

JOURNAL OF THE HOUSE

Second Regular Session, 101st GENERAL ASSEMBLY

SIXTY-FIFTH DAY, THURSDAY, MAY 5, 2022

The House met pursuant to adjournment.

Speaker Vescovo in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicky, Chaplain.

On the lips of him who has understanding wisdom is found. (Proverbs 10:13)

O God of endless love, whose strength sustains us in our labor and whose spirit supports us in our leisure, grant us the consciousness of Your presence as we face this full day, that our work may not be a burden but a delight, our votes not be troubled by fear but filled with faith, and our thoughts not be disturbed by words of others but made better by positive bipartisan cooperation on this national day of prayer.

Give us the faith that never falters, the hope that never fails, the love which never falls by the way as we live through these busy final days. May our concern for our state help us to lift the fallen, strengthen the weak, and sustain the weary that we may hasten the dawn of a new day for our citizens and for all who call our Missouri home and protect us from flooding and storms.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-fourth day was approved as printed.

THIRD READING OF SENATE BILLS - INFORMAL

HCS SB 845, relating to financial information provided to county officials, was taken up by Representative McGaugh.

Representative McGaugh offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for Senate Bill No. 845, Page 1, In the Title, Lines 3-4, by deleting the words "financial information provided to county officials" and inserting in lieu thereof the words "county economic activity"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative McGaugh, **House Amendment No. 1** was adopted.

Representative McGaugh offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for Senate Bill No. 845, Page 8, Section 473.742, Line 84, by inserting after all of said section and line the following:

"620.2020. 1. The department shall respond to a written request, by or on behalf of a qualified company or qualified military project, for a proposed benefit award under the provisions of this program within five business days of receipt of such request. The department shall respond to a written request, by or on behalf of a qualified manufacturing company, for a proposed benefit award under the provisions of this program within fifteen business days of receipt of such request. Such response shall contain either a proposal of benefits for the qualified company or qualified military project, or a written response refusing to provide such a proposal and stating the reasons for such refusal. A qualified company or qualified military project that intends to seek benefits under the program shall submit to the department a notice of intent. The department shall respond within thirty days to a notice of intent with an approval or a rejection, provided that the department may withhold approval or provide a contingent approval until it is satisfied that proper documentation of eligibility has been provided. The department shall certify or reject the qualifying company's plan outlined in their notice of intent as satisfying good faith efforts made to employ, at a minimum, commensurate with the percentage of minority populations in the state of Missouri, as reported in the previous decennial census, the following: racial minorities, contractors who are racial minorities, and contractors that, in turn, employ at a minimum racial minorities commensurate with the percentage of minority populations in the state of Missouri, as reported in the previous decennial census. Failure to respond on behalf of the department shall result in the notice of intent being deemed approved. A qualified company receiving approval for program benefits may receive additional benefits for subsequent new jobs at the same facility after the full initial project period if the applicable minimum job requirements are met. There shall be no limit on the number of project periods a qualified company may participate in the program, and a qualified company may elect to file a notice of intent to begin a new project period concurrent with an existing project period if the applicable minimum job requirements are achieved, the qualified company provides the department with the required annual reporting, and the qualified company is in compliance with this program and any other state programs in which the qualified company is currently or has previously participated. However, the qualified company shall not receive any further program benefits under the original approval for any new jobs created after the date of the new notice of intent, and any jobs created before the new notice of intent shall not be included as new jobs for purposes of the benefit calculation for the new approval. When a qualified company has filed and received approval of a notice of intent and subsequently files another notice of intent, the department shall apply the definition of project facility under subdivision (24) of section 620.2005 to the new notice of intent as well as all previously approved notices of intent and shall determine the application of the definitions of new job, new payroll, project facility base employment, and project facility base payroll accordingly.

