Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable, and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void.

2. The county commission in all counties of the fourth classification and any county of the third, second, or first classification may provide for the erection and maintenance of a good and sufficient jail or holding cell facility at a site in the county other than at the established seat of justice.

3. In the absence of a local agreement otherwise, for any courthouse that contains both county offices and court facilities, the presiding judge of the circuit may establish rules and procedures for court facilities and areas necessary for court-related ingress, court-related egress and other reasonable court-related usage, but the county commission shall have authority over all other areas of the courthouse.

2. Upon request, the county treasurer shall have access to any financially relevant document in the possession of any county official for the purposes of processing a warrant, unless such warrant is received in the absence of a check then the county treasurer shall have access to the information necessary to process the warrant.

by vote of the people and that there is a sufficient unencumbered amount of the bonds yet to be
sold or of the taxes levied and yet to be collected to meet the obligation in case there is not a
sufficient unencumbered cash balance in the treasury. All contracts and purchases shall be let
to the lowest and best bidder after due opportunity for competition, including advertising the
proposed letting in a newspaper in the county or township with a circulation of at least five
hundred copies per issue, if there is one, except that the advertising is not required in case of
contracts or purchases involving an expenditure of less than [six] twelve thousand dollars. It is
not necessary to obtain bids on any purchase in the amount of [six] twelve thousand dollars or
less made from any one person, firm or corporation during any period of ninety days. All bids
for any contract or purchase may be rejected and new bids advertised for. Contracts which
provide that the person contracting with the county or township shall, during the term of the
contract, furnish to the county or township at the price therein specified the supplies, materials,
equipment or services other than personal therein described, in the quantities required, and from
time to time as ordered by the officer in charge of purchasing during the term of the contract,
ned not bear the certification of the accounting officer, as herein provided; but all orders for
supplies, materials, equipment or services other than personal shall bear the certification. In case
of such contract, no financial obligation accrues against the county or township until the supplies, materials, equipment or services other than personal are so ordered and the certificate furnished.

50.783. 1. The county commission may waive the requirement of competitive bids or proposals for supplies when the commission has determined in writing and entered into the commission minutes that there is only a single feasible source for the supplies. Immediately upon discovering that other feasible sources exist, the commission shall rescind the waiver and proceed to procure the supplies through the competitive processes as described in this chapter. A single feasible source exists when:

(1) Supplies are proprietary and only available from the manufacturer or a single distributor; or

(2) Based on past procurement experience, it is determined that only one distributor services the region in which the supplies are needed; or

(3) Supplies are available at a discount from a single distributor for a limited period of time.

2. On any single feasible source purchase where the estimated expenditure is over $12,000, the commission shall post notice of the proposed purchase and advertise the commission's intent to make such purchase in at least one daily and one weekly newspaper of general circulation in such places as are most likely to reach prospective bidders or offerors and may provide such information through an electronic medium available to the general public at least ten days before the contract is to be let.

3. Notwithstanding subsection 2 of this section to the contrary, on any single feasible service purchase by any county of the first classification with more than one hundred fifty thousand but fewer than two hundred thousand inhabitants or any county of the first classification with more than two hundred sixty thousand but fewer than three hundred thousand inhabitants where the estimated expenditure is over $12,000, the commission shall post notice of the proposed purchase and advertise the commission's intent to make such purchase in at least one daily and one weekly newspaper of general circulation in such places as are most likely to reach prospective bidders or offerors and may provide such information through an electronic medium available to the general public at least ten days before the contract is to be let.

2. The rules, regulations, or ordinances shall require each rented residence provide:
   (1) Structural protection from the elements;
   (2) Access to water service, including hot water;
   (3) Sewer service;
   (4) Access to electrical service;
   (5) Heat to the residence; and
   (6) Basic security, which, at a minimum, shall include locking doors and windows.

If a utility service is unavailable because a tenant fails to pay for service, the unavailability shall not be a violation of the rules, regulations, or ordinances.

3. If a county elects to enact rules, regulations, or ordinances under this section, at a minimum, they shall contain the following provisions:
   (1) (a) The county commission shall create a process for selecting a designated officer to respond to written complaints of the condition of a rented residence that threatens the health or safety of tenants;
   (b) Any written complaint under this section shall be submitted by a tenant who is a lawful tenant who has signed a lease agreement with the property owner or his or her agent, and which tenant is current on all rent due;
   (2) The owner of record of any rented residence against which a written complaint has been submitted shall be served with adequate notice. The notice shall specify the
condition alleged in the complaint and state a reasonable date that abatement of the condition shall commence. Notice shall be served by personal service or certified mail, return receipt requested, or, if those methods are unsuccessful, by publication;

(3) The owner of record and any other person who has an interest in the rented residence shall be parties in a hearing under subdivision (4) of this subsection;

(4) If work to abate the condition does not commence by the date stated in the notice or if the work does not proceed continuously and without unnecessary delay, as determined by the designated officer, the complaint shall be given a hearing before the county commission. Parties shall be given at least ten days' notice of the hearing. Any party may be represented by counsel, and all parties shall have an opportunity to be heard. If the county commission finds that the rented residence has a dangerous condition that is detrimental to the health, safety, or welfare of the tenant, the county commission shall issue an order that the condition be abated. The order shall state specific facts, based on competent and substantiated evidence, that support its finding. If the county commission finds that the rented residence does not have a dangerous condition that is detrimental to the health, safety, or welfare of the tenant, the county commission shall not issue an order;

and

(5) Any violation of the order issued by the county commission may be punished by a penalty, which shall not exceed a class C misdemeanor. Each day a violation continues shall be deemed a separate violation. Any penalty enacted in the rules, regulations, or ordinances shall not be the exclusive punishment for the condition. The designated officer may, in his or her own name or in the name of the county, seek and obtain any judicial relief provided under equity or law including, but not limited to, civil fines authorized under section 49.272, declaratory relief, and injunctive relief. The designated officer may declare the continued occupancy of the rented residence unlawful while the condition or conditions remain unabated.

4. The county commission shall only have the authority to respond to written complaints submitted to the county commission and shall not have the authority to:

(1) Charge any fee for any action authorized under this section;

(2) Perform any inspection of rented residences unless in response to a written complaint; or

(3) Require licensing, registration, or certification of a rented residence on a regular schedule or before offering a residence for rent.

