49 6. If a document of gift specifies only a general
50 intent to make an anatomical gift by words such as "donor",
51 "organ donor", or "body donor", or by a symbol or statement
52 of similar import, the gift may be used only for
53 transplantation or therapy, and the gift passes in
54 accordance with subsection 7 of this section.

55 7. For purposes of subsections 2, 5, and 6 of this
56 section, the following rules apply:

57 (1) If the part is an eye, the gift passes to the
58 appropriate eye bank;

59 (2) If the part is tissue, the gift passes to the
60 appropriate tissue bank;

61 (3) If the part is an organ, the gift passes to the
62 appropriate organ procurement organization as custodian of
63 the organ;

64 (4) If the gift is medically unsuitable for
65 transplantation or therapy, the gift may be used for
66 appropriate scientific or medical research or education and
67 pass to the appropriate procurement organization [or cadaver
68 procurement organization].

69 8. An anatomical gift of an organ for transplantation
70 or therapy, other than an anatomical gift under subdivision
71 (2) of subsection 1 of this section, passes to the organ
72 procurement organization as custodian of the organ.

73 9. If an anatomical gift does not pass under
74 subsections 1 through 8 of this section or the decedent's
75 body or part is not used for transplantation, therapy,
76 research, or education, custody of the body or part passes
77 to the person under obligation to dispose of the body or
78 part.

79 10. A person may not accept an anatomical gift if the
80 person knows that the gift was not effectively made under
81 section 194.225 or 194.250 or if the person knows that the
82 decedent made a refusal under section 194.235 that was not
83 revoked. For purposes of this subsection, if a person knows
84 that an anatomical gift was made on a document of gift, the
85 person is deemed to know of any amendment or revocation of
86 the gift or any refusal to make an anatomical gift on the
87 same document of gift.

88 11. A person may not accept an anatomical gift if the
89 person knows that the gift is from the body of an executed
90 prisoner from another country.

91 12. Except as otherwise provided in subdivision (2) of
92 subsection 1 of this section, nothing in this act affects
93 the allocation of organs for transplantation or therapy.

194.265. 1. When a hospital refers an individual at
2 or near death to a procurement organization, the
3 organization shall make a reasonable search of any donor
4 registry and other applicable records that it knows exist
5 for the geographical area in which the individual resides to
6 ascertain whether the individual has made an anatomical gift.

7 2. A procurement organization must be allowed
8 reasonable access to information in the records of the
9 department of health and senior services and department of
10 revenue to ascertain whether an individual at or near death
11 is a donor.

12 3. When a hospital refers an individual at or near
13 death to a procurement organization, the organization may
14 conduct any reasonable examination necessary to ensure the
15 medical suitability of a part that is or could be the
16 subject of an anatomical gift for transplantation, therapy,
17 research, or education from a donor, potential donor, or a
18 prospective donor. During the examination period, measures
19 necessary to ensure the medical suitability of the part may
20 not be withdrawn unless the hospital or procurement
21 organization knows a contrary intent had or has been
22 expressed by the individual or an agent of the individual,
23 or if the individual is incapacitated and he or she has no
24 agent, knows a contrary intent has been expressed by any
25 person listed in section 194.245 having priority to make an
26 anatomical gift on behalf of the individual.

27 4. Unless prohibited by law other than sections
28 194.210 to 194.294, at any time after a donor's death, the
29 person to which a part passes under section 194.255 may
30 conduct any reasonable examination necessary to ensure the
31 medical suitability of the body or part for its intended
32 purpose.

33 5. Unless prohibited by law other than sections
34 194.210 to 194.294, an examination under subsection 3 or 4
35 of this section may include an examination of all medical
36 records of the donor, potential donor, or prospective donor.

37 6. Upon the death of a minor who was a donor or had
38 signed a refusal, unless a procurement organization knows
39 the minor is emancipated, the procurement organization shall
40 conduct a reasonable search for the parents of the minor and
41 provide the parents with an opportunity to revoke or amend
42 the anatomical gift or revoke a refusal.

