FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Revenue**, the **Missouri Highway Patrol**, the **Attorney General's Office**, the **Department of Natural Resources**, the **Missouri Department of Agriculture**, the **Missouri Department of Transportation** and the **Office of the State Public Defender** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

In response to similar legislation from this year, HB 1456, officials from the **Missouri Office of Prosecution Services** assumed the proposal will have no fiscal impact on their organization. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note.

Officials from the **City of Kansas City**, the **City of Springfield**, the **Phelps County Sheriff's Department**, the **Greenwood Police Department**, the **Kansas City Police Department** and the **St. Louis County Police Department** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight notes in an article from the Bismark Tribune from February 22, 2021 regarding North Dakota's SB 2242, "*Catalytic converters -- devices mandatory on gasoline-burning vehicles since the mid-1970s -- are a hot item, and not just because vehicle exhaust passes through them. Inside each device is a sort of honeycomb lined with metals such as palladium, rhodium and platinum, which remove pollutants from the exhaust.*

Palladium is worth about \$2,400 an ounce, said Larry Schneider, owner of Bismarck Gold and Silver Exchange. That equates to about \$85 per gram. Platinum is valued at about \$1,300 per ounce (\$46 per gram). Rhodium is worth about \$20,000 per ounce (\$706 per gram) "

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other cities, counties and local law enforcement were requested to respond to this proposed legislation but did not. A general listing of political subdivisions included in our database is available upon request.
