FISCAL ANALYSIS

ASSUMPTION

§191.227 – Copies of medical records

Officials from the **University of Missouri Health Care (UMHC)** have reviewed the proposed legislation and have determined that as written it should not create additional expenses in excess of \$100,000 annually.

Based on previous conversations with UMHC officials, **Oversight** has determined that \$100,000 is the threshold for absorbable expenses for UMHC. Therefore, Oversight will reflect no fiscal impact for UMHC for fiscal note purposes.

Officials from the **Department of Commerce and Insurance**, the **Department of Health and Senior Services**, the **Department of Mental Health**, the **Department of Labor and Industrial Relations**, the **Department of Public Safety - Missouri Veterans Commission**, the **Department of Social Services** and the **Hermann Area District Hospital** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other hospitals were requested to respond to this proposed legislation but did not. A general listing of political subdivisions included in our database is available upon request.
