

JOURNAL OF THE HOUSE

First Regular Session, 100th GENERAL ASSEMBLY

SIXTY-FIFTH DAY, WEDNESDAY, MAY 8, 2019

The House met pursuant to adjournment.

Speaker Pro Tem Wiemann in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicky, Chaplain.

Create in us clean hearts, O Lord, and renew a right spirit within us. (Psalm 51:10)

O loving God, before whom all falsehood fades, all pretense fails, all bitterness falls, who is the way, the truth, and the life, bless us this day with Your Spirit and help us to walk in Your ways, to believe Your truth, and to live Your life.

Please forgive our arrogant ways, the mistakes we make, and the sins we commit, the harsh criticism we direct toward those who disagree with us, and our slowness to see the good in others and the wrong in ourselves.

Now create in us clean hearts, O Lord, and renew a right spirit within us, that Your will may be done in us, in our beloved state, and in all who serve in the People's House on this Harry Truman Day.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Reece Rone, Phoebe Rone, and Ella Rone.

The Journal of the sixty-fourth day was approved as printed by the following vote:

No taxpayer shall be eligible to receive tax credits under this section in any tax year immediately following a tax year in which such taxpayer received tax credits under the provisions of this section.

3. Tax credits issued ~~[pursuant to]~~ **under** this section may be refundable in an amount not to exceed two thousand five hundred dollars per tax year.

4. Eligible costs for which the credit may be claimed include:

Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset. The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to redeem tax credits authorized on or before the date the program authorized under this section expires or a taxpayer's ability to redeem such tax credits.

10. In no event shall the aggregate amount of all tax credits allowed ~~[pursuant to]~~ **under** this section exceed one hundred thousand dollars in any given fiscal year. The tax credits issued pursuant to this section shall be on a first-come, first-served filing basis."; and

Representative Basye offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Committee Substitute for Senate Bill No. 147, Page 1, Section A, Line 3, by inserting after all of said section and line the following:

"300.155. Whenever traffic is controlled by traffic control signals exhibiting different colored lights, or colored lighted arrows, successively one at a time or in combination, only the colors green, red and yellow shall be used, except for special pedestrian signals carrying a word legend, and said lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

(1) Green indication

(a) Vehicular traffic facing a circular green signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited;

(b) Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right-of-way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection;

(c) Unless otherwise directed by a pedestrian control signal as provided in section 300.160, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(2) Steady yellow indication

(a) Vehicular traffic facing a steady yellow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection;

(b) Pedestrians facing a steady yellow signal, unless otherwise directed by a pedestrian control signal as provided in section 300.160, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall then start to cross the roadway.

(3) Steady red indication

(a) Vehicular traffic facing a steady red signal alone shall stop before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until a green indication is shown except as provided in paragraph (b) of this subdivision;

(b) The driver of a vehicle which is stopped as close as practicable at the entrance to the crosswalk on the near side of the intersection or, if none, then at the entrance to the intersection in obedience to a red signal, may cautiously enter the intersection to make a right turn but shall yield the right-of-way to pedestrians and other traffic proceeding as directed by the signal at the intersection, except that the state highways and transportation commission with reference to an intersection involving a state highway, and local authorities with reference to an intersection involving other highways under their jurisdiction, may prohibit any such right turn against a red signal at any intersection where safety conditions so require, said prohibition shall be effective when a sign is erected at such intersection giving notice thereof;

(c) The driver of a vehicle which is in the left-most lane on a one-way street and stopped as close as practicable at the entrance to the crosswalk on the near side of the intersection or, if none, then at the entrance to the intersection in obedience to a red signal, may cautiously enter the intersection to make a left turn onto a one-way street but shall yield the right-of-way to pedestrians and other traffic proceeding as directed by the signal at the intersection, except that the state highways and transportation commission with reference to an intersection involving a state highway, and local authorities with reference to an intersection involving other highways under their jurisdiction, may prohibit any such left turn against a red signal at any intersection where safety conditions so require and such prohibition shall be effective when a sign is erected at such intersection giving notice thereof;

(d) Unless otherwise directed by a pedestrian control signal as provided in section 300.160, pedestrians facing a steady red signal alone shall not enter the roadway.

(4) In the event an official traffic control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal."; and

Further amend said bill, Page 12, Section 302.026, Line 10, by inserting after all of said section and line the following:

"304.281. 1. At the time the owner of any new or used motor vehicle, trailer, boat, or outboard motor which was acquired in a transaction subject to sales tax under the Missouri sales tax law makes application to the director of revenue for an official certificate of title and the registration of the motor vehicle, trailer, boat, or outboard motor as otherwise provided by law, the owner shall present to the director of revenue evidence satisfactory to the director of revenue showing the purchase price exclusive of any charge incident to the extension of credit paid by or charged to the applicant in the acquisition of the motor vehicle, trailer, boat, or outboard motor, or that no sales tax was incurred in its acquisition, and if sales tax was incurred in its acquisition, the applicant shall pay or cause to be paid to the director of revenue the sales tax provided by the Missouri sales tax law in addition to the registration fees now or hereafter required according to law, and the director of revenue shall not issue a certificate of title for any new or used motor vehicle, trailer, boat, or outboard motor subject to sales tax as provided in the Missouri sales tax law until the tax levied for the sale of the same under sections 144.010 to 144.510 has been paid as provided in this section or is registered under the provisions of subsection 5 of this section.