67.265. 1. For purposes of this section, the term "order" shall mean a public health order, ordinance, rule, or regulation issued by a political subdivision, including by a health officer, local public health agency, public health authority, or the political subdivision's
executive, as such term is defined in section 67.750, in response to an actual or perceived
threat to public health for the purpose of preventing the spread of a contagious disease.
Notwithstanding any other provision of law to the contrary:

(1) Any order issued during and related to an emergency declared pursuant to
chapter 44 that directly or indirectly closes, partially closes, or places restrictions on the
opening of or access to any one or more business organizations, churches, schools, or other
places of public or private gathering or assembly, including any order, ordinance, rule, or
regulation of general applicability or that prohibits or otherwise limits attendance at any
public or private gatherings, shall not remain in effect for longer than thirty calendar days
in a one hundred eighty-day period, including the cumulative duration of similar orders
issued concurrently, consecutively, or successively, and shall automatically expire at the
end of the thirty days or as specified in the order, whichever is shorter, unless so
authorized by a simple majority vote of the political subdivision's governing body to extend
such order or approve a similar order; provided that such extension or approval of similar
orders shall not exceed thirty calendar days in duration and any order may be extended
more than once; and

(2) Any order of general applicability issued at a time other than an emergency
declared pursuant to chapter 44 that directly or indirectly closes an entire classification of
business organizations, churches, schools, or other places of public or private gathering or
assembly shall not remain in effect for longer than twenty-one calendar days in a one
hundred eighty-day period, including the cumulative duration of similar orders issued
concurrently, consecutively, or successively, and shall automatically expire at the end of
the twenty-one days or as specified in the order, whichever is shorter, unless so authorized
by a two-thirds majority vote of the political subdivision's governing body to extend such
order or approve a similar order; provided that such extension or approval of similar
orders may be extended more than once.

2. The governing bodies of the political subdivisions issuing orders under this
section shall at all times have the authority to terminate an order issued or extended under
this section upon a simple majority vote of the body.

3. In the case of local public health agencies created through an agreement by
multiple counties under chapter 70, all of the participating counties' governing bodies shall
be required to approve or terminate orders in accordance with the provisions of this
section.

4. Prior to or concurrent with the issuance or extension of any order under
subdivisions (1) and (2) of subsection 1 of this section, the health officer, local public health
agency, public health authority, or executive shall provide a report to the governing body
containing information supporting the need for such order.

5. No political subdivision of this state shall make or modify any orders that have
the effect, directly or indirectly, of a prohibited order under this section.

6. No rule or regulation issued by the department of health and senior services shall
authorize a local health official, health officer, local public health agency, or public health
authority to create or enforce any order, ordinance, rule, or regulation described in section
192.300 or this section that is inconsistent with the provisions of this section.

67.398. 1. The governing body of any city or village, or any county having a charter
form of government, or any county of the first classification that contains part of a city with a
population of at least three hundred thousand inhabitants, or any county of the first
classification with more than one hundred one thousand but fewer than one hundred
fifteen thousand inhabitants, may enact ordinances to provide for the abatement of a condition
of any lot or land that has the presence of a nuisance including, but not limited to, debris of any
kind, weed cuttings, cut, fallen, or hazardous trees and shrubs, overgrown vegetation and noxious
weeds which are seven inches or more in height, rubbish and trash, lumber not piled or stacked
twelve inches off the ground, rocks or bricks, tin, steel, parts of derelict cars or trucks, broken
furniture, any flammable material which may endanger public safety or any material or condition
which is unhealthy or unsafe and declared to be a public nuisance.

2. The governing body of any home rule city with more than four hundred thousand
inhabitants and located in more than one county may enact ordinances for the abatement of a
condition of any lot or land that has vacant buildings or structures open to entry.

3. Any ordinance authorized by this section shall provide for service to the owner of the
property and, if the property is not owner-occupied, to any occupant of the property of a written
notice specifically describing each condition of the lot or land declared to be a public nuisance,
and which notice shall identify what action will remedy the public nuisance. Unless a condition
presents an immediate, specifically identified risk to the public health or safety, the notice shall
provide a reasonable time, not less than ten days, in which to abate or commence removal of
each condition identified in the notice. Written notice may be given by personal service or by
first-class mail to both the occupant of the property at the property address and the owner at the
last known address of the owner, if not the same. Upon a failure of the owner to pursue the
removal or abatement of such nuisance without unnecessary delay, the building commissioner
or designated officer may cause the condition which constitutes the nuisance to be removed or
abated. If the building commissioner or designated officer causes such condition to be removed
or abated, the cost of such removal or abatement and the proof of notice to the owner of the
property shall be certified to the city clerk or officer in charge of finance who shall cause the
certified cost to be included in a special tax bill or added to the annual real estate tax bill, at the
collecting official's option, for the property and the certified cost shall be collected by the city
collector or other official collecting taxes in the same manner and procedure for collecting real
estate taxes. If the certified cost is not paid, the tax bill shall be considered delinquent, and the
collection of the delinquent bill shall be governed by the laws governing delinquent and back
taxes. The tax bill from the date of its issuance shall be deemed a personal debt against the
owner and shall also be a lien on the property from the date the tax bill is delinquent until paid.

67.990. 1. The governing body of any county or city not within a county may, upon
approval of a majority of the qualified voters of such county or city voting thereon, levy and
collect a tax not to exceed five cents per one hundred dollars of assessed valuation, or in any

No funds in the senior citizens' services fund may be used, directly or indirectly, for any political purpose. In providing such services, the board of directors may contract with any person to provide services relating, in whole or in part, to the services which the board itself may provide under this section, and for such purpose may expend the tax proceeds derived from the tax authorized by section 67.990.

4. of the programs provided by the board and the proceeds are used exclusively to fund such
programs.

91.025. 1. As used in this section, the following terms mean:

2 (1) "Municipally owned or operated electric power system", a system for the distribution of electrical power and energy to the inhabitants of a municipality which is owned and operated by the municipality itself, whether operated under authority pursuant to this chapter or under a charter form of government;

6 (2) "Permanent service", electrical service provided through facilities which have been permanently installed on a structure and which are designed to provide electric service for the structure's anticipated needs for the indefinite future, as contrasted with facilities installed temporarily to provide electrical service during construction. Service provided temporarily shall be at the risk of the electrical supplier and shall not be determinative of the rights of the provider or recipient of permanent service;

12 (3) "Structure" or "structures", an agricultural, residential, commercial, industrial or other building or a mechanical installation, machinery or apparatus at which retail electric energy is being delivered through a metering device which is located on or adjacent to the structure and connected to the lines of an electrical corporation, rural electric cooperative, municipally owned or operated electric power system, or joint municipal utility commission. Such terms shall include any contiguous or adjacent additions to or expansions of a particular structure. Nothing in this section shall be construed to confer any right on an electric supplier to serve new structures on a particular tract of land because it was serving an existing structure on that tract.

