FISCAL ANALYSIS

ASSUMPTION

Officials at the **Department of Commerce and Insurance** and the **State Tax Commission** each assume no fiscal impact to their respective agencies from this proposal.

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the Governor.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

In response to a previous version, officials at the **Missouri Department of Transportation** assumed no fiscal impact from this proposal.

Oversight notes the Department of Commerce and Insurance, the State Tax Commission and the Missouri Department of Transportation have stated the proposal would not have a direct fiscal impact on their organizations. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note for these agencies.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other 4th class cities with populations up to 2,000 were requested to respond to this proposed legislation, but did not. A general listing of political subdivisions included in our database is available upon request.

Oversight notes this proposal modifies the appointment qualifications for members of boards and commissions in certain cities to include any resident who manages a city's municipal utilities upon certain conditions. Oversight assumes this modification is codifying statute and will not have a direct fiscal impact on local governments.

<u>FISCAL IMPACT - State Government</u>	FY 2021 (10 Mo.)	FY 2022	FY 2023

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