2. As used in subsection 1 of this section, the term "purchase price" shall mean the total amount of the contract price agreed upon between the seller and the applicant in the acquisition of the motor vehicle, trailer, boat, or outboard motor, regardless of the medium of payment therefor.

3. In the event that the purchase price is unknown or undisclosed, or that the evidence thereof is not satisfactory to the director of revenue, the same shall be fixed by appraisal by the director.

4. The director of the department of revenue shall endorse upon the official certificate of title issued by the director upon such application an entry showing that such sales tax has been paid or that the motor vehicle, trailer, boat, or outboard motor represented by such certificate is exempt from sales tax and state the ground for such exemption.

5. Any person, company, or corporation engaged in the business of renting or leasing motor vehicles, trailers, boats, or outboard motors, which are to be used exclusively for rental or lease purposes, and not for resale, may apply to the director of revenue for authority to operate as a leasing **or rental** company **and pay an annual fee**

of two hundred fifty dollars for such authority. Any company approved by the director of revenue may pay the tax due on any motor vehicle, trailer, boat, or outboard motor as required in section 144.020 at the time of registration thereof or in lieu thereof may pay a sales tax as provided in sections 144.010, 144.020, 144.070 and 144.440. The bond or irrevocable letter of credit shall be conditioned upon the lease or rental company complying with the provisions of any statutes applicable to lease or rental companies, and the bond shall be an indemnity for any loss sustained by reason of the acts of the person bonded when such acts constitute grounds for the suspension or revocation of the lease or rental license. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except that, the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. The proceeds of the bond or irrevocable letter of credit shall be paid upon receipt by the department of a final judgment from a Missouri court of competent jurisdiction against the principal and in favor of an aggrieved party.

7. Any corporation may have one or more of its divisions separately apply to the director of revenue for authorization to operate as a leasing company, provided that the corporation:

- (1) Has filed a written consent with the director authorizing any of its divisions to apply for such authority;
- (2) Is authorized to do business in Missouri;
- (3) Has agreed to treat any sale of a motor vehicle, trailer, boat, or outboard motor from one of its divisions to another of its divisions as a sale at retail;

- (5) Operates each of its divisions on a basis separate from each of its other divisions. However, when the transfer of a motor vehicle, trailer, boat or outboard motor occurs within a corporation which holds a license to operate as a motor vehicle or boat dealer pursuant to sections 301.550 to 301.573 the provisions in subdivision (3) of this subsection shall not apply.

~~[7-]~~ **8.** If the owner of any motor vehicle, trailer, boat, or outboard motor desires to charge and collect sales tax as provided in this section, the owner shall make application to the director of revenue for a permit to operate as a motor vehicle, trailer, boat, or outboard motor leasing company. The director of revenue shall promulgate rules and regulations determining the qualifications of such a company, and the method of collection and reporting of sales tax charged and collected. Such regulations shall apply only to owners of motor vehicles, trailers, boats, or outboard motors, electing to qualify as motor vehicle, trailer, boat, or outboard motor leasing companies under the provisions of subsection 5 of this section, and no motor vehicle renting or leasing, trailer renting or leasing, or boat or outboard motor renting or leasing company can come under sections 144.010, 144.020, 144.070 and 144.440 unless all motor vehicles, trailers, boats, and outboard motors held for renting and leasing are included.

9. Any motor vehicle dealer authorized to collect and remit sales taxes on motor vehicles under this subsection shall be entitled to deduct and retain an amount equal to two percent of the motor vehicle sales tax pursuant to section 144.140. Any amount of the tax collected under this subsection that is retained by a motor vehicle dealer pursuant to section 144.140 shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers for their role in collecting and remitting sales taxes on motor vehicles. In the event this subsection or any portion thereof is held to violate Article IV, Section

30(b) of the Missouri Constitution, no motor vehicle dealer shall be authorized to collect and remit sales taxes on motor vehicles under this section. No motor vehicle dealer shall seek compensation from the state of Missouri or its agencies if a court of competent jurisdiction declares that the retention of two percent of the motor vehicle sales tax is unconstitutional and orders the return of such revenues."; and

Further amend said bill, Page 11, Section 301.030, Line 46, by inserting after all of said section and line the following:

"301.032. 1. Notwithstanding the provisions of sections 301.030 and 301.035 to the contrary, the director of revenue shall establish a system of registration of all fleet vehicles owned or purchased by a fleet owner registered pursuant to this section. The director of revenue shall prescribe the forms for such fleet registration and the forms and procedures for the registration updates prescribed in this section. Any owner of ten or more motor vehicles which must be registered in accordance with this chapter may register as a fleet owner. All registered fleet owners may, at their option, register all motor vehicles included in the fleet on a calendar year or biennial basis pursuant to this section in lieu of the registration periods provided in sections 301.030, 301.035, and 301.147. The director shall issue an identification number to each registered owner of fleet vehicles.