2 2. Once a municipally owned or operated electrical system, or its predecessor in interest, lawfully commences supplying retail electric energy to a structure through permanent service facilities, it shall have the right to continue serving such structure, and other suppliers of electrical energy shall not have the right to provide service to the structure except as might be otherwise permitted in the context of municipal annexation, pursuant to section 386.800 or pursuant to a territorial agreement approved under section 394.312. The public service commission, upon application made by a customer, may order a change of suppliers on the basis that it is in the public interest for a reason other than a rate differential, and the commission is hereby given jurisdiction over municipally owned or operated electric systems to accomplish the purpose of this section. The commission's jurisdiction under this section is limited to public interest determinations and excludes questions as to the lawfulness of the provision of service, such questions being reserved to courts of competent jurisdiction. Except as provided in this section, nothing in this section shall be construed as otherwise conferring upon the commission jurisdiction over the service, rates, financing, accounting or management of any such municipally
owned or operated electrical system, and nothing in this section, section 393.106, and section
394.315 shall affect the rights, privileges or duties of any municipality to form or operate
municipally owned or operated electrical systems. Nothing in this section shall be construed to
make lawful any provision of service which was unlawful prior to July 11, 1991. Nothing in this
section shall be construed to make unlawful the continued lawful provision of service to any
structure which may have had a different supplier in the past, if such a change in supplier was
lawful at the time it occurred.

3. Notwithstanding the provisions of this section, section 393.106, section 394.080,
and section 394.315 to the contrary, in the event that a retail electric supplier is providing
service to a structure located within a city, town, or village that has ceased to be a rural
area, and such structure is demolished and replaced by a new structure, such retail electric
service supplier may provide permanent service to the new structure upon the request of
the owner of the new structure.

heat, telephone plant or exchange, street railway or any other public transportation, conduit
system, public auditorium or convention hall, which are hereby declared public utilities, and such
cities, towns or villages are hereby authorized and empowered to provide for the erection or
extension of the same by the issue of bonds therefor, and any city, town or village which may
own, maintain or operate, and which may hereafter acquire, by purchase or otherwise, and
operate, or which may engage in the construction of any of the plants, systems or works
mentioned in this section, is hereby authorized and empowered to establish, by ordinance, within
such city, town or village, an executive department to be known as "The Board of Public Works",
to consist of four persons, electors of said city, town or village, who have resided therein for a
period of two years next before their appointment, or any resident of the county that receives
services from such board, who shall be appointed by the mayor of such city, town or village,
and confirmed by the common council in such manner as other appointive officers of such city,
town or village are appointed and confirmed. The members of such board shall hold office for
a term of four years each, or until their successors are appointed and qualified; provided, that the
members of said board shall hold office for a term of four years each, except the first
incumbents, as members of said board of public works, who shall be appointed and hold office
for the term of one, two, three and four years respectively.
115.127. 1. Except as provided in subsection 4 of this section, upon receipt of notice of a special election to fill a vacancy submitted pursuant to subsection 2 of section 115.125, the election authority shall cause legal notice of the special election to be published in a newspaper of general circulation in its jurisdiction. The notice shall include the name of the officer or agency calling the election, the date and time of the election, the name of the office to be filled and the date by which candidates must be selected or filed for the office. Within one week prior to each special election to fill a vacancy held in its jurisdiction, the election authority shall cause legal notice of the election to be published in two newspapers of different political faith and general circulation in the jurisdiction. The legal notice shall include the date and time of the election, the name of the officer or agency calling the election and a sample ballot. If there is only one newspaper of general circulation in the jurisdiction, the notice shall be published in the newspaper within one week prior to the election. The notice shall be published in two newspapers of different political faith and qualified pursuant to chapter 493 which are published within the bounds of the area holding the election. If there is only one so-qualified newspaper, then notice shall be published in only one newspaper. If there is no newspaper published within the bounds of the election area, then the notice shall be published in two qualified newspapers of different political faith serving the area. Notice shall be published twice, the first publication occurring in the second week prior to the election, and the second publication occurring within one week prior to the election. Each such legal notice shall include the date and time of the election, the name of the officer or agency calling the election and a sample ballot; and, unless notice has been given as provided by section 115.129, the second publication of notice of the election shall include the location of polling places. The election authority may provide any additional notice of the election it deems desirable.

3. The election authority shall print the official ballot as the same appears on the sample ballot, and no candidate's name or ballot issue which appears on the sample ballot or official printed ballot shall be stricken or removed from the ballot except on death of a candidate or by court order, but in no event shall a candidate or issue be stricken or removed from the ballot less than eight weeks before the date of the election.

4. In lieu of causing legal notice to be published in accordance with any of the provisions of this chapter, the election authority in jurisdictions which have less than seven hundred fifty registered voters and in which no newspaper qualified pursuant to chapter 493 is published, may
cause legal notice to be mailed during the second week prior to the election, by first class mail, to each registered voter at the voter's voting address. All such legal notices shall include the date and time of the election, the location of the polling place, the name of the officer or agency calling the election and a sample ballot.

5. If the opening date for filing a declaration of candidacy for any office in a political subdivision or special district is not required by law or charter, the opening filing date shall be 8:00 a.m., the [sixteenth] seventeenth Tuesday prior to the election, except that for any home rule city with more than four hundred thousand inhabitants and located in more than one county and any political subdivision or special district located in such city, the opening filing date shall be 8:00 a.m., the fifteenth Tuesday prior to the election. If the closing date for filing a declaration of candidacy for any office in a political subdivision or special district is not required by law or charter, the closing filing date shall be 5:00 p.m., the [eleventh] fourteenth Tuesday prior to the election. The political subdivision or special district calling an election shall, before the [sixteenth] seventeenth Tuesday, [or the fifteenth Tuesday for any home rule city with more than four hundred thousand inhabitants and located in more than one county or any political subdivision or special district located in such city,] prior to any election at which offices are to be filled, notify the general public of the opening filing date, the office or offices to be filled, the proper place for filing and the closing filing date of the election. Such notification may be accomplished by legal notice published in at least one newspaper of general circulation in the political subdivision or special district.