43 7. Upon referral by a hospital under subsection 1 of
44 this section, a procurement organization shall make a
45 reasonable search for any person listed in section 194.245
46 having priority to make an anatomical gift on behalf of a
47 donor, potential donor, or prospective donor. If a
48 procurement organization receives information that an
49 anatomical gift to any other person was made, amended, or
50 revoked, it shall promptly advise the other person of all
51 relevant information.

52 8. Subject to subsection 9 of section 194.255 and
53 section 58.785, the rights of the person to which a part
54 passes under section 194.255 are superior to rights of all
55 others with respect to the part. The person may accept or
56 reject an anatomical gift in whole or in part. Subject to
57 the terms of the document of gift and this act, a person
58 that accepts an anatomical gift of an entire body may allow
59 embalming or cremation and use of remains in a funeral
60 service. If the gift is of a part, the person to which the
61 part passes under section 194.255, upon the death of the
62 donor and before embalming, burial, or cremation, shall
63 cause the part to be removed without unnecessary mutilation.

64 9. Neither the physician who attends the decedent
65 immediately prior to or at death nor the physician who

66 determines the time of the decedent's death may participate
67 in the procedures for removing or transplanting a part from
68 the decedent.

69 10. No physician who removes or transplants a part
70 from the decedent, or a procurement organization, shall have
71 primary responsibility for the health care treatment, or
72 health care decision-making for such individual's terminal
73 condition during the hospitalization for which the
74 individual becomes a donor.

75 11. A physician or technician may remove a donated
76 part from the body of a donor that the physician or
77 technician is qualified to remove.

194.285. 1. A person that acts in accordance with
2 sections 194.210 to 194.294 or with the applicable
3 anatomical gift law of another state that is not
4 inconsistent with the provisions of sections 194.210 to
5 194.294 or attempts without negligence and in good faith to
6 do so is not liable for the act in any civil action,
7 criminal, or administrative proceeding.

8 2. Neither the person making an anatomical gift nor
9 the donor's estate is liable for any injury or damage that
10 results from the making or use of the gift.

11 3. In determining whether an anatomical gift has been
12 made, amended, or revoked under sections 194.210 to 194.294,
13 a person may rely upon representations of individuals listed
14 in subdivision (2), (3), (4), (5), (6), (7), or (8) of
15 subsection 1 of section 194.245 relating to the individual's
16 relationship to the donor, potential donor, or prospective
17 donor unless the person knows that representation is untrue.

194.290. 1. As used in this section, the following
2 terms mean:

3 (1) "Advance health-care directive", a power of
4 attorney for health care or a record signed or authorized by

5 a donor, potential donor, or prospective donor, containing
6 the [prospective] donor's direction concerning a health-care
7 decision for the [prospective] donor;

8 (2) "Declaration", a record, including but not limited
9 to a living will, or a do-not-resuscitate order, signed by a
10 donor, potential donor, or prospective donor specifying the
11 circumstances under which a life support system may be
12 withheld or withdrawn;

13 (3) "Health-care decision", any decision regarding the
14 health care of the donor, potential donor, or prospective
15 donor.

16 2. If a donor, potential donor, or prospective donor
17 has a declaration or advance health-care directive and the
18 terms of the declaration or directive and the express or
19 implied terms of a potential anatomical gift are in conflict
20 with regard to the administration of measures necessary to
21 ensure the medical suitability of a part for transplantation
22 or therapy, the [prospective] donor's attending physician
23 and [prospective] donor shall confer to resolve the
24 conflict. If the donor, potential donor, or prospective
25 donor is incapable of resolving the conflict, an agent
26 acting under the [prospective] donor's declaration or
27 directive or, if none or the agent is not reasonably
28 available, another person authorized by law to make health-
29 care decisions on behalf of the [prospective] donor shall
30 act for the donor to resolve the conflict. The conflict
31 must be resolved as expeditiously as possible. Information
32 relevant to the resolution of the conflict may be obtained
33 from the appropriate procurement organization and any other
34 person authorized to make an anatomical gift for the
35 prospective donor under section 194.245. Before the
36 resolution of the conflict, measures necessary to ensure the
37 medical suitability of an organ for transplantation or

38 therapy may not be withheld or withdrawn from the donor,
39 potential donor, or prospective donor if withholding or
40 withdrawing the measures is not contraindicated by
41 appropriate end-of-life care.

