FISCAL ANALYSIS

ASSUMPTION

§568.150 - Unlawful harboring of a minor

For the purpose of this proposed legislation, officials from the **Office of State Public Defender (SPD)** state they cannot assume that existing staff will provide effective representation for any new cases arising where indigent persons are charged with the proposed new crime of Unlawful Harboring of a Minor - a new class A misdemeanor. The Missouri State Public Defender System is currently providing legal representation in caseloads in excess of recognized standards.

As this is a new offense, the SPD does not have any pertinent caseload information.

While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional funding for this specific bill, the SPD will continue to request sufficient appropriations to provide effective representation in all cases where the right to counsel attaches.

Oversight notes over the last three fiscal years, the SPD has lapsed a total of \$153 of General Revenue appropriations (\$2 out of \$28.0 million in FY 2017; \$150 out of \$42.5 million in FY 2018; and \$1 out of \$46.0 million in FY 2019). Therefore, Oversight assumes the SPD is at maximum capacity, and the increase in workload resulting from this bill cannot be absorbed with SPD's current resources.

Adding one additional Assistant Public Defender 1 (APD) with a starting salary of \$47,000, will cost approximately \$74,500 per year in personal service and fringe benefit costs. One additional APD II (\$52,000 per year; eligible for consideration after 1 year of successful performance at APD I) will cost the state approximately \$81,000 per year in personal service and fringe benefit costs. When expense and equipment costs such as travel, training, furniture, equipment and supplies are included, Oversight assumes the cost for a new APD could approach \$100,000 per year.

Oversight assumes the SPD cannot absorb the additional caseload that may result from this proposal within their existing resources and, therefore, will reflect a potential additional cost of (Less than \$100,000) per year to the General Revenue Fund.

Officials from the **Missouri Office of Prosecution Services (MOPS)** assume the proposal will have no measurable fiscal impact on MOPS. The creation of a new crime creates additional responsibilities for county prosecutors which may, in turn, result in additional costs, which are difficult to determine.

ASSUMPTION (continued)

Oversight notes the **Department of Public Safety - Missouri State Highway Patrol**, the **Department of Social Services**, the **Office of State Courts Administrator**, the **Springfield Police Department**, the **St. Louis County Police Department**, and the **St. Louis County Department of Justice Services** have each stated the proposal would not have a direct fiscal impact on their respective organizations. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other police and sheriff's departments were requested to respond to this proposed legislation but did not. A general listing of political subdivisions included in our database is available upon request.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

This bill creates the offense of unlawful harboring of a minor as a class A misdemeanor when a person provides shelter to a minor without consent of a parent and if the person fails to cooperate with law enforcement in trying to locate or take the minor into custody.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