6. Except as provided for in sections 115.247 and 115.359, if there is no additional cost for the printing or reprinting of ballots or if the candidate agrees to pay any printing or reprinting costs, a candidate who has filed for an office or who has been duly nominated for an office may, at any time after the certification of the notice of election required in subsection 1 of section 115.125 but no later than 5:00 p.m. on the eighth Tuesday before the election, withdraw as a candidate pursuant to a court order, which, except for good cause shown by the election authority in opposition thereto, shall be freely given upon application by the candidate to the circuit court of the area of such candidate's residence.

115.646. No contribution or expenditure of public funds shall be made directly by any officer, employee or agent of any political subdivision, including school districts and charter schools, to advocate, support, or oppose the passage or defeat of any ballot measure or the nomination or election of any candidate for public office, or to direct any public funds to, or pay any debts or obligations of, any committee supporting or opposing such ballot measures or candidates. This section shall not be construed to prohibit any public official of a political subdivision, including school districts and charter schools, from making public
appearances or from issuing press releases concerning any such ballot measure. **Any purposeful violation of this section shall be punished as a class four election offense.**

137.280. 1. Taxpayers' personal property lists, except those of merchants and manufacturers, and except those of railroads, public utilities, pipeline companies or any other person or corporation subject to special statutory requirements, such as chapter 151, who shall return and file their assessments on locally assessed property no later than April first, shall be delivered to the office of the assessor of the county between the first day of January and the first day of March each year and shall be signed and certified by the taxpayer as being a true and complete list or statement of all the taxable tangible personal property. If any person shall fail to deliver the required list to the assessor by the first day of March, the owner of the property which ought to have been listed shall be assessed a penalty added to the tax bill, based on the assessed value of the property that was not reported, as follows:

The assessor in any county of the first classification without a charter form of government with a population of one hundred thousand or more inhabitants which contains all or part of a city with a population of three hundred fifty thousand or more inhabitants shall omit assessing the penalty in any case where he or she is satisfied the neglect is unavoidable and not willful or falls into one of the following categories. The assessor in all other political subdivisions shall omit assessing the penalty in any case where he or she is satisfied the neglect falls into at least one of the following categories:

1. The taxpayer is in military service and is outside the state;
2. The taxpayer filed timely, but in the wrong county;
3. There was a loss of records due to fire or flood;
4. The taxpayer can show the list was mailed timely as evidenced by the date of postmark;
5. The assessor determines that no form for listing personal property was mailed to the taxpayer for that tax year; or
(6) The neglect occurred as a direct result of the actions or inactions of the county or its employees or contractors.

2. Between March first and April first, the assessor shall send to each taxpayer who was sent an assessment list for the current tax year, and said list was not returned to the assessor, a second notice that statutes require the assessment list be returned immediately. In the event the taxpayer returns the assessment list to the assessor before May first, the penalty described in subsection 1 of this section shall not apply. If said assessment list is not returned before May first by the taxpayer, the penalty shall apply.

3. It shall be the duty of the county commission and assessor to place on the assessment rolls for the year all personal property discovered in the calendar year which was taxable on January first of that year.

4. If annual waivers exceed forty percent, then by February first of each year, the assessor shall transmit to the county employees' retirement fund an electronic or paper copy of the log maintained under subsection 3 of section 50.1020 for the prior calendar year.

5. An assessor may, upon request of a taxpayer, send any assessment list or notice required by this section to such taxpayer in electronic form.

139.100. 1. (1) If any taxpayer shall fail or neglect to pay to the collector his taxes at the time required by law, then it shall be the duty of the collector, after the first day of January then next ensuing and in the absence of an agreement entered into pursuant to subdivision (2) of this subsection, to collect and account for, as other taxes, an additional tax, as penalty, the amount provided for in section 140.100.

(2) For property tax liabilities incurred on or after January 1, 2020, and on or before December 31, 2020, the collector of any county with a charter form of government and with more than nine hundred fifty thousand inhabitants may enter into an agreement with any taxpayer for the payment of any amount of tax not paid at the time required by law, including a waiver or reduction of penalties and interest on such taxes, provided that any such agreement shall require such taxes to be paid to the collector or postmarked by no later than January 8, 2021.

(3) For any taxpayer that has paid penalties and interest on property tax liabilities not paid at the time required by law, and such penalties and interest are subsequently reduced or waived through an agreement entered into pursuant to subdivision (2) of this subsection, that portion of penalties and interest paid and subsequently reduced or waived may be credited to the taxpayer on such taxpayer's tax liability for the subsequent year. The county may reduce on a pro rata basis any distributions to taxing jurisdictions by the amount of any penalties and interest from late payments from the 2020 tax year that were
collected and distributed, but were then subsequently reduced or waived pursuant to subdivision (2) of this subsection.

2. Collectors shall, on the day of their annual settlement with the county governing body, file with governing body a statement, under oath, of the amount so received, and from whom received, and settle with the governing body therefor; but, interest shall not be chargeable against persons who are absent from their homes, and engaged in the military service of this state or of the United States. The provisions of this section shall apply to the City of St. Louis, so far as the same relates to the addition of such interest, which, in such city, shall be collected and accounted for by the collector as other taxes, for which he shall receive no compensation.

3. Whenever any collector of the revenue in the state fails or refuses to collect the penalty provided for in this section on state and county taxes, it shall be the duty of the director of revenue and county clerk to charge such collectors with the amount of interest due thereon, as shown by the returns of the county clerk, and such collector shall be liable to the penalties as provided for in section 139.270.

4. For purposes of this section and other provisions of law relating to the timely payment of taxes due on any real or personal property, payments for taxes due on any real or personal property which are delivered by United States mail to the collector, the collector's office, or other officer or office designated by the county or city to receive such payments, of the appropriate county or city, shall be deemed paid as of the postmark date stamped on the envelope or other cover in which such payment is mailed. In the event any payment of taxes due is sent by registered or certified mail, the date of registration or certification shall be deemed the postmark date. No additional tax or penalty shall be imposed under this section on any taxpayer whose payment is delivered by United States mail, if the postmark date stamped on the envelope or other cover containing such payment falls within the prescribed period or on or before the prescribed date, including any extension granted, for making the payment or if the postmaster for the jurisdiction where the payment was mailed verifies in writing that the payment was deposited in the United States mail within the prescribed period or on or before the prescribed date, including any extension granted, for making the payment, and was delayed in delivery because of an error by the United States postal service and not because of an error by the taxpayer. In the absence of a postmark, or if the postmark is illegible or otherwise inconclusive, the collector may use the collector's judgment regarding the timeliness of the payment contained therein and shall document such decision.