194.297. 1. There is established in the state
2 treasury the "Organ Donor Program Fund" [, which shall
3 consist of all moneys deposited by the director of revenue
4 pursuant to subsection 2 of section 302.171 and any other
5 moneys donated or appropriated to the fund]. The state
6 treasurer shall credit to and deposit in the organ donor
7 program fund all amounts received under sections 301.020,

27 shall be credited to the organ donor program fund.

32 organizations and foundations, and bequests. Private
33 contributions, grants, and federal funds may be used and
34 expended by the department for such purposes as may be
35 specified in any requirements, terms, or conditions attached
36 thereto or, in the absence of any specific requirements,
37 terms, or conditions, as the department may determine for
38 purposes outlined in subsection 1 of this section.

39 5. The acceptance and use of federal funds shall not
40 commit any state funds, nor place any obligation upon the
41 general assembly to continue the programs or activities
42 outlined in the federal fund award for which the federal
43 funds are available.

44 6. The state treasurer shall administer the fund, and
45 the moneys in the fund shall be used solely, upon
46 appropriation, by the department [of health and senior
47 services, in consultation]. The department may consult with
48 the organ donation advisory committee[, for implementation
49 of organ donation awareness programs in the manner
50 prescribed in subsection 2 of section 194.300] about the
51 implementation of programming and related expenditures.

52 7. Notwithstanding the provisions of section 33.080 to
53 the contrary, moneys in the organ donor program fund at the
54 end of any biennium shall not be transferred to the credit
55 of the general revenue fund. There shall be no money
56 appropriated from general revenue to administer the fund in
57 the event the fund cannot sustain itself.

8 by the department.

9 2. Upon receipt of the application and fee, if a fee
10 is required, the department [**shall**] may conduct a survey to
11 evaluate the quality of services rendered by an applicant
12 for renewal. The department shall inspect each licensed
13 facility in accordance with Title XVIII of the Social
14 Security Act and approve the application and renew the
15 certificate of any applicant which is in compliance with
16 sections 197.250 to 197.280 and the rules made pursuant
17 thereto and which passes the department's survey.

18 3. The certificate of any hospice which has not been
19 renewed as required by this section shall be void.

20 4. The department shall require all certificated
21 hospices to submit statistical reports. The content,
22 format, and frequency of such reports shall be prescribed by
23 the department.

2 sections 197.250 to 197.280, the department may make such
3 surveys as it deems necessary during normal business hours.

5 **once annually**] in accordance with Title XVIII of the Social
6 Security Act. The hospice shall permit the department's
7 representatives to enter upon any of its business premises
8 during normal business hours for the purpose of a survey.

9 2. As a part of its survey of a hospice, the
10 department may visit the home of any client of such hospice
11 with such client's consent.

12 3. In lieu of any survey required by sections 197.250
13 to 197.280, the department may accept in whole or in part
14 the survey of any state or federal agency, or of any
15 professional accrediting agency, if such survey:

16 (1) Is comparable in scope and method to the
17 department's surveys; and

18 (2) Is conducted [within one year of initial
19 application] in accordance with Title XVIII of the Social
20 Security Act for initial application or renewal of the
21 hospice's certificate.

22 4. The department shall not be required to survey any
23 hospice providing service to Missouri residents through an
24 office located in a state bordering Missouri if such
25 bordering state has a reciprocal agreement with Missouri on
26 hospice certification and the area served in Missouri by the
27 agency is contiguous to the area served in the bordering
28 state.

29 5. Any hospice which has its parent office in a state
30 which does not have a reciprocal agreement with Missouri on
31 hospice certification shall maintain a branch office in
32 Missouri. Such branch office shall maintain all records
33 required by the department for survey and shall be
34 certificated as a hospice.

