

# JOURNAL OF THE HOUSE

First Regular Session, 100th GENERAL ASSEMBLY

SEVENTY-FIRST DAY, THURSDAY, MAY 16, 2019

The House met pursuant to adjournment.

Speaker Haahr in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicky, Chaplain.

*This is the day which the Lord has made; we will rejoice and be glad in it. (Psalm 118:24)*

Our Heavenly Creator, we bow before this altar of prayer with hearts overflowing with gratitude because You have been so wonderfully good to us. We are what we are and we have what we have not because we deserve it, not because we have earned it, but because Your goodness has come to us, Your strength has made us strong, Your love has guided us, and Your presence has blessed us all our days.

Help us to be worthy of Your gifts and to use each day for Your glory, for the good of our great state and for the welfare of our fellow citizens. Thus may these last hours be a glorious adventure in great political living in this historic chamber.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Blane Ray.

The Journal of the seventieth day was approved as printed by the following vote:

On motion of Representative Hill, the title of **SS SB 414** was agreed to.

Speaker Pro Tem Wiemann assumed the Chair.

Representative Roden offered **House Amendment No. 1**.

*House Amendment No. 1*

AMEND Senate Substitute for Senate Bill No. 414, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

**"105.261. 1. For purposes of this section, the term "public employer" shall mean the state of Missouri, or any office, agency, department, bureau, division, board, or commission of the state, or any school district, political subdivision, or special district within the state.**

2. Notwithstanding any provisions of law to the contrary, employees of a public employer shall be allowed to donate their accrued sick leave to a shared pool which can be used by other public employees in this state who are eligible for sick leave but who have exhausted their own personal sick leave balances. The commissioner of administration shall design the shared pool described in this subsection. The commissioner shall collaborate with the chief administrative officers of all public employers to allow for the employees of such employers to donate to and draw from the shared pool. No employee of a public employer shall be allowed to donate his or her accrued sick leave to such a pool in any amount which would reduce such employee's own personal sick leave balance below an amount equal to the greater of eighty hours or the standard number of hours worked by such employee within a two-week period.

3. The commissioner of administration may promulgate rules as necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2019, shall be invalid and void.

105.263. 1. For purposes of this section, the term "public employee" shall mean any employee of the state of Missouri, or of any office, agency, department, bureau, division, board, or commission of the state, or of any school district, political subdivision, or special district within the state.

2. Notwithstanding any provisions of law to the contrary, any public employee who has exhausted all available leave granted under the provisions of the Family and Medical Leave Act of 1993, as amended, 29 U.S.C. Section 2601, et seq., in connection with a cancer diagnosis for such employee's spouse or child shall be granted an extension of such leave for a period of up to one year.

3. No public employee shall be penalized for requesting or obtaining an extension of leave under this section.

4. The commissioner of administration may promulgate rules as necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2019, shall be invalid and void.

287.067. 1. (1) In this chapter the term "occupational disease" is hereby defined to mean, unless a different meaning is clearly indicated by the context, an identifiable disease arising with or without human fault out of and in the course of the employment. Ordinary diseases of life to which the general public is exposed outside of the employment shall not be compensable, except where the diseases follow as an incident of an occupational disease as defined in this section. The disease need not to have been foreseen or expected but after its contraction it must appear to have had its origin in a risk connected with the employment and to have flowed from that source as a rational consequence.

(2) For purposes of this section, the following terms mean:

(a) "Hazardous duty", the same meaning given to the term under 5 CFR 550.902, as amended;

(b) "Psychological stress" or "mental disorder", a condition, whether sudden or gradual in onset, that is diagnosed by a psychiatrist or psychologist and that requires medical services or results in physical or mental disability.

2. An injury or death by occupational disease is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The "prevailing factor" is defined to be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

3. An injury due to repetitive motion is recognized as an occupational disease for purposes of this chapter. An occupational disease due to repetitive motion is compensable only if the occupational exposure was the prevailing factor in causing both the resulting medical condition and disability. The "prevailing factor" is defined to

be the primary factor, in relation to any other factor, causing both the resulting medical condition and disability. Ordinary, gradual deterioration, or progressive degeneration of the body caused by aging or by the normal activities of day-to-day living shall not be compensable.