2. All fleet vehicles included in the fleet of a registered fleet owner shall be registered during April of the corresponding year or on a prorated basis as provided in subsection 3 of this section. Fees of all vehicles in the fleet to be registered on a calendar year basis or on a biennial basis shall be payable not later than the last day of April of the corresponding year, with two years' fees due for biennially-registered vehicles. Notwithstanding the provisions of section 307.355, an application for registration of a fleet vehicle must be accompanied by a certificate of inspection and approval issued no more than one hundred twenty days prior to the date of application. The fees for vehicles added to the fleet which must be licensed at the time of registration shall be payable at the time of registration, except that when such vehicle is licensed between July first and September thirtieth the fee shall be three-fourths the annual fee, when licensed between October first and December thirty-first the fee shall be one-half the annual fee and when licensed on or after January first the fee shall be one-fourth the annual fee. When biennial registration is sought for vehicles added to a fleet, an additional year's annual fee will be added to the partial year's prorated fee.

3. At any time during the calendar year in which an owner of a fleet purchases or otherwise acquires a vehicle which is to be added to the fleet or transfers plates to a fleet vehicle, the owner shall present to the director of revenue the identification number as a fleet number and may register the vehicle for the partial year as provided in subsection 2 of this section. The fleet owner shall also be charged a transfer fee of two dollars for each vehicle so transferred pursuant to this subsection.

4. Except as specifically provided in this subsection, all fleet vehicles registered pursuant to this section shall be issued a special license plate which shall have the words "Fleet Vehicle" in place of the words "Show-Me State" in the manner prescribed by the advisory committee established in section 301.129. Alternatively, for a one-time additional five dollar per-vehicle fee beyond the regular registration fee, a fleet owner of at least fifty fleet vehicles may apply for fleet license plates bearing a company name or logo, the size and design thereof subject to approval by the director. All fleet license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Fleet vehicles shall be issued multiyear license plates as provided in this section which shall not require issuance of a renewal tab. Upon payment of appropriate registration fees, the director of revenue shall issue a registration certificate or other suitable evidence of payment of the annual or biennial fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued. ~~[The director of revenue shall promulgate rules and regulations establishing the procedure for application and issuance of fleet vehicle license plates.]~~

5. Notwithstanding the provisions of sections 307.350 to 307.390 to the contrary, a fleet vehicle registered in Missouri is exempt from the requirements of sections 307.350 to 307.390 if at the time of the annual fleet registration, such fleet vehicle is situated outside the state of Missouri.

6. Notwithstanding any other provisions of law to the contrary, any person, company, or corporation engaged in the business of renting or leasing three thousand five hundred or more motor vehicles which are to be used exclusively for rental or leasing purposes and not for resale, that has applied to the director of revenue for authority to operate as a lease or rental company as prescribed in section 144.070 may operate as a registered fleet owner as prescribed in the provisions of this subsection to subsection 10 of this section.

(1) The director of revenue may issue license plates after presentment of an application, as designed by the director, and payment of an annual fee of three hundred sixty dollars for the first ten plates and thirty-six dollars for each additional plate. The payment and issuance of such plates shall be in lieu of registering each motor vehicle with the director as otherwise provided by law.

(2) Such motor vehicles within the fleet shall not be exempted from the safety inspection and emissions inspection provisions as prescribed in chapters 307 and 643, but notwithstanding the provisions of section 307.355, such inspections shall not be required to be presented to the director of revenue.

7. A recipient of a lease or rental company license issued by the director of revenue as prescribed in section 144.070 operating as a registered fleet owner under this section shall register such fleet with the director of revenue on an annual or biennial basis in lieu of the individual motor vehicle registration periods as prescribed in sections 301.030, 301.035, and 301.147. If an applicant elects a biennial fleet registration, the annual fleet license plate fees prescribed in subdivision (1) of subsection 6 of this section shall be doubled. An agent fee as prescribed in subdivision (1) of subsection 1 of section 136.055 shall apply to the issuance of fleet registrations issued under subsections 6 to 10 of this section, and if a biennial fleet registration is elected, the agent fee shall be collected in an amount equal to the fee for two years.

8. Prior to the issuance of fleet license plates under subsections 6 to 10 of this section, the applicant shall provide proof of insurance as required under section 303.024 or 303.026.

9. The authority of a recipient of a lease or rental company license issued by the director of revenue as prescribed in section 144.070 to operate as a fleet owner as provided in this section shall expire on January 1 of the licensure period.