23 correction order regarding violations of class II or class
24 III standards to request any conference and to submit a plan
25 of correction for the department's approval which contains
26 specific dates for achieving compliance. Within five

28 a violation of a class I standard and within ten working
29 days after receiving a plan of correction regarding a
30 violation of a class II or III standard, the department
31 shall give its written approval or rejection of the plan.

32 If there was a violation of any class I standard, immediate
33 corrective action shall be taken by the operator or

35 submitted to the department. The department shall give its
36 written approval or rejection of the plan and if the plan is
37 acceptable, a reinspection shall be conducted within twenty
38 calendar days of the exit interview to determine if
39 deficiencies have been corrected. If there was a violation
40 of any class II standard and the plan of correction is
41 acceptable, an unannounced reinspection shall be conducted
42 between forty and ninety calendar days from the date of the
43 exit conference to determine the status of all previously
44 cited deficiencies. If there was a violation of class III
45 standards sufficient to establish that the facility was not

47 be conducted within one hundred twenty days of the exit
48 interview to determine the status of previously identified
49 deficiencies.

50 3. If, following the reinspection, the facility is
51 found not in substantial compliance with sections 198.003 to
52 198.096 and the standards established thereunder or the
53 operator is not correcting the noncompliance in accordance
54 with the approved plan of correction, the department shall
55 issue a notice of noncompliance, which shall be sent by

62 operator or administrator that the department may seek the
63 imposition of any of the sanctions and remedies provided for
64 in section 198.067, or any other action authorized by law.

65 5. At any time after an inspection is conducted, the
66 operator may choose to enter into a consent agreement with
67 the department to obtain a probationary license. The
68 consent agreement shall include a provision that the
69 operator will voluntarily surrender the license if
70 substantial compliance is not reached in accordance with the
71 terms and deadlines established under the agreement. The
72 agreement shall specify the stages, actions and time span to
73 achieve substantial compliance.

74 6. Whenever a notice of noncompliance has been issued,
75 the operator shall post a copy of the notice of
76 noncompliance and a copy of the most recent inspection
77 report in a conspicuous location in the facility, and the
78 department shall send a copy of the notice of noncompliance

40 federal court arising out of conduct involving either
41 management of a long-term care facility or the provision or
42 receipt of health care.

43 2. Nothing in subdivision (2) of subsection 1 of this
44 section shall be construed as allowing the department access
45 to information not necessary to carry out the duties set
46 forth in sections 198.006 to 198.186.

47 3. Upon revocation of a license, the director of the
48 department shall so notify the operator in writing, setting
49 forth the reason and grounds for the revocation. Notice of

50 such revocation shall be sent [either by certified mail,
51 return receipt requested,] by a delivery service that
52 provides a dated receipt of delivery to the operator [at the
53 address of the facility] and administrator, or served
54 personally upon the operator and administrator. The
55 department shall provide the operator notice of such
56 revocation at least ten days prior to its effective date.

198.525. 1. [Except as otherwise provided pursuant to
2 section 198.526,] In order to comply with sections 198.012
3 and 198.022, the department of health and senior services
4 shall inspect residential care facilities, assisted living
5 facilities, intermediate care facilities, and skilled
6 nursing facilities, including those facilities attached to
7 acute care hospitals at least [twice] once a year.

8 2. The department shall not assign an individual to
9 inspect or survey a long-term care facility licensed under
10 this chapter, for any purpose, in which the inspector or
11 surveyor was an employee of such facility within the
12 preceding two years.

13 3. For any inspection or survey of a facility licensed
14 under this chapter, regardless of the purpose, the
15 department shall require every newly hired inspector or
16 surveyor at the time of hiring or, with respect to any
17 currently employed inspector or surveyor as of August 28,
18 2009, to disclose:

19 (1) The name of every Missouri licensed long-term care
20 facility in which he or she has been employed; and

21 (2) The name of any member of his or her immediate
22 family who has been employed or is currently employed at a
23 Missouri licensed long-term care facility.

24 The disclosures under this subsection shall be
25 disclosed to the department whenever the event giving rise
26 to disclosure first occurs.

