

HJR 90 -- VOTING RIGHTS

SPONSOR: Merideth

Upon voter approval, this proposed Constitutional amendment creates an early voting period and regulations for additional satellite voting sites based on population size. Voting may be conducted in-person or by mail during the early voting period and procedures for election administration are specified in the amendment. The early voting period begins the sixth Tuesday prior to election day.

The amendment also allows automatic voter registration based on information that is provided by the Missouri Department of Revenue to the office of the Secretary of State. The office of the Secretary of State will provide recommendations to local election authorities who retain authority to verify voter registration and remove voters from lists based on general law.

This bill is the same as HJR 5 (2019).