10. A lease or rental company operating fleet license plates issued under subsections 6 to 10 of this section shall make available, upon request, to the director of revenue and all Missouri law enforcement agencies any corresponding vehicle and registration information that may be requested as prescribed by rule.

11. The director shall make all necessary rules and regulations for the administration of this section and shall design all necessary forms required by this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2019, shall be invalid and void."; and

Source documents shall also include any documents required for the issuance of driver's licenses or nondriver's licenses by the department of revenue under the provisions of this chapter or accompanying regulations.

2. Except as provided in subsection 3 of this section and as required to carry out the provisions of subsection 4 of this section, the department of revenue shall not retain copies, in any format, of source documents presented by individuals applying for or holding driver's licenses or nondriver's licenses or use technology to capture digital images of source documents so that the images are capable of being retained in electronic storage in a transferable format. Documents retained as provided or required by subsection 4 of this section shall be stored solely on a system not connected to the internet nor to a wide area network that connects to the internet. Once stored on such system, the documents and data shall be purged from any systems on which they were previously stored so as to make them irretrievable.

3. The provisions of this section shall not apply to:

- (1) Original application forms, which may be retained but not scanned except as provided in this section;
- (2) Test score documents issued by state highway patrol driver examiners **and Missouri commercial third-party tester examiners**;
- (3) Documents demonstrating lawful presence of any applicant who is not a citizen of the United States, including documents demonstrating duration of the person's lawful presence in the United States;
- (4) Any document required to be retained under federal motor carrier regulations in Title 49, Code of Federal Regulations, including but not limited to documents required by federal law for the issuance of a commercial driver's license and a commercial driver instruction permit;

(5) Documents submitted by a commercial driver's license **or commercial driver's instruction permit** applicant who is a Missouri resident and is ~~[active duty military or a veteran, as "veteran" is defined in 38 U.S.C. Section 101]~~ **a qualified current or former military service member**, which allows for waiver of the commercial driver's license knowledge test, skills test, or both; and

(6) Any other document at the request of and for the convenience of the applicant where the applicant requests the department of revenue review alternative documents as proof required for issuance of a driver's license, nondriver's license, or instruction permit.

4. (1) To the extent not prohibited under subsection 13 of this section, the department of revenue shall amend procedures for applying for a driver's license or identification card in order to comply with the goals or standards of the federal REAL ID Act of 2005, any rules or regulations promulgated under the authority granted in such Act, or any requirements adopted by the American Association of Motor Vehicle Administrators for furtherance of the Act, unless such action conflicts with Missouri law.

(2) The department of revenue shall issue driver's licenses or identification cards that are compliant with the federal REAL ID Act of 2005, as amended, to all applicants for driver's licenses or identification cards unless an applicant requests a driver's license or identification card that is not REAL ID compliant. Except as provided in subsection 3 of this section and as required to carry out the provisions of this subsection, the department of revenue shall not retain the source documents of individuals applying for driver's licenses or identification cards not compliant with REAL ID. Upon initial application for a driver's license or identification card, the department shall inform applicants of the option of being issued a REAL ID compliant driver's license or identification card or a driver's license or identification card that is not compliant with REAL ID. The department shall inform all applicants:

(a) With regard to the REAL ID compliant driver's license or identification card:

a. Such card is valid for official state purposes and for official federal purposes as outlined in the federal REAL ID Act of 2005, as amended, such as domestic air travel and seeking access to military bases and most federal facilities;

b. Electronic copies of source documents will be retained by the department and destroyed after the minimum time required for digital retention by the federal REAL ID Act of 2005, as amended;

c. The facial image capture will only be retained by the department if the application is finished and submitted to the department; and

d. Any other information the department deems necessary to inform the applicant about the REAL ID compliant driver's license or identification card under the federal REAL ID Act;

(b) With regard to a driver's license or identification card that is not compliant with the federal REAL ID Act:

a. Such card is valid for official state purposes, but it is not valid for official federal purposes as outlined in the federal REAL ID Act of 2005, as amended, such as domestic air travel and seeking access to military bases and most federal facilities;

b. Source documents will be verified but no copies of such documents will be retained by the department unless permitted under subsection 3 of this section, except as necessary to process a request by a license or card holder or applicant;

c. Any other information the department deems necessary to inform the applicant about the driver's license or identification card.

5. The department of revenue shall not use, collect, obtain, share, or retain biometric data nor shall the department use biometric technology to produce a driver's license or nondriver's license or to uniquely identify licensees or license applicants. This subsection shall not apply to digital images nor licensee signatures required for the issuance of driver's licenses and nondriver's licenses or to biometric data collected from employees of the department of revenue, employees of the office of administration who provide information technology support to the department of revenue, contracted license offices, and contracted manufacturers engaged in the production, processing, or manufacture of driver's licenses or identification cards in positions which require a background check in order to be compliant with the federal REAL ID Act or any rules or regulations promulgated under the authority of such Act. Except as otherwise provided by law, applicants' source documents and Social Security numbers shall not be stored in any database accessible by any other state or the federal government. Such database shall contain only the data fields included on driver's licenses and nondriver identification cards compliant with the federal REAL ID Act, and the driving records of the individuals holding such driver's licenses and nondriver identification cards.

