

HB 41 -- PREEMPTION OF FIREARMS

SPONSOR: Brown (27)

This bill repeals Section 21.750, RSMo, in which the General Assembly preempted the entire field of firearms regulation. Political subdivisions will now be able to regulate firearms in any manner allowed by state and federal law and that is consistent with their police powers or charter.

This bill is the same as HB 1261 (2020).