27 4. For purposes of this section, the phrase "immediate
28 family member" shall mean husband, wife, natural or adoptive
29 parent, child, sibling, stepparent, stepchild, stepbrother,
30 stepsister, father-in-law, mother-in-law, son-in-law,
31 daughter-in-law, brother-in-law, sister-in-law, grandparent
32 or grandchild.

33 5. The information called for in this section shall be
34 a public record under the provisions of subdivision (6) of
35 section 610.010.

36 6. Any person may notify the department if facts exist
37 that would lead a reasonable person to conclude that any
38 inspector or surveyor has any personal or business
39 affiliation that would result in a conflict of interest in
40 conducting an inspection or survey for a facility. Upon
41 receiving that notice, the department, when assigning an
42 inspector or surveyor to inspect or survey a facility, for
43 any purpose, shall take steps to verify the information and,
44 if the department has probable cause to believe that it is
45 correct, shall not assign the inspector or surveyor to the
46 facility or any facility within its organization so as to
47 avoid an appearance of prejudice or favor to the facility or
48 bias on the part of the inspector or surveyor.

198.526. 1. [Except as provided in subsection 3 of
2 this section,] The department of health and senior services
3 shall inspect all facilities licensed by the department at
4 least [twice] once each year. Such inspections shall be
5 conducted:

6 (1) Without the prior notification of the facility; and

7 (2) At times of the day, on dates and at intervals
8 which do not permit facilities to anticipate such
9 inspections.

10 2. The department shall annually reevaluate the
11 inspection process to ensure the requirements of subsection
12 1 of this section are met.

13 3. [The department may reduce the frequency of
14 inspections to once a year if a facility is found to be in
15 substantial compliance. The basis for such determination
16 shall include, but not be limited to, the following:

17 (1) Previous inspection reports;

18 (2) The facility's history of compliance with rules
19 promulgated pursuant to this chapter;

20 (3) The number and severity of complaints received
21 about the facility; and

22 (4) In the year subsequent to a finding of no class I
23 violations or class II violations, the facility does not
24 have a change in ownership, operator, or, if the department
25 finds it significant, a change in director of nursing.

26 4.] Information regarding unannounced inspections
27 shall be disclosed to employees of the department on a need-
28 to-know basis only. Any employee of the department who
29 knowingly discloses the time of an unannounced inspection in
30 violation of this section is guilty of a class A misdemeanor
31 and shall have his or her employment immediately terminated.

198.545. 1. This section shall be known and may be
2 cited as the "Missouri Informal Dispute Resolution Act".

3 2. As used in this section, the following terms shall
4 mean:

5 (1) "Deficiency", a facility's failure to meet a
6 participation requirement or standard, whether state or
7 federal, supported by evidence gathered from observation,
8 interview, or record review;

9 (2) "Department", the department of health and senior
10 services;

11 (3) "Facility", a long-term care facility licensed
12 under this chapter;

13 (4) "IDR", informal dispute resolution as provided for
14 in this section;

15 (5) "Independent third party", the federally
16 designated Medicare Quality Improvement Organization in this
17 state;

18 (6) "Plan of correction", a facility's response to
19 deficiencies which explains how corrective action will be
20 accomplished, how the facility will identify other residents
21 who may be affected by the deficiency practice, what
22 measures will be used or systemic changes made to ensure
23 that the deficient practice will not reoccur, and how the
24 facility will monitor to ensure that solutions are sustained;

25 (7) "QIO", the federally designated Medicare Quality
26 Improvement Organization in this state.

27 3. The department of health and senior services shall
28 contract with an independent third party to conduct informal
29 dispute resolution (IDR) for facilities licensed under this
30 chapter. The IDR process, including conferences, shall
31 constitute an informal administrative process and shall not
32 be construed to be a formal evidentiary hearing. Use of IDR
33 under this section shall not waive the facility's right to
34 pursue further or additional legal actions.