2. Notwithstanding any provision of law to the contrary, the benefits available to the qualified company under any other state programs for which the company is eligible and which utilize withholding tax from the new or retained jobs of the company shall first be credited to the other state program before the withholding retention level applicable under this program will begin to accrue. If any qualified company also participates in a job training program utilizing withholding tax, the company shall retain no withholding tax under this program, but the department shall issue a refundable tax credit for the full amount of benefit allowed under this program. The calendar year annual maximum amount of tax credits which may be issued to a qualifying company that also participates in a job training program shall be increased by an amount equivalent to the withholding tax retained by that company under a jobs training program.

3. A qualified company or qualified military project receiving benefits under this program shall provide an annual report of the number of jobs, along with minority jobs created or retained, and such other information as may be required by the department to document the basis for program benefits available no later than ninety days prior to the end of the qualified company's or industrial development authority's tax year immediately following the tax year for which the benefits provided under the program are attributed. In such annual report, if the average wage is below the applicable percentage of the county average wage, the qualified company or qualified military project has not maintained the employee insurance as required, if the department after a review determines the qualifying company fails to satisfy other aspects of their notice of intent, including failure to make good faith efforts to employ, at a minimum, commensurate with the percentage of minority populations in the state of Missouri, as reported in the previous decennial census, the following: racial minorities, contractors who are racial minorities, and contractors

that, in turn, employ at a minimum racial minorities commensurate with the percentage of minority populations in the state of Missouri, as reported in the previous decennial census, or if the number of jobs is below the number required, the qualified company or qualified military project shall not receive tax credits or retain the withholding tax for the balance of the project period. **If a statewide state of emergency exists for more than sixteen months, a qualified company or industrial development authority shall be entitled to a one-time suspension of program deadlines equal to the number of months such statewide state of emergency existed with any partial month rounded to the next whole month. During such suspension, the qualified company or industrial development authority shall not be entitled to retain any withholding tax as calculated under subdivision (38) of section 620.2005 nor shall it earn any awarded tax credit or receive any tax credit under the program for the suspension period. The suspension period shall run consecutively and be available to a qualified company or industrial development authority that, during the statewide state of emergency, submitted a notice of intent that was approved or that was in year one or a subsequent year of benefits under a program agreement with the department. The suspension period that runs consecutively and may be available to a qualified company or industrial development authority as provided in this subsection may apply retroactively. Any qualified company or industrial development authority requesting a suspension pursuant to this subsection shall submit notice to the department on its provided form identifying the requested start and end dates of the suspension, not to exceed the maximum number of months available under this subsection. Such notice shall be submitted to the department not later than the end of the twelfth month following the termination of the statewide state of emergency. No suspension period shall start later than the date on which the statewide state of emergency was terminated. The department and the qualified company or the industrial development authority shall enter into a program agreement or shall amend an existing program agreement, as applicable, stating the deadlines following the suspension period and updating the applicable wage requirements.** Failure to timely file the annual report required under this section ~~shall~~ may result in the forfeiture of tax credits attributable to the year for which the reporting was required and a recapture of withholding taxes retained by the qualified company or qualified military project during such year.

4. The department may withhold the approval of any benefits under this program until it is satisfied that proper documentation has been provided, and shall reduce the benefits to reflect any reduction in full-time employees or payroll. Upon approval by the department, the qualified company may begin the retention of the withholding taxes when it reaches the required number of jobs and the average wage meets or exceeds the applicable percentage of county average wage. Tax credits, if any, may be issued upon satisfaction by the department that the qualified company has exceeded the applicable percentage of county average wage and the required number of jobs; provided that, tax credits awarded under subsection 7 of section 620.2010 may be issued following the qualified company's acceptance of the department's proposal and pursuant to the requirements set forth in the written agreement between the department and the qualified company under subsection 4 of section 620.2010.

5. Any qualified company or qualified military project approved for benefits under this program shall provide to the department, upon request, any and all information and records reasonably required to monitor compliance with program requirements. This program shall be considered a business recruitment tax credit under subdivision (4) of subsection 2 of section 135.800, and any qualified company or qualified military project approved for benefits under this program shall be subject to the provisions of sections 135.800 to 135.830.

6. Any taxpayer who is awarded benefits under this program who knowingly hires individuals who are not allowed to work legally in the United States shall immediately forfeit such benefits and shall repay the state an amount equal to any state tax credits already redeemed and any withholding taxes already retained.