4. "Loss of hearing due to industrial noise" is recognized as an occupational disease for purposes of this chapter and is hereby defined to be a loss of hearing in one or both ears due to prolonged exposure to harmful noise in employment. "Harmful noise" means sound capable of producing occupational deafness.

5. "Radiation disability" is recognized as an occupational disease for purposes of this chapter and is hereby defined to be that disability due to radioactive properties or substances or to Roentgen rays (X-rays) or exposure to ionizing radiation caused by any process involving the use of or direct contact with radium or radioactive properties or substances or the use of or direct exposure to Roentgen rays (X-rays) or ionizing radiation.

6. **(1) Disease of the lungs or respiratory tract, hypotension, hypertension, or disease of the heart or cardiovascular system, including carcinoma, may be recognized as occupational diseases for the purposes of this chapter and are defined to be disability due to exposure to smoke, gases, carcinogens, or inadequate oxygen, of paid or volunteer firefighters of a [paid] fire department or paid or volunteer police officers of a [paid] police department certified under chapter 590 if a direct causal relationship is established[~~ed~~]. Psychological stress and mental disorders may be recognized as occupational diseases for the purposes of this chapter and are defined to be disability due to exposure to stressful events of paid or volunteer firefighters, paramedics, and emergency medical technicians of a [paid] fire department or fire district or [paid] peace officers of a police department who are certified under chapter 590 if [a direct causal relationship] the psychological stress or mental disorder is established as having arisen from exposure to the stressful event or events.**

**(2) (a) Notwithstanding the provisions of any other law, cancer contracted by a paid firefighter who has been assigned to at least five years of hazardous duty as a firefighter or cancer contracted by a volunteer firefighter who has been assigned to at least ten years of hazardous duty as a firefighter constitutes a presumption that the cancer meets the definition of occupational disease under subsection 1 of this section and is compensable under the requirements of subsections 1 and 2 of this section if the firefighter was exposed to an agent classified by the International Agency for Research on Cancer or its successor organization as a group 1 or 2A carcinogen.**

**(b) The presumption described in paragraph (a) of this subdivision is rebuttable in any of the following situations:**

**a. There is evidence that the firefighter's exposure, outside the scope of the firefighter's official duties, to cigarettes, tobacco products, or other conditions presenting an extremely high risk for the development of the cancer alleged, was probably a significant factor in the cause or progression of the cancer;**

**b. There is evidence that the firefighter was not exposed to an agent classified by the International Agency for Research on Cancer as a group 1 or 2A carcinogen;**

**c. There is evidence that the firefighter incurred the type of cancer alleged before becoming a member of the fire department; or**

**d. The firefighter is sixty-five years of age or older.**

**(c) The presumption described under paragraph (a) of this subdivision does not apply if it has been more than ten years since the firefighter was last assigned to hazardous duty as a firefighter or if the firefighter has retired from his or her employment as a firefighter.**

**(d) Compensation for cancer contracted by a firefighter in the course of hazardous duty under paragraph (a) of this subdivision is payable only in the event of temporary total disability, permanent total disability, or death, in accordance with sections 287.170, 287.200, and 287.230.**

**(e) This subdivision shall apply to paid and volunteer firefighters of all fire departments of all counties, cities, towns, fire districts, and other government units.**

**(f) This subdivision applies only to claims arising on or after August 28, 2019.**

7. Any employee who is exposed to and contracts any contagious or communicable disease arising out of and in the course of his or her employment shall be eligible for benefits under this chapter as an occupational disease.

8. With regard to occupational disease due to repetitive motion, if the exposure to the repetitive motion which is found to be the cause of the injury is for a period of less than three months and the evidence demonstrates that the exposure to the repetitive motion with the immediate prior employer was the prevailing factor in causing the injury, the prior employer shall be liable for such occupational disease.

**9. (1) Psychological stress or mental disorder of a paid, volunteer, or retired firefighter, paramedic, or emergency medical technician of a fire department or fire district or paid peace officer of a paid police department certified under chapter 590 shall be presumed as an occupational disease that was contracted in the course and scope of employment.**

(2) A paid, volunteer, or retired firefighter, paramedic, or emergency medical technician of a fire department or fire district or paid peace officer of a paid police department certified under chapter 590 who is diagnosed with post-traumatic stress disorder, psychological stress, or mental disorder during employment or during volunteer service or within three years of the last active date of employment or volunteer service shall be eligible for compensation benefits as otherwise provided for in this chapter, with no showing regarding causality required.

