

HB 1099 -- EARLY VOTING

SPONSOR: Gunby

This bill creates an early voting period and regulations for additional satellite voting sites based on population size. Voting may be conducted in-person or by mail during the early voting period and procedures for election administration, notice of voting location, and election judge selection are specified in the bill. The early voting period begins the sixth Tuesday prior to election day and ends at the close of regular business hours on the Monday immediately before the election.

The bill allows a voter to vote in advance without stating an excuse and requires the state and local election authority to have a list of early voters with specified public information. The list shall be made available to anyone who requests a copy.

This bill is similar to HB 415 (2021).