7. (1) The maximum amount of tax credits that may be authorized under this program for any fiscal year shall be limited as follows, less the amount of any tax credits previously obligated for that fiscal year under any of the tax credit programs referenced in subsection 14 of this section:

- (a) For the fiscal year beginning on July 1, 2013, but ending on or before June 30, 2014, no more than one hundred six million dollars in tax credits may be authorized;
- (b) For the fiscal year beginning on July 1, 2014, but ending on or before June 30, 2015, no more than one hundred eleven million dollars in tax credits may be authorized;
- (c) For fiscal years beginning on or after July 1, 2015, but ending on or before June 30, 2020, no more than one hundred sixteen million dollars in tax credits may be authorized for each fiscal year; and
- (d) For all fiscal years beginning on or after July 1, 2020, no more than one hundred six million dollars in tax credits may be authorized for each fiscal year. The provisions of this paragraph shall not apply to tax credits issued to qualified companies under a notice of intent filed prior to July 1, 2020.

(2) For all fiscal years beginning on or after July 1, 2020, in addition to the amount of tax credits that may be authorized under paragraph (d) of subdivision (1) of this subsection, an additional ten million dollars in tax credits may be authorized for each fiscal year for the purpose of the completion of infrastructure projects directly connected with the creation or retention of jobs under the provisions of sections 620.2000 to 620.2020 and an additional ten million dollars in tax credits may be authorized for each fiscal year for a qualified manufacturing company based on a manufacturing capital investment as set forth in section 620.2010.

8. For all fiscal years beginning on or after July 1, 2020, the maximum total amount of withholding tax that may be authorized for retention for the creation of new jobs under the provisions of sections 620.2000 to 620.2020 by qualified companies with a project facility base employment of at least fifty shall not exceed seventy-five million dollars for each fiscal year. The provisions of this subsection shall not apply to withholding tax authorized for retention for the creation of new jobs by qualified companies with a project facility base employment of less than fifty.

9. For tax credits for the creation of new jobs under section 620.2010, the department shall allocate the annual tax credits based on the date of the approval, reserving such tax credits based on the department's best estimate of new jobs and new payroll of the project, and any other applicable factors in determining the amount of benefits available to the qualified company or qualified military project under this program; provided that, the department may reserve up to twenty-one and one-half percent of the maximum annual amount of tax credits that may be authorized under subsection 7 of this section for award under subsection 7 of section 620.2010. However, the annual issuance of tax credits shall be subject to annual verification of actual payroll by the department or, for qualified military projects, annual verification of average salary for the jobs directly created by the qualified military project. Any authorization of tax credits shall expire if, within two years from the date of commencement of operations, or approval if applicable, the qualified company has failed to meet the applicable minimum job requirements. The qualified company may retain authorized amounts from the withholding tax under the project once the applicable minimum job requirements have been met for the duration of the project period. No benefits shall be provided under this program until the qualified company or qualified military project meets the applicable minimum new job requirements or, for benefits awarded under subsection 7 of section 620.2010, until the qualified company has satisfied the requirements set forth in the written agreement between the department and the qualified company under subsection 4 of section 620.2010. In the event the qualified company or qualified military project does not meet the applicable minimum new job requirements, the qualified company or qualified military project may submit a new notice of intent or the department may provide a new approval for a new project of the qualified company or qualified military project at the project facility or other facilities.

10. Tax credits provided under this program may be claimed against taxes otherwise imposed by chapters 143 and 148, and may not be carried forward, but shall be claimed within one year of the close of the taxable year for which they were issued. Tax credits provided under this program may be transferred, sold, or assigned by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department. For a qualified company with flow-through tax treatment to its members, partners, or shareholders, the tax credit shall be allowed to members, partners, or shareholders in proportion to their share of ownership on the last day of the qualified company's tax period.

