FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of the Secretary of State (SOS)** state each year, a number of joint resolutions that would refer to a vote of the people a constitutional amendment and bills that would refer to a vote of the people the statutory issue in the legislation may be considered by the General Assembly.

Unless a special election is called for the purpose, Joint Resolutions proposing a constitutional amendment are submitted to a vote of the people at the next general election. Article XII section 2(b) of the Missouri Constitution authorizes the Governor to order a special election for constitutional amendments referred to the people. If a special election is called to submit a Joint Resolution to a vote of the people, section 115.063.2 RSMo requires the state to pay the costs. The cost of the special election has been estimated to be \$7 million based on the cost of the 2020 Presidential Preference Primary.

The Secretary of State's office is required to pay for publishing in local newspapers the full text of each statewide ballot measure as directed by Article XII, Section 2(b) of the Missouri Constitution and Section 116.230-116.290, RSMo. Funding for this item is adjusted each year depending upon the election cycle. A new decision item is requested in odd numbered fiscal years and the amount requested is dependent upon the estimated number of ballot measures that will be approved by the General Assembly and the initiative petitions certified for the ballot. In FY 2014, the General Assembly changed the appropriation so that it was no longer an estimated appropriation.

In FY19, over \$5.8 million was spent to publish the full text of the measures for the August and November elections. The SOS estimates \$65,000 per page for the costs of publications based on the actual cost incurred for the one referendum that was on the August 2018 ballot.

The Secretary of State's office will continue to assume, for the purposes of this fiscal note, that it should have the full appropriation authority it needs to meet the publishing requirements. Because these requirements are mandatory, we reserve the right to request funding to meet the cost of our publishing requirements if the Governor and the General Assembly again change the amount or continue to not designate it as an estimated appropriation.

Oversight has reflected, in this fiscal note, the state potentially reimbursing local political subdivisions the cost of having this joint resolution voted on during a special election in fiscal year 2022. This reflects the decision made by the Joint Committee on Legislative Research that the cost of the elections should be shown in the fiscal note. The next scheduled statewide primary election is in August 2022 and the next scheduled general election is in November 2022 (both in FY 2023). It is assumed the subject within this proposal could be on one of these ballots; however, it could also be on a special election called for by the Governor (a different date).

Therefore, Oversight will reflect a potential election cost reimbursement to local political subdivisions in FY 2022.

Officials from the **Department of Public Safety - Missouri National Guard (MNG)** believe there is a potential fiscal impact of \$150,000 - \$200,000 to our personal services. This potential impact would cause reorganizing into a department structure which would create Division Directors, a Deputy Director and Department Director. The unknown at this time is our ability to pay a percentage of certain employees with federal money depending on their funding source and involvement with military missions.

Oversight will reflect the cost of implementation of the joint resolution (if passed by the voters) on the fiscal note for the enabling legislation (such as for HB 60).

Officials from the **Department of Public Safety - Office of the Director** assume the proposal will have no fiscal impact on their organization. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

FISCAL IMPACT – Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

Upon voter approval, this proposed Constitutional amendment would establish a "Department of Defense" under the charge of the Adjutant General appointed by the Governor, with the advice and consent of the Senate, charged with providing the state militia and other defense and security mechanisms as may be required.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