10. The psychological stress or mental disorder presumption described in subdivision (1) of subsection 9 of this section shall be rebuttable if:

(1) There is evidence that the condition existed before the commencement of employment or volunteer service;

(2) The prevailing factor in causing the condition is a factor unrelated to the employment or volunteer service; or

(3) The prevailing factor in causing the condition is an exposure occurring outside the scope of employment or volunteer service.

590.1200. 1. For purposes of this section, the following terms mean:

(1) "Live video broadcast", any video broadcast made during a tactical law enforcement operation, including time-delayed broadcasts;

(2) "Tactical law enforcement operation":

(a) A situation in which law enforcement officers are deployed by reason of a person holding one or more hostages;

(b) A situation in which law enforcement officers are deployed for the purpose of taking into custody an armed person who refuses to surrender to law enforcement; or

(c) Any other situation in which tactical law enforcement forces are deployed by reason of an emergency involving danger to the law enforcement officers or to the public.

2. Any law enforcement agency may declare that a tactical law enforcement operation is subject to the provisions of this section and may designate a boundary for the purpose of the prohibitions of this section. Any person who is aware that a law enforcement agency has made a declaration under this section shall not make live video broadcasts displaying events within the boundary established by the law enforcement agency.

3. Any person who knowingly violates the provisions of subsection 2 of this section is strictly liable for any injury, death, or other damage that may arise out of the violation, including any injury, death, or other damage that may arise out of the live video broadcasts of the tactical law enforcement operation.

4. Any person who complies with the requirements of subsection 2 of this section is immune from any civil liability for any injury, death, or other damage that may arise out of the live video broadcasts or other reporting that relates to the tactical law enforcement operation or the events surrounding the operation.

5. Penalties under this section may be imposed against the person making the live video broadcast and against any employee of a media outlet responsible for directing or authorizing the broadcast.

6. Any person who violates the provisions of subsection 2 of this section shall be subject to a civil penalty not to exceed ten thousand dollars."; and

Further amend said bill, Page 4, Section B, Lines 2 and 5, by inserting before each instance of the words "section A" the words "sections 376.1180 and 376.1182"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Representative Lynch offered **House Amendment No. 1**.

*House Amendment No. 1*

AMEND Senate Bill No. 228, Page 1, Section A, Line 2, by inserting after all of said line the following:

"288.100. 1. (1) The division shall maintain a separate account for each employer which is paying contributions, and shall credit each employer's account with all contributions which each employer has paid. A separate account shall be maintained for each employer making payments in lieu of contributions to which shall be credited all such payments made. The account shall also show payments due as provided in section 288.090. The division may close and cancel such separate account after a period of four consecutive calendar years during which such employer has had no employment in this state subject to contributions. Nothing in this law shall be construed to grant any employer or individuals in the employer's service prior claims or rights to the amounts paid by the

employer into the fund either on the employer's own behalf or on behalf of such individuals. Except as provided in subdivision (4) of this subsection, regular benefits and that portion of extended benefits not reimbursed by the federal government paid to an eligible individual shall be charged against the accounts of the individual's base period employers who are paying contributions subject to the provisions of subdivision (4) of subsection 3 of section 288.090. With respect to initial claims filed after December 31, 1984, for benefits paid to an individual based on wages paid by one or more employers in the base period of the claim, the amount chargeable to each employer shall be obtained by multiplying the benefits paid by a ratio obtained by dividing the base period wages from such employer by the total wages appearing in the base period. Except as provided in this subdivision, the maximum amount of extended benefits paid to an individual and charged against the account of any employer shall not exceed one-half of the product obtained by multiplying the benefits paid by a ratio obtained by dividing the base period wages from such employer by the total wages appearing in the base period. The provisions of this subdivision notwithstanding, with respect to weeks of unemployment beginning after December 31, 1978, the maximum amount of extended benefits paid to an individual and charged against the account of an employer which is an employer ~~[pursuant to]~~ **under** subdivision (3) of subsection 1 of section 288.032 and which is paying contributions ~~[pursuant to]~~ **under** subsections 1 and 2 of section 288.090 shall not exceed the calculated entitlement for the extended benefit claim based upon the wages appearing within the base period of the extended benefit claim.