35 4. The department shall establish an IDR process to
36 determine whether a cited deficiency as evidenced by a
37 statement of deficiencies against a facility shall be
38 upheld. The department shall promulgate rules to
39 incorporate by reference the provisions of 42 CFR 488.331
40 regarding the IDR process and to include the following
41 minimum requirements for the IDR process:

42 (1) Within ten working days of the end of the survey,
43 the department shall by [certified mail] a delivery service

44 that provides dated receipt of delivery transmit to the
45 facility a statement of deficiencies committed by the
46 facility. Notification of the availability of an IDR and
47 IDR process shall be included in the transmittal;

48 (2) Within ten [calendar] working days of receipt of
49 the statement of deficiencies, the facility shall return a
50 plan of correction to the department. Within such ten-day
51 period, the facility may request in writing an IDR
52 conference to refute the deficiencies cited in the statement
53 of deficiencies;

54 (3) Within ten working days of receipt of a request
55 for an IDR conference made by a facility, the QIO shall hold
56 an IDR conference unless otherwise requested by the
57 facility. The IDR conference shall provide the facility
58 with an opportunity to provide additional information or
59 clarification in support of the facility's contention that
60 the deficiencies were erroneously cited. The facility may
61 be accompanied by counsel during the IDR conference. The
62 type of IDR held shall be at the discretion of the facility,
63 but shall be limited to:

64 (a) A desk review of written information submitted by
65 the facility; or

66 (b) A telephonic conference; or

67 (c) A face-to-face conference held at the headquarters
68 of the QIO or at the facility at the request of the
69 facility.

70 If the QIO determines the need for additional information,
71 clarification, or discussion after conclusion of the IDR
72 conference, the department and the facility shall be present.

73 5. Within ten days of the IDR conference described in
74 subsection 4 of this section, the QIO shall make a
75 determination, based upon the facts and findings presented,

76 and shall transmit the decision and rationale for the
77 outcome in writing to the facility and the department.

78 6. If the department disagrees with such
79 determination, the department shall transmit the
80 department's decision and rationale for the reversal of the
81 QIO's decision to the facility within ten calendar days of
82 receiving the QIO's decision.

83 7. If the QIO determines that the original statement
84 of deficiencies should be changed as a result of the IDR
85 conference, the department shall transmit a revised
86 statement of deficiencies to the facility with the
87 notification of the determination within ten calendar days
88 of the decision to change the statement of deficiencies.

89 8. Within ten calendar days of receipt of the
90 determination made by the QIO and the revised statement of
91 deficiencies, the facility shall submit a plan of correction
92 to the department.

93 9. The department shall not post on its website or
94 enter into the Centers for Medicare & Medicaid Services
95 Online Survey, Certification and Reporting System, or report
96 to any other agency, any information about the deficiencies
97 which are in dispute unless the dispute determination is
98 made and the facility has responded with a revised plan of
99 correction, if needed.

100 10. Any rule or portion of a rule, as that term is
101 defined in section 536.010, that is created under the
102 authority delegated in this section shall become effective
103 only if it complies with and is subject to all of the
104 provisions of chapter 536 and, if applicable, section
105 536.028. This section and chapter 536 are nonseverable and
106 if any of the powers vested with the general assembly
107 pursuant to chapter 536 to review, to delay the effective
108 date, or to disapprove and annul a rule are subsequently

109 held unconstitutional, then the grant of rulemaking
110 authority and any rule proposed or adopted after August 28,
111 2009, shall be invalid and void.

2 trailer, which shall be operated or driven upon the highways
3 of this state, except as herein otherwise expressly
4 provided, shall annually file, by mail or otherwise, in the
5 office of the director of revenue, an application for
6 registration on a blank to be furnished by the director of
7 revenue for that purpose containing:

40 age or less and has less than one hundred fifty thousand
41 miles on the odometer, the director of revenue shall retain
42 the odometer information provided in the vehicle inspection
43 report, and provide for prompt access to such information,
44 together with the vehicle identification number for the
45 motor vehicle to which such information pertains, for a
46 period of ten years after the receipt of such information.
47 This subsection shall not apply unless:

48 (1) The application for the vehicle's certificate of
49 ownership was submitted after July 1, 1990; and

101 claims report to the director of revenue the name and
102 address of such owner, the year, make, model, vehicle
103 identification number, and license plate number of the