6. Notwithstanding any provision of this chapter that requires an applicant to provide reasonable proof of lawful presence for issuance or renewal of a noncommercial driver's license, noncommercial instruction permit, or a nondriver's license, an applicant shall not have his or her privacy rights violated in order to obtain or renew a Missouri noncommercial driver's license, noncommercial instruction permit, or a nondriver's license.

7. No citizen of this state shall have his or her privacy compromised by the state or agents of the state. The state shall within reason protect the sovereignty of the citizens the state is entrusted to protect. Any data derived from a person's application shall not be sold for commercial purposes to any other organization or any other state without the express permission of the applicant without a court order; except such information may be shared with a law enforcement agency, judge, prosecuting attorney, or officer of the court, or with another state for the limited purposes set out in section 302.600, or for the purposes set forth in section 32.091, or for conducting driver history checks in compliance with the Motor Carrier Safety Improvement Act, 49 U.S.C. Section 31309. The state of Missouri shall protect the privacy of its citizens when handling any written, digital, or electronic data, and shall not participate in any standardized identification system using driver's and nondriver's license records except as provided in this section.

8. Other than to process a request by a license or card holder or applicant, no person shall access, distribute, or allow access to or distribution of any written, digital, or electronic data collected or retained under this section without the express permission of the applicant or a court order, except that such information may be shared with a law enforcement agency, judge, prosecuting attorney, or officer of the court, or with another state for the limited purposes set out in section 302.600 or for conducting driver history checks in compliance with the Motor Carrier Safety Improvement Act, 49 U.S.C. Section 31309. A first violation of this subsection shall be a class A misdemeanor. A second violation of this subsection shall be a class E felony. A third or subsequent violation of this subsection shall be a class D felony.

9. Any person harmed or damaged by any violation of this section may bring a civil action for damages, including noneconomic and punitive damages, as well as injunctive relief, in the circuit court where that person resided at the time of the violation or in the circuit court of Cole County to recover such damages from the department of revenue and any persons participating in such violation. Sovereign immunity shall not be available as a defense for the department of revenue in such an action. In the event the plaintiff prevails on any count of his or her claim, the plaintiff shall be entitled to recover reasonable attorney fees from the defendants.

10. The department of revenue may promulgate rules necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2017, shall be invalid and void.

11. Biometric data, digital images, source documents, and licensee signatures, or any copies of the same, required to be collected or retained to comply with the requirements of the federal REAL ID Act of 2005 shall be digitally retained for no longer than the minimum duration required to maintain compliance, and immediately thereafter shall be securely destroyed so as to make them irretrievable.

12. No agency, department, or official of this state or of any political subdivision thereof shall use, collect, obtain, share, or retain radio frequency identification data from a REAL ID compliant driver's license or identification card issued by a state, nor use the same to uniquely identify any individual.

13. Notwithstanding any provision of law to the contrary, the department of revenue shall not amend procedures for applying for a driver's license or identification card, nor promulgate any rule or regulation, for purposes of complying with modifications made to the federal REAL ID Act of 2005 after August 28, 2017, imposing additional requirements on applications, document retention, or issuance of compliant licenses or cards, including any rules or regulations promulgated under the authority granted under the federal REAL ID Act of 2005, as amended, or any requirements adopted by the American Association of Motor Vehicle Administrators for furtherance thereof.

14. If the federal REAL ID Act of 2005 is modified or repealed such that driver's licenses and identification cards issued by this state that are not compliant with the federal REAL ID Act of 2005 are once again sufficient for federal identification purposes, the department shall not issue a driver's license or identification card that complies with the federal REAL ID Act of 2005 and shall securely destroy, within thirty days, any source documents retained by the department for the purpose of compliance with such Act.