11. Prior to the issuance of tax credits or the qualified company beginning to retain withholding taxes, the department shall verify through the department of revenue and any other applicable state department that the tax credit applicant does not owe any delinquent income, sales, or use tax or interest or penalties on such taxes, or any delinquent fees or assessments levied by any state department and through the department of commerce and insurance that the applicant does not owe any delinquent insurance taxes or other fees. Such delinquency shall not affect the approval, except that any tax credits issued shall be first applied to the delinquency and any amount issued shall be reduced by the applicant's tax delinquency. If the department of revenue, the department of commerce and insurance, or any other state department concludes that a taxpayer is delinquent after June fifteenth but before July first of any year and the application of tax credits to such delinquency causes a tax deficiency on behalf of the taxpayer to arise, then the taxpayer shall be granted thirty days to satisfy the deficiency in which interest, penalties, and additions to tax shall be tolled. After applying all available credits toward a tax delinquency, the administering agency shall notify the appropriate department and that department shall update the amount of outstanding delinquent tax owed by the applicant. If any credits remain after satisfying all insurance, income, sales, and use tax delinquencies, the remaining credits shall be issued to the applicant, subject to the restrictions of other provisions of law.

12. The director of revenue shall issue a refund to the qualified company to the extent that the amount of tax credits allowed under this program exceeds the amount of the qualified company's tax liability under chapter 143 or 148.

13. An employee of a qualified company shall receive full credit for the amount of tax withheld as provided in section 143.211.

14. Notwithstanding any provision of law to the contrary, beginning August 28, 2013, no new benefits shall be authorized for any project that had not received from the department a proposal or approval for such benefits prior to August 28, 2013, under the development tax credit program created under sections 32.100 to 32.125, the rebuilding communities tax credit program created under section 135.535, the enhanced enterprise zone tax credit program created under sections 135.950 to 135.973, and the Missouri quality jobs program created under sections 620.1875 to 620.1890. The provisions of this subsection shall not be construed to limit or impair the ability of any administering agency to authorize or issue benefits for any project that had received an approval or a proposal from the department under any of the programs referenced in this subsection prior to August 28, 2013, or the ability of any taxpayer to redeem any such tax credits or to retain any withholding tax under an approval issued prior to that date. The provisions of this subsection shall not be construed to limit or in any way impair the ability of any governing authority to provide any local abatement or designate a new zone under the enhanced enterprise zone program created by sections 135.950 to 135.963. Notwithstanding any provision of law to the contrary, no qualified company that is awarded benefits under this program shall:

(1) Simultaneously receive benefits under the programs referenced in this subsection at the same capital investment; or

(2) Receive benefits under the provisions of section 620.1910 for the same jobs.

15. If any provision of sections 620.2000 to 620.2020 or application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or application of these sections which can be given effect without the invalid provisions or application, and to this end, the provisions of sections 620.2000 to 620.2020 are hereby declared severable.

16. By no later than January 1, 2014, and the first day of each calendar quarter thereafter, the department shall present a quarterly report to the general assembly detailing the benefits authorized under this program during the immediately preceding calendar quarter to the extent such information may be disclosed under state and federal law. The report shall include, at a minimum:

(1) A list of all approved and disapproved applicants for each tax credit;

(2) A list of the aggregate amount of new or retained jobs that are directly attributable to the tax credits authorized;

(3) A statement of the aggregate amount of new capital investment directly attributable to the tax credits authorized;

(4) Documentation of the estimated net state fiscal benefit for each authorized project and, to the extent available, the actual benefit realized upon completion of such project or activity; and

(5) The department's response time for each request for a proposed benefit award under this program.

17. The department may adopt such rules, statements of policy, procedures, forms, and guidelines as may be necessary to carry out the provisions of sections 620.2000 to 620.2020. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

18. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the program authorized under sections 620.2000 to 620.2020 shall be reauthorized as of August 28, 2018, and shall expire on August 28, 2030; and

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset twelve years after the effective date of the reauthorization of sections 620.2000 to 620.2020; and

(3) Sections 620.2000 to 620.2020 shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under sections 620.2000 to 620.2020 is sunset."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative McGaugh, **House Amendment No. 2** was adopted.

Representative Basye offered **House Amendment No. 3**.

