FISCAL ANALYSIS

ASSUMPTION

Officials from the **Missouri Department of Revenue (DOR)** state this proposed legislation extends the Agricultural Product Utilization Contributor Tax Credit program and the New Generation Cooperative Incentive Tax Credit program from December 31, 2021 to December 31, 2027. These credits **share** a \$6 million annual cap.

For information purposes, DOR shows the issuance and redemption of these credits over the last nine (9) years. These credits began in 1999.

DOR assumes this proposed legislation will not have any further fiscal impact on DOR or General Revenue (GR) as a result of the extended expiration date.

Oversight notes this proposed legislation extends the expiration date for the Agricultural Product Utilization Contributor Tax Credit, as authorized under Section 348.430 and the New Generation Cooperative Incentive Tax Credit, as authorized under Section 348.432.

Oversight further notes, the aggregate amount of tax credits issued per fiscal year under Section(s) 348.430 and 348.432 shall not exceed six million dollars (\$6,000,000). In May of each year, the Missouri Agricultural and Small Business Development Authority determines whether six million dollars (\$6,000,000) will be utilized as New Generation Cooperative Incentive Tax Credits or not. The amount of New Generation Cooperative Incentive Tax Credit(s) that are determined to be unused may be sold as Agricultural Product Utilization Contributor Tax Credits.

Oversight's policy is to show the extension of the tax credit program(s) in the fiscal note. Oversight notes the current expiration date for the Agricultural Utilization Product Contributor Tax Credit and the New Generation Cooperative Incentive Tax Credit is December 31, 2021. Oversight notes this proposed legislation extends the expiration date to December 31, 2027. Oversight notes that taxpayers who are awarded the Agricultural Product Utilization Contributor Tax Credit or the New Generation Cooperative Incentive Tax Credit in Tax Year 2022 will not file their tax returns claiming the tax credit until after January 1, 2023 (Fiscal Year 2023). Therefore, Oversight will report the impact as a result of extending the end date of this tax credit program beginning in Fiscal Year 2023.

Oversight notes, per the Tax Credit Analyses received from the Missouri Department of Agriculture for Fiscal Year(s) 2016 - 2020, the Agricultural Product Utilization Contributor Tax Credit recognized the following activity:

Agricultural Product Utilization Contributor Tax Credit							
Fiscal Year	2016	2017	2018	2019	2020	2021 (Year To Date)	2022 (Budget Year)
Certificates Issued (#)	115	156	91	11	6	0	0
Projects/Participants (#)	12	13	14	23	9	0	0
Amount Authorized	\$2,513,350	\$3,247,846	\$4,068,190	\$195,000	\$190,000	\$0	\$0
Amount Issued	\$2,513,350	\$2,908,334	\$4,048,690	\$168,989	\$182,377	\$0	\$0
Amount Redeemed	\$1,553,333	\$2,638,686	\$2,785,906	\$2,278,432	\$2,713,523	\$0	\$0

Oversight notes the five (5) year average (Fiscal Year(s) 2016 – 2020) amount of Agricultural Product Utilization Contributor Tax Credit(s) issued equals \$1,964,348.

Oversight notes, per the Tax Credit Analyses received from the Missouri Department of Agriculture for Fiscal Year(s) 2016 - 2020, the New Generation Cooperative Incentive Tax Credit recognized the following activity:

New Generation Cooperative Incentive Tax Credit							
Fiscal Year	2016	2017	2018	2019	2020	2021 (Year To Date)	2022 (Budget Year)
Certificates Issued (#)	571	483	1076	0	24	0	0

Projects/Participants (#)	5	5	3	3	1	0	0
Amount Authorized	\$2,156,529	\$1,873,475	\$2,011,157	\$3,153,844	\$1,500,000	\$3,000,000	\$0
Amount Issued	\$1,278,145	\$2,383,129	\$1,931,810	\$0	\$360,000	\$0	\$0
Amount Redeemed	\$1,730,342	\$2,093,124	\$1,431,010	\$840,615	\$467,168	\$14,508	\$0

Oversight notes the five (5) year average (Fiscal Year(s) 2016 – 2020) amount of New Generation Cooperative Incentive Tax Credit(s) issued equals \$1,190,617.

Therefore, for purposes of this fiscal note, Oversight will report the extension of these tax credits as a reduction to GR by an amount “up to” \$3,154,965 (the combined five (5) year average amount of tax credits issued (\$1,964,348 + \$1,190,617)) to the shared cap of \$6,000,000, beginning in Fiscal Year 2023.

Officials from the **Missouri Department of Commerce and Insurance (DCI)** anticipate a potential unknown decrease of premium tax revenues (up to the tax credit limit established in the bill) as a result of the extension of the Agricultural Production tax credit. Premium tax revenue is split 50/50 between General Revenue and County Foreign Insurance Fund except for domestic Stock Property and Casualty Companies who pay premium tax to the County Stock Fund. The County Foreign Insurance Fund is later distributed to school districts throughout the state. County Stock Funds are later distributed to the school district and county treasurer of the county in which the principal office of the insurer is located. It is unknown how each of these funds may be impacted by tax credits each year and which insurers will qualify for the tax credit.

Officials from the **Office of Administration – Budget & Planning Division (B&P)** state this proposed legislation will not have an impact on B&P, will not have a direct impact on General Revenue or Total State Revenue, and will not impact the calculation pursuant to Article X, Section 18(e).

Officials from the **Missouri Department of Agriculture** do not anticipate this proposed legislation will cause a fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will not report a fiscal impact for this organization.

FISCAL IMPACT – Small Business

This proposed legislation could positively impact any small business that qualifies for the New Generation Cooperative Incentive Tax Credit or the Agricultural Product Utilization Tax Credit as such small business could reduce or eliminate such small business’s state tax liability.

FISCAL DESCRIPTION

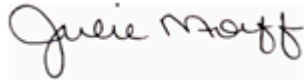

Currently, the Agricultural Product Utilization Contributor Tax Credit under Section 348.430, RSMo, and the New Generation Cooperative Incentive Tax Credit under Section 348.432 are set to expire on December 31, 2021. This bill moves the expiration date to December 31, 2027.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