15. The provisions of this section shall expire five years after August 28, 2017.

302.720. 1. Except when operating under an instruction permit as described in this section, no person may drive a commercial motor vehicle unless the person has been issued a commercial driver's license with applicable endorsements valid for the type of vehicle being operated as specified in sections 302.700 to 302.780. A commercial driver's instruction permit shall allow the holder of a valid license to operate a commercial motor vehicle when accompanied by the holder of a commercial driver's license valid for the vehicle being operated and who occupies a seat beside the individual, or reasonably near the individual in the case of buses, for the purpose of giving instruction in driving the commercial motor vehicle. No person may be issued a commercial driver's instruction permit until he or she has passed written tests which comply with the minimum federal standards. A commercial driver's instruction permit shall be **nonrenewable and** valid for the vehicle being operated for a period of not more than ~~[six months]~~ **one year**, and shall not be issued until the permit holder has met all other requirements of sections 302.700 to 302.780, except for the driving test. ~~[A permit holder, unless otherwise disqualified, may be granted one six-month renewal within a one-year period.]~~ The fee for such permit or renewal shall be ~~[five]~~ **ten** dollars. ~~[In the alternative, a commercial driver's instruction permit shall be issued for a thirty-day period to allow the holder of a valid driver's license to operate a commercial motor vehicle if the applicant has completed all other requirements except the driving test. The permit may be renewed for one additional thirty-day period and the fee for the permit and for renewal shall be five dollars.]~~ **The fee for a duplicate commercial driver's instruction permit shall be five dollars.**

2. No person may be issued a commercial driver's license until he has passed written and driving tests for the operation of a commercial motor vehicle which complies with the minimum federal standards established by the Secretary and has satisfied all other requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570), as well as any other requirements imposed by state law. **Beginning January 1, 2020, all applicants for a commercial driver's license shall complete any entry-level driver training program established and required under 49 CFR 380.609.** All applicants for a commercial driver's license shall have maintained the appropriate class of commercial driver's instruction permit issued by this state or any other state for a minimum of fourteen calendar days prior to the date of taking the skills test. Applicants for a hazardous materials endorsement must also meet the requirements of the U.S. Patriot Act of 2001 (Title X of Public Law 107-56) as specified and required by regulations promulgated by the Secretary. Nothing contained in this subsection shall be construed as prohibiting the director from establishing alternate testing formats for those who are functionally illiterate; provided, however, that any such alternate test must comply with the minimum requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570) as established by the Secretary.

(1) The written and driving tests shall be held at such times and in such places as the superintendent may designate. A twenty-five dollar examination fee shall be paid by the applicant upon completion of any written or driving test, except the examination fee shall be waived for applicants seventy years of age or older renewing a license with a school bus endorsement. The director shall delegate the power to conduct the examinations required under sections 302.700 to 302.780 to any member of the highway patrol or any person employed by the highway patrol qualified to give driving examinations. The written test shall only be administered in the English language. No translators shall be allowed for applicants taking the test.

(2) The director shall adopt and promulgate rules and regulations governing the certification of third-party testers by the department of revenue. Such rules and regulations shall substantially comply with the requirements of 49 CFR 383, Section 383.75. A certification to conduct third-party testing shall be valid for one year, and the department shall charge a fee of one hundred dollars to issue or renew the certification of any third-party tester.

(3) Beginning August 28, 2006, the director shall only issue or renew third-party tester certification to community colleges established under chapter 178 or to private companies who own, lease, or maintain their own fleet and administer in-house testing to their employees, or to school districts and their agents that administer in-house testing to the school district's or agent's employees. Any third-party tester who violates any of the rules and regulations adopted and promulgated pursuant to this section shall be subject to having his certification revoked by the department. The department shall provide written notice and an opportunity for the third-party tester to be heard in substantially the same manner as provided in chapter 536. If any applicant submits evidence that he has successfully completed a test administered by a third-party tester, the actual driving test for a commercial driver's license may then be waived.

(4) Every applicant for renewal of a commercial driver's license shall provide such certifications and information as required by the Secretary and if such person transports a hazardous material must also meet the requirements of the U.S. Patriot Act of 2001 (Title X of Public Law 107-56) as specified and required by regulations promulgated by the Secretary. Such person shall be required to take the written test for such endorsement. A twenty-five dollar examination fee shall be paid upon completion of such tests.

(5) The director shall have the authority to waive the driving skills test **and written tests** for any qualified **current or former military service member** applicant for a commercial driver's **instruction permit or a commercial driver's** license who is currently licensed at the time of application for a commercial driver's **instruction permit or** license. The director shall impose conditions and limitations **and require certification and evidence** to restrict the applicants from whom the department may accept **the** alternative requirements for the skills ~~[test]~~ **and written tests** described in federal ~~[regulation]~~ **regulations 49 CFR 383.71 and 49 CFR 383.77**. ~~[An applicant must certify that, during the two-year period immediately preceding application for a commercial driver's license, all of the following apply:~~

- ~~_____ (b) The applicant has not had any license suspended, revoked, or cancelled;~~
- ~~_____ (c) The applicant has not had any convictions for any type of motor vehicle for the disqualifying offenses contained in this chapter or federal rule 49 CFR 383.51(b);~~

- ~~_____ (e) The applicant has not had any conviction for a violation of state or local law relating to motor vehicle traffic control, but not including any parking violation, arising in connection with any traffic accident, and has no record of an accident in which he or she was at fault;~~
- ~~_____ (f) The applicant has been regularly employed within the last ninety days in a military position requiring operation of a commercial motor vehicle and has operated the vehicle for at least sixty days during the two years immediately preceding application for a commercial driver's license. 3. A commercial driver's license or commercial driver's instruction permit may not be issued to a person while the person is disqualified from driving a commercial motor vehicle, when a disqualification is pending in any state or while the person's driver's license is suspended, revoked, or cancelled in any state; nor may a commercial driver's license be issued unless the person first surrenders in a manner prescribed by the director any commercial driver's license issued by another state, which license shall be returned to the issuing state for cancellation.