House Amendment No. 3

AMEND House Committee Substitute for Senate Bill No. 845, Page 4, Section 50.820, Line 29, by inserting after all of said section and line the following:

House Amendment No. 1

AMEND House Committee Substitute for Senate Substitute No. 2 for Senate Committee Substitute for Senate Bill No. 745, Page 46, Section 393.1656, Line 35, by inserting after all of said section and line the following:

"393.1715. 1. An electrical corporation may petition the commission for a determination of the ratemaking principles and treatment, as proposed by the electrical corporation, that will apply to the reflection in base rates of the electrical corporation's capital and noncapital costs associated with the proposed retirement of one or more of the electrical corporation's generating facilities. Without limiting the foregoing, such principles and treatment may also establish the retirement date and useful life parameters used to set depreciation rates for such facilities. Except as provided for in subsection 4 of this section, the ratemaking principles and treatment approved by the commission under this section for such facilities shall apply to the determination of the revenue requirement in each of the electrical corporation's post-determination general rate proceedings until such time as such facility is fully depreciated on the electrical corporation's books.

2. If the commission fails to issue a determination within two hundred fifteen days that a petition for determination of ratemaking principles and treatment is filed, the ratemaking principles and treatment proposed by the petitioning electrical corporation shall be deemed to have been approved by the commission.

3. Subject to the provisions of subsection 4 of this section, ratemaking principles and treatment approved by the commission, or deemed to have been approved under subsection 2 of this section, shall be binding for ratemaking purposes.

4. (1) An electrical corporation with ratemaking principles and treatment approved by the commission, or deemed to have been approved under subsection 2 of this section, shall monitor the major factors and circumstances relating to the facility to which such principles and treatment apply. Such factors and circumstances include, but are not limited to:

(a) Terrorist activity or an act of God;
(b) A significant change in federal or state tax laws;
(c) A significant change in federal utility laws or regulations or a significant change in generally accepted accounting principles;

(d) An unexpected, extended outage or shutdown of a major generating unit, other than any major generating unit shut down due to an extended outage at the time of the approval of the ratemaking principles and treatment;

(e) A significant change in the cost or reliability of power generation technologies;

(f) A significant change in fuel prices and wholesale electric market conditions;

(g) A significant change in the cost or effectiveness of emission control technologies;

(h) A significant change in the price of emission allowances;

(i) A significant change in the electrical corporation's load forecast;

(j) A significant change in capital market conditions;

(k) A significant change in the scope or effective dates of environmental regulations; or

(l) A significant change in federal or state environmental laws.

(2) If the electrical corporation determines that one or more major factor or circumstance has changed in a manner that warrants a change in the approved ratemaking principles and treatment, then it shall file a notice in the docket in which the approved ratemaking principles and treatment were established within forty-five days of any such determination. In its notification, the electrical corporation shall:

(a) Explain and specify the changes it contends are appropriate to the ratemaking principles and treatment and the reasons for the proposed changes;

(b) Provide a description of the alternatives that it evaluated and the process that it went through in developing its proposed changes; and

(c) Provide detailed workpapers that support the evaluation and the process whereby proposed changes were developed.

(3) If a party has concerns regarding the proposed changes, that party shall file a notice of its concerns within thirty days of the electrical corporation's filing. If the parties agree on a resolution of the concerns, the agreement shall be submitted to the commission for approval. If the parties do not reach agreement on changes to the ratemaking principles and treatment within ninety days of the date the electrical corporation filed its notice, whether the previously approved ratemaking and treatment will be changed shall be determined by the commission. If a party to the docket in which the approved ratemaking principles and treatment were approved believes that one or more major factor or circumstance has changed in a manner that warrants a change in the approved ratemaking principles and treatment and if the electrical corporation does not agree the principles and treatment should be changed, such party shall file a notice in the docket in which the approved ratemaking principles and treatment were established within forty-five days of any such determination. In its notification, such party shall:

(a) Explain and specify the changes it contends are appropriate to the ratemaking principles and treatment and the reasons for the proposed changes;

(b) Provide a description of the alternatives that it evaluated and the process that it went through in developing its proposed changes; and

(c) Provide detailed workpapers that support the evaluation and the process whereby proposed changes were developed.

