**FISCAL ANALYSIS**

**ASSUMPTION**

Officials from the **Department of Commerce and Insurance** assume the proposal will have no fiscal impact on their organization. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

**Oversight** notes the county commission who has oversight over trust funds may use the principal of the trust fund to maintain and beautify cemeteries as they deem necessary. Oversight assumes this language in the proposal allows a commission to utilize additional funds not previously allowed in order to maintain and beautify cemeteries as they deem necessary. Oversight sees this as a change in policy for county commissions and will reflect a zero impact in the fiscal note.

**Oversight** only reflects the responses that we have received from state agencies and political subdivisions; however, other counties were requested to respond to this proposed legislation but did not. A general listing of political subdivisions included in our database is available upon request.

FISCAL DESCRIPTION

This bill authorizes county commissions to use a part of the principal of a cemetery trust fund for the support and maintenance of the cemetery when the net income of the trust fund is insufficient for those purposes.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