4. Beginning July 1, 2005, the director shall not issue an instruction permit under this section unless the director verifies that the applicant is lawfully present in the United States before accepting the application. The director may, by rule or regulation, establish procedures to verify the lawful presence of the applicant under this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536.

5. Notwithstanding the provisions of this section or any other law to the contrary, beginning August 28, 2008, the director of the department of revenue shall certify as a third-party tester any municipality that owns, leases, or maintains its own fleet that requires certain employees as a condition of employment to hold a valid commercial driver's license; and that administered in-house testing to such employees prior to August 28, 2006.

302.768. 1. 3. An applicant certifying to operation in nonexcepted interstate or nonexcepted intrastate commerce shall provide the state with an original or copy of a current medical examiner's certificate or a medical examiner's certificate accompanied by a medical variance or waiver, **until such time as the medical examiner's certificate information is received electronically through the Federal Motor Carrier Safety Administration approved verification system**. The state shall retain the ~~[original or copy of the]~~ documentation of physical qualification for a minimum of three years beyond the date the certificate was issued.

4. Applicants certifying to operation in nonexcepted interstate commerce or nonexcepted intrastate commerce shall provide ~~[an]~~ updated medical certificate or variance ~~[documents]~~ **information** to maintain a certified status during the term of the commercial driver's license or commercial driver's instruction permit in order to retain commercial privileges.

5. The director shall post the medical examiner's certificate of information, medical variance if applicable, the applicant's self-certification and certification status to the Missouri driver record within ten calendar days and such information will become part of the CDLIS driver record.

6. Applicants certifying to operation in nonexcepted interstate commerce or nonexcepted intrastate commerce who fail to provide or maintain a current medical examiner's certificate, or if the state has received notice of a medical variance or waiver expiring or being rescinded, the state shall, within ten calendar days, update the driver's medical certification status to "not certified". The state shall notify the driver of the change in certification status and require the driver to annually comply with requirements for a commercial driver's license downgrade within sixty days of the expiration of the applicant certification.

7. The department of revenue may, by rule, establish the cost and criteria for submission of updated medical certification status information as required under this section.

8. Any person who falsifies any information in an application for or update of medical certification status information for a commercial driver's license shall not be licensed to operate a commercial motor vehicle, or the person's commercial driver's license shall be cancelled for a period of one year after the director discovers such falsification.

9. The director may promulgate rules and regulations necessary to administer and enforce this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void."; and

House Amendment No. 1
to
House Amendment No. 12

AMEND House Amendment No. 12 to House Committee Substitute for Senate Committee Substitute for Senate Bill No. 147, Page 1, Line 4, by inserting before the number "307.375" the following:

"302.720. 1. Except when operating under an instruction permit as described in this section, no person may drive a commercial motor vehicle unless the person has been issued a commercial driver's license with applicable endorsements valid for the type of vehicle being operated as specified in sections 302.700 to 302.780. A commercial driver's instruction permit shall allow the holder of a valid license to operate a commercial motor vehicle when accompanied by the holder of a commercial driver's license valid for the vehicle being operated and who occupies a seat beside the individual, or reasonably near the individual in the case of buses, for the purpose of giving instruction in driving the commercial motor vehicle. No person may be issued a commercial driver's instruction permit until he or she has passed written tests which comply with the minimum federal standards.

A commercial driver's instruction permit shall be valid for the vehicle being operated for a period of not more than six months, and shall not be issued until the permit holder has met all other requirements of sections 302.700 to 302.780, except for the driving test. A permit holder, unless otherwise disqualified, may be granted one six-month renewal within a one-year period. The fee for such permit or renewal shall be five dollars. In the alternative, a commercial driver's instruction permit shall be issued for a thirty-day period to allow the holder of a valid driver's license to operate a commercial motor vehicle if the applicant has completed all other requirements except the driving test. The permit may be renewed for one additional thirty-day period and the fee for the permit and for renewal shall be five dollars.

2. No person may be issued a commercial driver's license until he has passed written and driving tests for the operation of a commercial motor vehicle which complies with the minimum federal standards established by the Secretary and has satisfied all other requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570), as well as any other requirements imposed by state law. All applicants for a commercial driver's license shall have maintained the appropriate class of commercial driver's instruction permit issued by this state or any other state for a minimum of fourteen calendar days prior to the date of taking the skills test. Applicants for a hazardous materials endorsement must also meet the requirements of the U.S. Patriot Act of 2001 (Title X of Public Law 107-56) as specified and required by regulations promulgated by the Secretary. Nothing contained in this subsection shall be construed as prohibiting the director from establishing alternate testing formats for those who are functionally illiterate; provided, however, that any such alternate test must comply with the minimum requirements of the Commercial Motor Vehicle Safety Act of 1986 (Title XII of Pub. Law 99-570) as established by the Secretary.