(4) If a party, including the electrical corporation, has concerns regarding the proposed changes, that party shall file a notice of its concerns within thirty days of the other party's filing. If the parties do not reach agreement on changes to the ratemaking principles and treatment within ninety days of the date the notice was filed, whether the previously approved ratemaking and treatment will be changed shall be determined by the commission.

5. A determination of ratemaking principles and treatment under this section does not preclude an electrical corporation from also petitioning the commission under either or both of sections 393.1700 and 393.1705, provided that any costs to which such ratemaking principles and treatment would have applied in the electrical corporation's general rate proceedings which become funded by securitized utility tariff bond proceeds from a securitized utility tariff bond issued under section 393.1700 shall not thereafter be reflected in the electrical corporation's base rates.

6. If determined by the commission to be just, reasonable, and necessary for the provision of safe and adequate service, the electrical corporation ~~may~~ **shall** be permitted to retain coal-fired generating assets in rate base and recover **prudently incurred** costs associated with operating the coal-fired assets ~~[that remain in service to provide greater certainty that generating capacity will be available to provide essential service to customers, including during extreme weather events, and the commission shall not disallow any portion of such cost recovery on the basis that such coal-fired generating assets operate],~~ **including** at a low capacity factor, or **that** are offline and providing capacity only ~~[, during normal operating conditions]~~ **in order to remain in service to customers for reliability during events such as extreme weather.**

7. The commission may promulgate rules necessary to implement the provisions of sections 393.1700 to 393.1715. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2021, shall be invalid and void."; and

Senate Amendment No. 1

AMEND Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 1606, Page 1, Section Title, Lines 5-6, by striking "county officials" and inserting in lieu thereof the

following: "political subdivisions"; and

Further amend said bill, Page 11, Section 58.200, Line 17, by inserting after all of said line the following:

"137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. **Beginning January 1, 2023, in any county with more than four hundred thousand but fewer than five hundred thousand inhabitants, all personal property in such county shall be annually assessed at a percent of its true value in money as of January first of each calendar year as follows:**

(1) A political subdivision shall annually reduce the percentage of true value in money at which personal property is assessed pursuant to this subsection such that the amount by which the revenue generated by taxes levied on such personal property is substantially equal to one hundred percent of the growth in revenue generated by real property assessment growth. Annual reductions shall be made pursuant to this subdivision until December 31, 2073. Thereafter, the percentage of true value in money at which personal property is assessed shall be equal to the percentage in effect on December 31, 2073.

(2) The provisions of subdivision (1) of this subsection shall not be construed to relieve a political subdivision from adjustments to property tax levies as required by section 137.073.

(3) For the purposes of subdivision (1) of this subsection, "real property assessment growth" shall mean the growth in revenue from increases in the total assessed valuation of all real property in a political subdivision over the revenue generated from the assessed valuation of such real property from the previous calendar year. Real property assessment growth shall not include any revenue in excess of the percent increase in the consumer price index, as described in subsection 2 of section 137.073.

(4) Notwithstanding the provisions of subdivisions (1) to (4) of this subsection to the contrary, for the purposes of the tax levied pursuant to Article III, Section 38(b) of the Missouri Constitution, all personal property shall be assessed at thirty-three and one-third percent of its true value in money as of January first of each calendar year.

2. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection [§] 6 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

~~[2-]~~ 3. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

~~[3-]~~ 4. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than two hundred hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

~~[4-]~~ 5. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

~~[5-]~~ 6. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (a) For real property in subclass (1), nineteen percent;
- (b) For real property in subclass (2), twelve percent; and
- (c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

~~[6-]~~ 7. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

~~[7-]~~ 8. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

~~[8-]~~ 9. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

~~[9-]~~ **10.** The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

~~[10-]~~ **11.** Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

~~[11-]~~ **12.** If a physical inspection is required, pursuant to subsection ~~[10]~~ **11** of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