192.300. 1. The county commissions and the county health center boards of the several counties may make and promulgate orders, ordinances, rules or regulations, respectively as will tend to enhance the public health and prevent the entrance of infectious, contagious,
communicable or dangerous diseases into such county, but any orders, ordinances, rules or
regulations shall not:

    (1) Be in conflict with any rules or regulations authorized and made by the department
of health and senior services in accordance with this chapter or by the department of social
services under chapter 198; or

    (2) Impose standards or requirements on an agricultural operation and its appurtenances,
as such term is defined in section 537.295, that are inconsistent with, in addition to, different
from, or more stringent than any provision of this chapter or chapters 260, 640, 643, and 644,
or any rule or regulation promulgated under such chapters.

2. The county commissions and the county health center boards of the several counties
may establish reasonable fees to pay for any costs incurred in carrying out such orders,
or any provision of this chapter or chapters 260, 640, 643, and 644,
or any rule or regulation promulgated under such chapters.

3. After the promulgation and adoption of such orders, ordinances, rules or regulations
by such county commission or county health board, such commission or county health board
shall make and enter an order or record declaring such orders, ordinances, rules or regulations
to be printed and available for distribution to the public in the office of the county clerk, and
shall require a copy of such order to be published in some newspaper in the county in three
successive weeks, not later than thirty days after the entry of such order, ordinance, rule or
regulation.

4. Any person, firm, corporation or association which violates any of the orders or
ordinances adopted, promulgated and published by such county commission is guilty of a
misdemeanor and shall be prosecuted, tried and fined as otherwise provided by law. The county
commission or county health board of any such county has full power and authority to initiate
the prosecution of any action under this section.

5. Any orders, ordinances, rules, or regulations made and promulgated under the
authority in this section shall comply with the provisions of section 67.265.

204.569. When an unincorporated sewer subdistrict of a common sewer district has been
formed pursuant to sections 204.565 to 204.573, the board of trustees of the common sewer
district shall have the same powers with regard to the subdistrict as for the common sewer
district as a whole, plus the following additional powers:

    (1) To enter into agreements to accept, take title to, or otherwise acquire, and to operate
such sewers, sewer systems, treatment and disposal facilities, and other property, both real and
personal, of the political subdivisions included in the subdistrict as the board determines to be in the interest of the common sewer district to acquire or operate, according to such terms and conditions as the board finds reasonable, provided that such authority shall be in addition to the powers of the board of trustees pursuant to section 204.340;

(2) To provide for the construction, extension, improvement, and operation of such sewers, sewer systems, and treatment and disposal facilities, as the board determines necessary for the preservation of public health and maintenance of sanitary conditions in the subdistrict;

(3) For the purpose of meeting the costs of activities undertaken pursuant to the authority granted in this section, to issue bonds in anticipation of revenues of the subdistrict in the same manner as set out in sections 204.360 to 204.450, for other bonds of the common sewer district. Issuance of such bonds for the subdistrict shall require the assent only of four-sevenths of the voters of the subdistrict voting on the question except that, as an alternative to such a vote, if the subdistrict is a part of a common sewer district located in whole or in part in any county of the first classification without a charter form of government adjacent to a county of the first classification with a charter form of government and a population of at least six hundred thousand and not more than seven hundred fifty thousand, bonds may be issued for such subdistrict if the question receives the written assent of three-quarters of the customers of the subdistrict in a manner consistent with section 204.370, where "customer", as used in this subdivision, means any political subdivision within the subdistrict that has a service or user agreement with the common sewer district. The principal and interest of such bonds shall be payable only from the revenues of the subdistrict and not from any revenues of the common sewer district as a whole;

(4) To charge the costs of the common sewer district for operation and maintenance attributable to the subdistrict, plus a proportionate share of the common sewer district's costs of administration to revenues of the subdistrict and to consider such costs in determining reasonable charges to impose within the subdistrict under section 204.440;

(5) With prior concurrence of the subdistrict's advisory board, to provide for the treatment and disposal of sewage from the subdistrict in or by means of facilities of the common sewer district not located within the subdistrict, in which case the board of trustees shall also have authority to charge a proportionate share of the costs of the common sewer district for operation and maintenance to revenues of the subdistrict and to consider such costs in determining reasonable charges to impose within the subdistrict under section 204.440.

221.105. 1. The governing body of any county and of any city not within a county shall fix the amount to be expended for the cost of incarceration of prisoners confined in jails or medium security institutions. The per diem cost of incarceration of these prisoners chargeable
by the law to the state shall be determined, subject to the review and approval of the department of corrections.

2. When the final determination of any criminal prosecution shall be such as to render the state liable for costs under existing laws, it shall be the duty of the sheriff to certify to the clerk of the circuit court or court of common pleas in which the case was determined the total number of days any prisoner who was a party in such case remained in the county jail. It shall be the duty of the county commission to supply the cost per diem for county prisons to the clerk of the circuit court on the first day of each year, and thereafter whenever the amount may be changed. It shall then be the duty of the clerk of the court in which the case was determined to include in the bill of cost against the state all fees which are properly chargeable to the state. In any city not within a county it shall be the duty of the superintendent of any facility boarding prisoners to certify to the chief executive officer of such city not within a county the total number of days any prisoner who was a party in such case remained in such facility. It shall be the duty of the superintendents of such facilities to supply the cost per diem to the chief executive officer on the first day of each year, and thereafter whenever the amount may be changed. It shall be the duty of the chief executive officer to bill the state all fees for boarding such prisoners which are properly chargeable to the state. The chief executive may by notification to the department of corrections delegate such responsibility to another duly sworn official of such city not within a county. The clerk of the court of any city not within a county shall not include such fees in the bill of costs chargeable to the state. The department of corrections shall revise its criminal cost manual in accordance with this provision.

3. Except as provided under subsection 6 of section 217.718, the actual costs chargeable to the state, including those incurred for a prisoner who is incarcerated in the county jail because the prisoner's parole or probation has been revoked or because the prisoner has, or allegedly has, violated any condition of the prisoner's parole or probation, and such parole or probation is a consequence of a violation of a state statute, or the prisoner is a fugitive from the Missouri department of corrections or otherwise held at the request of the Missouri department of corrections regardless of whether or not a warrant has been issued shall be the actual cost of incarceration not to exceed:

(1) Until July 1, 1996, seventeen dollars per day per prisoner;
(2) On and after July 1, 1996, twenty dollars per day per prisoner;
(3) On and after July 1, 1997, up to thirty-seven dollars and fifty cents per day per prisoner, subject to appropriations[... but not less than the amount appropriated in the previous fiscal year].