(1) The written and driving tests shall be held at such times and in such places as the superintendent may designate. A twenty-five dollar examination fee shall be paid by the applicant upon completion of any written or driving test, except the examination fee shall be waived for applicants seventy years of age or older renewing a license with a school bus endorsement. The director shall delegate the power to conduct the examinations required under sections 302.700 to 302.780 to any member of the highway patrol or any person employed by the highway patrol qualified to give driving examinations. The written test shall only be administered in the English language. No translators shall be allowed for applicants taking the test.

(2) The director shall adopt and promulgate rules and regulations governing the certification of third-party testers by the department of revenue. **The director shall not require a minimum number of skills tests greater than ten for any school district operating as a third-party tester.** Such rules and regulations shall substantially comply with the requirements of 49 CFR 383, Section 383.75. A certification to conduct third-party testing shall be valid for one year, and the department shall charge a fee of one hundred dollars to issue or renew the certification of any third-party tester.

(3) Beginning August 28, 2006, the director shall only issue or renew third-party tester certification to community colleges established under chapter 178 or to private companies who own, lease, or maintain their own fleet and administer in-house testing to their employees, or to school districts and their agents that administer in-house testing to the school district's or agent's employees. Any third-party tester who violates any of the rules and regulations adopted and promulgated pursuant to this section shall be subject to having his certification revoked by the department. The department shall provide written notice and an opportunity for the third-party tester to be heard in substantially the same manner as provided in chapter 536. If any applicant submits evidence that he has successfully completed a test administered by a third-party tester, the actual driving test for a commercial driver's license may then be waived.

(4) Every applicant for renewal of a commercial driver's license shall provide such certifications and information as required by the Secretary and if such person transports a hazardous material must also meet the requirements of the U.S. Patriot Act of 2001 (Title X of Public Law 107-56) as specified and required by regulations promulgated by the Secretary. Such person shall be required to take the written test for such endorsement. A twenty-five dollar examination fee shall be paid upon completion of such tests.

(5) The director shall have the authority to waive the driving skills test for any qualified military applicant for a commercial driver's license who is currently licensed at the time of application for a commercial driver's license. The director shall impose conditions and limitations to restrict the applicants from whom the department may accept alternative requirements for the skills test described in federal regulation 49 CFR 383.77. An applicant must certify that, during the two-year period immediately preceding application for a commercial driver's license, all of the following apply:

- (a) The applicant has not had more than one license;
- (b) The applicant has not had any license suspended, revoked, or cancelled;

(c) The applicant has not had any convictions for any type of motor vehicle for the disqualifying offenses contained in this chapter or federal rule 49 CFR 383.51(b);

(d) The applicant has not had more than one conviction for any type of motor vehicle for serious traffic violations;

(e) The applicant has not had any conviction for a violation of state or local law relating to motor vehicle traffic control, but not including any parking violation, arising in connection with any traffic accident, and has no record of an accident in which he or she was at fault;

(f) The applicant has been regularly employed within the last ninety days in a military position requiring operation of a commercial motor vehicle and has operated the vehicle for at least sixty days during the two years immediately preceding application for a commercial driver's license. The vehicle must be representative of the commercial motor vehicle the driver applicant operates or expects to operate;

(g) The applicant, if on active duty, must provide a notarized affidavit signed by a commanding officer as proof of driving experience as indicated in paragraph (f) of this subdivision;

(h) The applicant, if honorably discharged from military service, must provide a form-DD214 or other proof of military occupational specialty;

(i) The applicant must meet all federal and state qualifications to operate a commercial vehicle; and

(j) The applicant will be required to complete all applicable knowledge tests.

3. A commercial driver's license or commercial driver's instruction permit may not be issued to a person while the person is disqualified from driving a commercial motor vehicle, when a disqualification is pending in any state or while the person's driver's license is suspended, revoked, or cancelled in any state; nor may a commercial driver's license be issued unless the person first surrenders in a manner prescribed by the director any commercial driver's license issued by another state, which license shall be returned to the issuing state for cancellation.

4. Beginning July 1, 2005, the director shall not issue an instruction permit under this section unless the director verifies that the applicant is lawfully present in the United States before accepting the application. The director may, by rule or regulation, establish procedures to verify the lawful presence of the applicant under this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536.

5. Notwithstanding the provisions of this section or any other law to the contrary, beginning August 28, 2008, the director of the department of revenue shall certify as a third-party tester any municipality that owns, leases, or maintains its own fleet that requires certain employees as a condition of employment to hold a valid commercial driver's license; and that administered in-house testing to such employees prior to August 28, 2006."; and