~~[12-]~~ **13.** A physical inspection, as required by subsection ~~[10]~~ **11** of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection ~~[11]~~ **12** of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

~~[13-]~~ **14.** A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

~~[14-]~~ **15.** Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

Further amend said bill, Page 15, Section 140.190, Line 55, by inserting after all of said line the following:

"137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year, **provided that no real residential property shall be assessed at a value that exceeds the previous assessed value for such property, exclusive of new construction and improvements, by more than the percentage increase in the consumer price index or ten percent, whichever is greater.** The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms

agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than two hundred hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(a) For real property in subclass (1), nineteen percent;

(b) For real property in subclass (2), twelve percent; and

(c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. 6. The state auditor shall prepare sample forms for financial reports and shall mail the same to the political subdivisions of the state. Failure of the auditor to supply such forms shall not in any way excuse any person from the performance of any duty imposed by this section.

The tax may be reconsidered whenever the voters of any county library district shall so determine by a majority vote on such questions after petition, order, and notice of the election and of the purpose thereof, first having been made, filed, and given, as in the case of establishing such county library district. At least five years must elapse after the county library district has been established and a tax therefor has been levied before a question to reconsider the tax may be submitted under this subsection.

4. Whenever the county library board of trustees finds it appropriate, it may order an election on the question of increasing the tax established pursuant to subsection 2 of section 182.010 or increased pursuant to subsection 5 of section 182.010. **The county commission in any county with more than one hundred thousand but fewer than one hundred twenty thousand inhabitants and with a county seat with more than nine thousand but fewer than eleven thousand inhabitants may overrule and reject a county library board of trustees' decision to order an election on the question of increasing taxes.** Notice of the election shall be published in the same manner as is notice of an election to establish a county library district under section 182.010. The notice and order shall each recite the amount of the proposed increase. The question shall be submitted in substantially the following form:

If a majority of votes cast on the question are in favor of the increase, then the increased tax shall be levied and collected in the same manner as the tax was at its previous lower rate.

5. As used in sections 182.010 to 182.120, the words "county commission" or "county governing body" shall be construed to mean the proper commission or official in any county operating under a special charter.

182.050. For the purpose of carrying into effect sections 182.010 to 182.120, in case a county library district is established and a free county library authorized as provided in section 182.010, within sixty days after the establishment of the county library district, there shall be created a county library board of trustees, of five members, who shall be residents of the library district, none of whom shall be elected county officials. The members shall be appointed by the county commission for terms of four years each, except that as to the members of the first board, two shall be appointed for one year, and one each shall be appointed for two years, three years, and four years, respectively, from the first day of July following their appointment; and annually thereafter before the first day of July the county commission shall appoint successors. Vacancies in the board occasioned by removals, resignations or otherwise shall be reported to the county commission and shall be filled in like manner as original appointments; except that if the vacancy is in an unexpired term, the appointment shall be made for only the unexpired portion of that term. No member of the board shall receive compensation as such. No person shall be employed by the board of library trustees or by the librarian who is related within the third degree by blood or by marriage to any trustee of the board. **The county commission in any county with more than one hundred thousand but fewer than one hundred twenty thousand inhabitants and with a county seat with more than nine thousand but fewer than eleven thousand inhabitants may remove any member for conduct prejudicial to the good order and effective operation of the library, or for other good cause, stated in writing and after a public hearing.**; and

"67.457. 1. To establish a neighborhood improvement district, the governing body of any city or county shall comply with either of the procedures described in subsection 2 or 3 of this section.