4. The presiding judge of a judicial circuit may propose expenses to be reimbursable by the state on behalf of one or more of the counties in that circuit. Proposed reimbursable expenses
may include pretrial assessment and supervision strategies for defendants who are ultimately eligible for state incarceration. A county may not receive more than its share of the amount appropriated in the previous fiscal year, inclusive of expenses proposed by the presiding judge. Any county shall convey such proposal to the department, and any such proposal presented by a presiding judge shall include the documented agreement with the proposal by the county governing body, prosecuting attorney, at least one associate circuit judge, and the officer of the county responsible for custody or incarceration of prisoners of the county represented in the proposal. Any county that declines to convey a proposal to the department, pursuant to the provisions of this subsection, shall receive its per diem cost of incarceration for all prisoners chargeable to the state in accordance with the provisions of subsections 1, 2, and 3 of this section.

386.800. 1. No municipally owned electric utility may provide electric energy at retail to any structure located outside the municipality's corporate boundaries after July 11, 1991, unless:

(1) The structure was lawfully receiving permanent service from the municipally owned electric utility prior to July 11, 1991; or

(2) The service is provided pursuant to an approved territorial agreement under section 394.312; or

(3) The service is provided pursuant to lawful municipal annexation and subject to the provisions of this section; or

(4) The structure is located in an area which was previously served by an electrical corporation regulated under chapter 386, and chapter 393, and the electrical corporation's authorized service territory was contiguous to or inclusive of the municipality's previous corporate boundaries, and the electrical corporation's ownership or operating rights within the area were acquired in total by the municipally owned electrical system prior to July 11, 1991. In the event that a municipally owned electric utility in a city with a population of more than one hundred twenty-five thousand located in a county of the first class not having a charter form of government and not adjacent to any other county of the first class desires to serve customers beyond the authorized service territory in an area which was previously served by an electrical corporation regulated under the provisions of chapter 386, and chapter 393, as provided in this subdivision, in the absence of an approved territorial agreement under section 394.312, the municipally owned utility shall apply to the public service commission for an order assigning nonexclusive service territories and concurrently shall provide written notice of the application to other electric service suppliers with electric facilities located in or within one mile outside of the boundaries of the proposed expanded service territory. The proposed service area shall be contiguous to the authorized service territory which was previously served
by an electrical corporation regulated under the provisions of chapter 386, and chapter 393, as a condition precedent to the granting of the application. The commission shall have one hundred twenty days from the date of application to grant or deny the requested order. The commission after a hearing may grant the order upon a finding that granting of the applicant's request is not detrimental to the public interest. In granting the applicant's request the commission shall give due regard to territories previously granted to or served by other electric service suppliers and the wasteful duplication of electric service facilities.

2. Any municipally owned electric utility may extend, pursuant to lawful annexation, its electric service territory to include any structure located within a newly annexed area which has not received permanent service from another supplier within ninety days prior to the effective date of the annexation.

3. Areas where another electric supplier currently is not providing permanent service to a structure. If a rural electric cooperative has existing electric service facilities with adequate and necessary service capability located in or within one mile outside the boundaries of the area proposed to be annexed, a majority of the existing developers, landowners, or prospective electric customers in the area proposed to be annexed may, anytime within forty-five days prior to the effective date of the annexation, submit a written request to the governing body of the annexing municipality to invoke mandatory good faith negotiations under section 394.312 to determine which electric service supplier is best suited to serve all or portions of the newly annexed area. In such negotiations the following factors shall be considered, at a minimum:

(1) The preference of landowners and prospective electric customers;
(2) The rates, terms, and conditions of service of the electric service suppliers;
(3) The economic impact on the electric service suppliers;
(4) Each electric service supplier's operational ability to serve all or portions of the annexed area within three years of the date the annexation becomes effective;
(5) Avoiding the wasteful duplication of electric facilities;
(6) Minimizing unnecessary encumbrances on the property and landscape within the area to be annexed; and
(7) Preventing the waste of materials and natural resources.

If the municipally owned electric utility and rural electric cooperative are unable to negotiate a territorial agreement pursuant to section 394.312 within forty-five days, then they may submit proposals to those submitting the original written request, whose preference shall control, section 394.080 to the contrary notwithstanding, and the governing body of the annexing municipality shall not reject the petition requesting
annexation based on such preference. This subsection shall not apply to municipally owned property in any newly annexed area.

3. In the event an electrical corporation rather than a municipally owned electric utility lawfully is providing electric service in the municipality, all the provisions of subsection 2 shall apply equally as if the electrical corporation were a municipally owned electric utility, except that if the electrical corporation and the rural electric cooperative are unable to negotiate a territorial agreement pursuant to section 394.312 within forty-five days, then either electric service supplier may file an application with the commission for an order determining which electric service supplier should serve, in whole or in part, the area to be annexed. The application shall be made pursuant to the rules and regulations of the commission governing applications for certificates of public convenience and necessity. The commission after the opportunity for hearing shall make its determination after consideration of the factors set forth in subdivisions (1) through (7) of subsection 2 of this section, and section 394.080 to the contrary notwithstanding, may grant its order upon a finding that granting of the applicant's request is not detrimental to the public interest. The commission shall issue its decision by report and order no later than one hundred twenty days from the date of the application unless otherwise ordered by the commission for good cause shown. Review of such commission decisions shall be governed by sections 386.500 to 386.550. If the applicant is a rural electric cooperative, the commission shall charge to the rural electric cooperative the appropriate fees as set forth in subsection 9 of this section.

4. When a municipally owned electric utility desires to extend its service territory to include any structure located within a newly annexed area which has received permanent service from another electric service supplier within ninety days prior to the effective date of the annexation, it shall:

(1) Notify by publication in a newspaper of general circulation the record owner of said structure, and notify in writing any affected electric service supplier and the public service commission, within sixty days after the effective date of the annexation its desire to extend its service territory to include said structure; and

(2) Within six months after the effective date of the annexation receive the approval of the municipality's governing body to begin negotiations pursuant to section 394.312 with any the affected electric service supplier.

