY, MAY 7, 2019

The House met pursuant to adjournment.

Speaker Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Beloved, let us love one another; for love is of God; and he who loves is born of God, and knows God. (1 John 4:7)

Almighty God, ruler of the universe and redeemer of all peoples, we praise You for the life You have given us, for the beauty of the world in which we live, for the truth by which we live, and for the love which binds us together. Open our eyes that we may see the beauty about us, open our ears that we may hear the appeal of truth, and open our hearts that we may receive the gift of Your love.

Remove from within us all bitterness, all resentment, and all hostility and fill us anew with the spirit of joy and peace and love. In spite of political differences may we be of one mind, possessed by one spirit, and motivated by one power: to serve our state with all our hearts, to keep our faith in You, and to work for the good of our fellow citizens during these last days of session.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-third day was approved as printed by the following vote:

THIRD READING OF HOUSE CONCURRENT RESOLUTIONS

HCS HCR 43, relating to the Green New Deal, was taken up by Representative Shawan.

Representative Lavender offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for House Concurrent Resolution No. 43, Page 2, Line 61, by deleting all of said line and inserting in lieu thereof the following:

"industries; and

WHEREAS, as documented through the use of sound scientific methods and evidence-based practices, the climate in the state of Missouri is changing at an alarming rate; and

WHEREAS, the average annual temperature in the United States has increased more than two degrees Fahrenheit in the last century, and Missouri is above the national average; and

WHEREAS, rising global temperatures have resulted in an atmosphere that holds more water vapor and creates a higher potential for heavy rainfall; and

WHEREAS, average annual precipitation in most of the Midwest has increased by five to ten percent over the last half century as a result of rising global temperatures, causing flooding to become more frequent; and

WHEREAS, the state of Missouri will see an increase in the number of extremely hot days in the coming decades, which will cause public health issues in urban areas and damage or destroy crops such as corn and rice in rural areas. Already, in 2018, Governor Michael L. Parson issued an executive order declaring a drought alert for certain Missouri counties after the U.S. Drought Monitor indicated that all or portions of forty-seven Missouri counties were in severe or extreme drought and data demonstrated that nearly seventy percent of Missouri was experiencing some level of drought; and

WHEREAS, farmers in the state of Missouri have witnessed firsthand the impacts of climate change, such as hay shortages, and have used controlled grazing and other methods to work to combat the consequences of climate change; and

WHEREAS, climate change in the state of Missouri is severe, as demonstrated by recent significant drought and flooding events and record high and low temperatures; and

WHEREAS, Missouri has remained highly dependent on coal for its electrical energy sources, while the price of solar energy decreases and renewable energy is becoming the most affordable option; and

WHEREAS, the state of Missouri should reduce greenhouse gas emissions by fifty percent and work toward fifty percent renewable energy by the year 2030; and

WHEREAS, the state of Missouri should consider incentives for technological innovations of products and processes that will move the state toward a healthier climate; and

WHEREAS, because climate change has negative effects on the environment, economic development, job creation, and quality of life, the state of Missouri should seek input on the issue from numerous stakeholders in Missouri including, but not limited to, state and local officials, residents of Missouri, the state climatologist, and organizations representing the interests of agriculture, economic development, conservation, natural resources, and health and senior services; and

WHEREAS, the general assembly of the state of Missouri has a continuing obligation to provide future generations with a safe and healthy climate:"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Roden raised a point of order that **House Amendment No. 1** is a floor substitute.

Representative Schroer requested a parliamentary ruling.

Representative McDaniel raised an additional point of order that **House Amendment No. 1** is not germane.

Representative Schroer requested a parliamentary ruling.

The Parliamentary Committee took the points of order under advisement.

The points of order were withdrawn.

House Amendment No. 1 was withdrawn.

Representative Plocher assumed the Chair.

Representative Vescovo moved the previous question.