(2) Beginning as of June 30, 1951, and as of June thirtieth of each year thereafter, any unassigned surplus in the unemployment compensation fund which is five hundred thousand dollars or more in excess of five-tenths of one percent of the total taxable wages paid by all employers for the preceding calendar year as shown on the division's records on such June thirtieth shall be credited on a pro rata basis to all employer accounts having a credit balance in the same ratio that the balance in each such account bears to the total of the credit balances subject to use for rate calculation purposes for the following year in all such accounts on the same date. As used in this subdivision, the term "unassigned surplus" means the amount by which the total cash balance in the unemployment compensation fund exceeds a sum equal to the total of all employer credit account balances. The amount thus prorated to each separate employer's account shall for tax rating purposes be considered the same as contributions paid by the employer and credited to the employer's account for the period preceding the calculation date except that no such amount can be credited against any contributions due or that may thereafter become due from such employer.

(3) At the conclusion of each calendar quarter the division shall, within thirty days, notify each employer by mail of the benefits paid to each claimant by week as determined by the division which have been charged to such employer's account subsequent to the last notice.

(4) (a) No benefits based on wages paid for services performed prior to the date of any act for which a claimant is disqualified ~~[pursuant to]~~ **under** section 288.050 shall be chargeable to any employer directly involved in such disqualifying act.

(b) In the event the deputy has in due course determined ~~[pursuant to]~~ **under** paragraph (a) of subdivision (1) of subsection 1 of section 288.050 that a claimant quit his or her work with an employer for the purpose of accepting a more remunerative job with another employer which the claimant did accept and earn some wages therein, no benefits based on wages paid prior to the date of the quit shall be chargeable to the employer the claimant quit.

(c) In the event the deputy has in due course determined ~~[pursuant to]~~ **under** paragraph (b) of subdivision (1) of subsection 1 of section 288.050 that a claimant quit temporary work in employment with an employer to return to the claimant's regular employer, then, only for the purpose of charging base period employers, all of the wages paid by the employer who furnished the temporary employment shall be combined with the wages actually paid by the regular employer as if all such wages had been actually paid by the regular employer. Further, charges for benefits based on wages paid for part-time work shall be removed from the account of the employer furnishing such part-time work if that employer continued to employ the individual claiming such benefits on a regular recurring basis each week of the claimant's claim to at least the same extent that the employer had previously employed the claimant and so informs the division within thirty days from the date of notice of benefit charges.

(d) No charge shall be made against an employer's account in respect to benefits paid an individual if the gross amount of wages paid by such employer to such individual is four hundred dollars or less during the individual's base period on which the individual's benefit payments are based. Further, no charge shall be made against any employer's account in respect to benefits paid any individual unless such individual was in employment with respect to such employer longer than a probationary period of ~~[twenty-eight]~~ **ninety** days, if such probationary period of employment has been reported to the division as required by regulation.

(e) In the event the deputy has in due course determined ~~[pursuant to]~~ **under** paragraph (c) of subdivision (1) of subsection 1 of section 288.050 that a claimant is not disqualified, no benefits based on wages paid for work prior to the date of the quit shall be chargeable to the employer the claimant quit.

(f) In the event the deputy has in due course determined under paragraph (e) of subdivision (1) of subsection 1 of section 288.050 that a claimant is not disqualified, no benefits based on wages paid for work prior to the date of the quit shall be chargeable to the employer the claimant quit.

(g) Nothing in paragraph (b), (c), (d), (e), or (f) of this subdivision shall in any way affect the benefit amount, duration of benefits or the wage credits of the claimant.

2. The division may prescribe regulations for the establishment, maintenance, and dissolution of joint accounts by two or more employers, and shall, in accordance with such regulations and upon application by two or more employers to establish such an account, or to merge their several individual accounts in a joint account, maintain such joint account as if it constituted a single employer's account.

3. The division may by regulation provide for the compilation and publication of such data as may be necessary to show the amounts of benefits not charged to any individual employer's account classified by reason no such charge was made and to show the types and amounts of transactions affecting the unemployment compensation fund."; and