4.-] 5. Upon receiving approval from the municipality's governing body pursuant to subsection [3] 4 of this section, the municipally owned electric utility and the affected electric service supplier shall meet and negotiate in good faith the terms of the territorial agreement and any transfers or acquisitions, including, as an alternative, granting the affected electric service...
supplier a franchise or authority to continue providing service in the annexed area. In the event
that the affected electric service supplier does not provide wholesale electric power to the
municipality, if the affected electric service supplier so desires, the parties [shall may] also
negotiate, consistent with applicable law, regulations and existing power supply agreements, for
power contracts which would provide for the purchase of power by the municipality from the
affected electric service supplier for an amount of power equivalent to the loss of any sales to
customers receiving permanent service at structures within the annexed areas which are being
sought by the municipally owned electric utility. The parties shall have no more than one
hundred eighty days from the date of receiving approval from the municipality's governing body
within which to conclude their negotiations and file their territorial agreement with the
commission for approval under the provisions of section 394.312. The time period for
negotiations allowed under this subsection may be extended for a period not to exceed one
hundred eighty days by a mutual agreement of the parties and a written request with the public
service commission.

[5.] 6. For purposes of this section, the term "fair and reasonable compensation" shall
mean the following:

(1) The present-day reproduction cost, new, of the properties and facilities serving the
annexed areas, less depreciation computed on a straight-line basis; and

(2) An amount equal to the reasonable and prudent cost of detaching the facilities in the
annexed areas and the reasonable and prudent cost of constructing any necessary facilities to
reintegrate the system of the affected electric service supplier outside the annexed area after
detaching the portion to be transferred to the municipally owned electric utility; and

(3) [Four] Two hundred percent of gross revenues less gross receipts taxes received by
the affected electric service supplier from the twelve-month period preceding the approval of the
municipality's governing body under the provisions of subdivision (2) of subsection [3] 4 of this
section, normalized to produce a representative usage from customers at the subject structures
in the annexed area; and

(4) Any federal, state and local taxes which may be incurred as a result of the transaction,
including the recapture of any deduction or credit; and

(5) Any other costs reasonably incurred by the affected electric supplier in connection
with the transaction.

[6.] 7. In the event the parties are unable to reach an agreement under subsection [4] 5
of this section, within sixty days after the expiration of the time specified for negotiations, the
municipally owned electric utility or the affected electric service supplier may apply to the
commission for an order assigning exclusive service territories within the annexed area and a
determination of the fair and reasonable compensation amount to be paid to the affected electric
service supplier under subsection [5] 6 of this section. Applications shall be made and notice of such filing shall be given to all affected parties pursuant to the rules and regulations of the commission governing applications for certificates of public convenience and necessity. Unless otherwise ordered by the commission for good cause shown, the commission shall rule on such applications not later than one hundred twenty days after the application is properly filed with the secretary of the commission. The commission shall hold evidentiary hearings to assign service territory between the affected electric service suppliers inside the annexed area and to determine the amount of compensation due any affected electric service supplier for the transfer of plant, facilities or associated lost revenues between electric service suppliers in the annexed area. The commission shall make such determinations based on findings of what best serves the public interest and shall issue its decision by report and order. Review of such commission decisions shall be governed by sections 386.500 to 386.550. The payment of compensation and transfer of title and operation of the facilities shall occur within ninety days after the order and any appeal therefrom becomes final unless the order provides otherwise.

[2.7] 8. In reaching its decision under subsection [6] 7 of this section, the commission shall consider the following factors:

(1) Whether the acquisition or transfers sought by the municipally owned electric utility within the annexed area from the affected electric service supplier are, in total, in the public interest, including the preference of the owner of any affected structure, consideration of rate disparities between the competing electric service suppliers, and issues of unjust rate discrimination among customers of a single electric service supplier if the rates to be charged in the annexed areas are lower than those charged to other system customers; and

(2) The fair and reasonable compensation to be paid by the municipally owned electric utility, to the affected electric service supplier with existing system operations within the annexed area, for any proposed acquisitions or transfers; and

(3) Any effect on system operation, including, but not limited to, loss of load and loss of revenue; and

(4) Any other issues upon which the municipally owned electric utility and the affected electric service supplier might otherwise agree, including, but not limited to, the valuation formulas and factors contained in subsections [4, 5 and 6.] 5, 6, and 7 of this section, even if the parties could not voluntarily reach an agreement thereon under those subsections.

[8.9] 9. The commission is hereby given all necessary jurisdiction over municipally owned electric utilities and rural electric cooperatives to carry out the purposes of this section consistent with other applicable law; provided, however, the commission shall not have jurisdiction to compel the transfer of customers or structures with a connected load greater than one thousand kilowatts. The commission shall by rule set appropriate fees to be charged on a case-by-case
basis to municipally owned electric utilities and rural electric cooperatives to cover all necessary
costs incurred by the commission in carrying out its duties under this section. **Nothing in this
section shall be construed as otherwise conferring upon the public service commission
jurisdiction over the service, rates, financing, accounting, or management of any rural
electric cooperative or municipally owned electric utility, except as provided in this section.**

10. Notwithstanding sections 394.020 and 394.080 to the contrary, a rural electric
cooperative may provide electric service within the corporate boundaries of a municipality
if such service is provided:

(1) Pursuant to subsections 2 through 9 of this section; and

(2) Such service is conditioned upon the execution of the appropriate territorial and
municipal franchise agreements, which may include a nondiscriminatory requirement,
consistent with other applicable law, that the rural electric cooperative collect and remit
a sales tax based on the amount of electricity sold by the rural electric cooperative within
the municipality.

393.106. 1. As used in this section, the following terms mean:

(1) "Permanent service", electrical service provided through facilities which have been
permanently installed on a structure and which are designed to provide electric service for the
structure's anticipated needs for the indefinite future, as contrasted with facilities installed
temporarily to provide electrical service during construction. Service provided temporarily shall
be at the risk of the electrical supplier and shall not be determinative of the rights of the provider
or recipient of permanent service;

(2) "Structure" or "structures", an agricultural, residential, commercial, industrial or other
building or a mechanical installation, machinery or apparatus at which retail electric energy is
being delivered through a metering device which is located on or adjacent to the structure and
connected to the lines of an electrical supplier. Such terms shall include any contiguous or
adjacent additions to or expansions of a particular structure. Nothing in this section shall be
construed to confer any right on an electric supplier to serve new structures on a particular tract
of land because it was serving an existing structure on that tract.

