

HOUSE AMENDMENT NO. _____
TO
HOUSE AMENDMENT NO. _____

Offered By

1 AMEND House Amendment No. _____ to House Committee Substitute for Senate Substitute No. 2
2 for Senate Bill No. 26, Page 1, Line 1, by inserting after the phrase "Senate Bill No. 26," the
3 following:

4
5 "Page 1, Section 67.030, Line 14, by inserting after all of said section and line the following:

6
7 "67.301. 1. Notwithstanding any provision to the contrary, no city, county, town, village, or
8 political subdivision shall adopt or enforce any ordinance, order, or regulation that:

9 (1) Requires a permit for the installation or use of a battery-charged fence in addition to an
10 alarm system permit issued by such city, county, town, village, or political subdivision;

11 (2) Imposes installation or operational requirements for the battery-charged fence that do
12 not comply with either:

13 (a) The standards set by the International Electrotechnical Commission, as published June
14 29, 2018; or

15 (b) The requirements of the definition of a "battery-charged fence" under subsection 2 of
16 this section; or

17 (3) Prohibits the installation or use of a battery-charged fence.

18 2. As used in this section, the following terms mean:

19 (1) "Alarm system", an alarm system for which a permit may be issued by a political
20 subdivision;

21 (2) "Battery-charged fence", a fence that:

22 (a) Interfaces with an alarm system in a manner that enables the fence to cause the
23 connected alarm system to transmit a signal intended to summon law enforcement in response to a
24 burglary;

25 (b) Is located on property that is not designated by a city, county, town, village, or political
26 subdivision for residential use;

27 (c) Has an energizer that is powered by a commercial storage battery that is no more than
28 twelve volts of direct current and that periodically delivers voltage impulses to the fence;

29 (d) Produces an electric charge that does not exceed energizer characteristics set for electric
30 fence energizers by the International Electrotechnical Commission, as published in the
31 Commission's standard on June 29, 2018;

32 (e) Is completely surrounded by a nonelectric perimeter fence or wall that is no less than
33 five feet in height;

34 (f) Is no more than ten feet in height or, if part of a nonelectric fence or wall, no more than

Action Taken _____ Date _____

1 two feet higher than the nonelectric fence or wall, whichever is higher; and

2 (g) Is marked with conspicuous warning signs that are located on the battery-charged fence
3 at intervals no more than sixty feet apart and that read "WARNING: ELECTRIC FENCE".

4 3. Upon installation of a battery-charged fence, an installer shall deliver written notice to the
5 chief administrator of the city, county, town, village, or political subdivision that:

6 (1) States that the battery-charged fence was installed;

7 (2) States the street address of the battery-charged fence; and

8 (3) Includes a certification that the battery-charged fence satisfies the definition of a
9 "battery-charged fence" under subsection 2 of this section and the standards for electric fence
10 energizers set by the International Electrotechnical Commission, as published in the Commission's
11 standard on June 29, 2018."; and

12
13 Further amend said bill,"; and

14
15 Further amend said bill by amending the title, enacting clause, and intersectional references
16 accordingly.

17
18 THIS AMENDS NO. 0828H05.30H.