2. Once an electrical corporation or joint municipal utility commission, or its predecessor
in interest, lawfully commences supplying retail electric energy to a structure through permanent
service facilities, it shall have the right to continue serving such structure, and other suppliers
of electrical energy shall not have the right to provide service to the structure except as might be
otherwise permitted in the context of municipal annexation, pursuant to section 386.800 and
section 394.080, or pursuant to a territorial agreement approved under section 394.312. The
public service commission, upon application made by an affected party, may order a change of
suppliers on the basis that it is in the public interest for a reason other than a rate differential.
The commission's jurisdiction under this section is limited to public interest determinations and excludes questions as to the lawfulness of the provision of service, such questions being reserved to courts of competent jurisdiction. Except as provided in this section, nothing contained herein shall affect the rights, privileges or duties of existing corporations pursuant to this chapter. Nothing in this section shall be construed to make lawful any provision of service which was unlawful prior to July 11, 1991. Nothing in this section shall be construed to make unlawful the continued lawful provision of service to any structure which may have had a different supplier in the past, if such a change in supplier was lawful at the time it occurred. However, those customers who had cancelled service with their previous supplier or had requested cancellation by May 1, 1991, shall be eligible to change suppliers as per previous procedures. No customer shall be allowed to change electric suppliers by disconnecting service between May 1, 1991, and July 11, 1991.

3. Notwithstanding the provisions of this section, section 91.025, section 394.080, and section 394.315 to the contrary, in the event that a retail electric supplier is providing service to a structure located within a city, town, or village that ceased to be a rural area, and such structure is demolished and replaced by a new structure, such retail electric service supplier may provide permanent service to the new structure upon the request of the owner of the new structure.

394.020. In this chapter, unless the context otherwise requires,

1. "Member" means each incorporator of a cooperative and each person admitted to and retaining membership therein, and shall include a husband and wife admitted to joint membership;

2. "Person" includes any natural person, firm, association, corporation, business trust, partnership, federal agency, state or political subdivision or agency thereof, or any body politic; and

3. "Rural area" shall be deemed to mean any area of the United States not included within the boundaries of any city, town or village having a population in excess of [fifteen] sixteen hundred inhabitants, and such term shall be deemed to include both the farm and nonfarm population thereof. The number of inhabitants specified in this subsection shall be increased by six percent every ten years after each decennial census beginning in 2030.

394.315. 1. As used in this section, the following terms mean:

1. "Permanent service", electrical service provided through facilities which have been permanently installed on a structure and which are designed to provide electric service for the structure's anticipated needs for the indefinite future, as contrasted with facilities installed temporarily to provide electrical service during construction. Service provided temporarily shall
be at the risk of the electrical supplier and shall not be determinative of the rights of the provider or recipient of permanent service;

(2) "Structure" or "structures", an agricultural, residential, commercial, industrial or other building or a mechanical installation, machinery or apparatus at which retail electric energy is being delivered through a metering device which is located on or adjacent to the structure and connected to the lines of an electrical supplier. Such terms shall include any contiguous or adjacent additions to or expansions of a particular structure. Nothing in this section shall be construed to confer any right on a rural electric cooperative or an electric supplier to serve new structures on a particular tract of land because it was serving an existing structure on that tract.

2. Once a rural electric cooperative, or its predecessor in interest, lawfully commences supplying retail electric energy to a structure through permanent service facilities, it shall have the right to continue serving such structure, and other suppliers of electrical energy shall not have the right to provide service to the structure except as might be otherwise permitted in the context of municipal annexation, pursuant to section 386.800 and section 394.080, or pursuant to a territorial agreement approved under section 394.312. The public service commission, upon application made by an affected party, may order a change of suppliers on the basis that it is in the public interest for a reason other than a rate differential, and the commission is hereby given jurisdiction over rural electric cooperatives to accomplish the purpose of this section. The commission's jurisdiction under this section is limited to public interest determinations and excludes questions as to the lawfulness of the provision of service, such questions being reserved to courts of competent jurisdiction. Except as provided herein, nothing in this section shall be construed as otherwise conferring upon the commission jurisdiction over the service, rates, financing, accounting or management of any such cooperative, and except as provided in this section, nothing contained herein shall affect the rights, privileges or duties of existing cooperatives pursuant to this chapter. Nothing in this section shall be construed to make lawful any provision of service which was unlawful prior to July 11, 1991. Nothing in this section shall be construed to make unlawful the continued lawful provision of service to any structure which may have had a different supplier in the past, if such a change in supplier was lawful at the time it occurred. However, those customers who had cancelled service with their previous supplier or had requested cancellation by May 1, 1991, shall be eligible to change suppliers as per previous procedures. No customer shall be allowed to change electric suppliers by disconnecting service between May 1, 1991, and July 11, 1991.

3. Notwithstanding the provisions of this section, section 91.025, section 393.106, and section 394.080 to the contrary, in the event that a retail electric supplier is providing service to a structure located within a city, town, or village that has ceased to be a rural area, and such structure is demolished and replaced by a new structure, such retail electric
service supplier may provide permanent service to the new structure upon the request of
the owner of the new structure.

Previous to any marriage in this state, a license for that purpose shall be obtained from the officer authorized to issue the same, and no marriage contracted shall be recognized as valid unless the license has been previously obtained, and unless the marriage is solemnized by a person authorized by law to solemnize marriages.

2. Before applicants for a marriage license shall receive a license, and before the recorder of deeds shall be authorized to issue a license, the parties to the marriage shall present an application for the license, duly executed and signed in the presence of the recorder of deeds or their deputy or electronically through an online process. If an applicant is unable to sign the application in the presence of the recorder of deeds as a result of the applicant's incarceration or because the applicant has been called or ordered to active military duty out of the state or country, the recorder of deeds may issue a license if:

the applicant's incarceration or because the applicant has been called or ordered to active military
duty out of the state or country, which will be verified by the professional or official who directs
the operation of the jail or prison or the military applicant's military officer, or such professional's
or official's designee, and acknowledged by a notary public commissioned by the state of
Missouri at the time of verification. However, in the case of an applicant who is called or
ordered to active military duty outside Missouri, [acknowledgement] acknowledgment may be
obtained by a notary public who is duly commissioned by a state other than Missouri or by
notarial services of a military officer in accordance with the Uniform Code of Military Justice

for a marriage license or to issue a marriage license and the applicants’ identity has not
been verified in person, the recorder of deeds shall have a two-step identity verification
process or a process that independently verifies the identity of such applicants. Such
process shall be adopted as part of any electronic system for marriage licenses if the applicants do not present themselves to the recorder of deeds or his or her designee in person. It shall be the responsibility of the recorder of deeds to ensure any process adopted to allow electronic application or issuance of a marriage license verifies the identities of both applicants. The recorder of deeds shall not accept applications for or issue marriage licenses through the process provided in this subsection unless both applicants are at least eighteen years of age and at least one of the applicants is a resident of the county or city not within a county in which the application was submitted.