2. The governing body of any city or county proposing to create a neighborhood improvement district may by resolution submit the question of creating such district to all qualified voters residing within such district at a general or special election called for that purpose. Such resolution shall set forth the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, and the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year during the term of the bonds issued for the original improvement and after such bonds are paid in full. The governing body of the city or county may create a neighborhood improvement district when the question of creating such district has been approved by the vote of the percentage of electors within such district voting thereon that is equal to the percentage of voter approval required for the issuance of general obligation bonds of such city or county under Article VI, Section 26 of the constitution of this state. The notice of election containing the question of creating a neighborhood improvement district shall contain the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year after the bonds issued for the original improvement are paid in full, and a statement that the final cost of such improvement assessed against real property within the district and the amount of general obligation bonds issued therefor shall not exceed the estimated cost of such improvement, as stated in such notice, by more than twenty-five percent, and that the annual assessment for maintenance costs of the improvements shall not exceed the estimated annual maintenance cost, as stated in such notice, by more than twenty-five percent. The ballot upon which the question of creating a neighborhood improvement district is submitted to the qualified voters residing within the proposed district shall contain a question in substantially the following form:

Shall _____ (name of city or county) be authorized to create a neighborhood improvement district proposed for the _____ (project name for the proposed improvement) and incur indebtedness and issue general obligation bonds to pay for all or part of the cost of public improvements within such district, the cost of all indebtedness so incurred to be assessed by the governing body of the _____ (city or county) on the real property benefitted by such improvements for a period of _____ years, and, if included in the resolution, an assessment in each year thereafter with the proceeds thereof used solely for maintenance of the improvement?

3. As an alternative to the procedure described in subsection 2 of this section, the governing body of a city or county may create a neighborhood improvement district when a proper petition has been signed by the owners of record of at least two-thirds by area of all real property located within such proposed district. Each owner of record of real property located in the proposed district is allowed one signature. Any person, corporation, or limited liability partnership owning more than one parcel of land located in such proposed district shall be allowed only one signature on such petition. The petition, in order to become effective, shall be filed with the city clerk or county clerk. A proper petition for the creation of a neighborhood improvement district shall set forth the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year during the term of the bonds issued for the original improvement and after such bonds are paid in full, a notice that the names of the signers may not be withdrawn later than seven days after the petition is filed with the city clerk or county clerk, and a notice that the final cost of such improvement assessed against real property within the district and the amount of general obligation bonds issued therefor shall not exceed the estimated cost of such improvement, as stated in such petition, by more than twenty-five percent, and that the annual assessment for maintenance costs of the improvements shall not exceed the estimated annual maintenance cost, as stated in such petition, by more than twenty-five percent.

4. Upon receiving the requisite voter approval at an election or upon the filing of a proper petition with the city clerk or county clerk, the governing body may by resolution or ordinance determine the advisability of the improvement and may order that the district be established and that preliminary plans and specifications for the improvement be made. Such resolution or ordinance shall state and make findings as to the project name for the proposed improvement, the nature of the improvement, the estimated cost of such improvement, the boundaries of the neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year after the bonds issued for the original improvement are paid in full, and shall also state

that the final cost of such improvement assessed against the real property within the neighborhood improvement district and the amount of general obligation bonds issued therefor shall not, without a new election or petition, exceed the estimated cost of such improvement by more than twenty-five percent.

5. The boundaries of the proposed district shall be described by metes and bounds, streets or other sufficiently specific description. The area of the neighborhood improvement district finally determined by the governing body of the city or county to be assessed may be less than, but shall not exceed, the total area comprising such district.

6. In any neighborhood improvement district organized prior to August 28, 1994, an assessment may be levied and collected after the original period approved for assessment of property within the district has expired, with the proceeds thereof used solely for maintenance of the improvement, if the residents of the neighborhood improvement district either vote to assess real property within the district for the maintenance costs in the manner prescribed in subsection 2 of this section or if the owners of two-thirds of the area of all real property located within the district sign a petition for such purpose in the same manner as prescribed in subsection 3 of this section.

7. Prior to any assessment hereafter being levied against any real property within any neighborhood improvement district, and prior to any lien enforceable under either chapter 140 or 141 being imposed after August 28, 2013, against any real property within a neighborhood improvement district, the clerk of the governing body establishing the neighborhood improvement district shall cause to be recorded with the recorder of deeds for the county in which any portion of the neighborhood improvement district is located a document conforming to the provisions of sections 59.310 and 59.313, and which shall contain at least the following information:

67.461. 1. After the governing body has made the findings specified in section 67.457 and plans and specifications for the proposed improvements have been prepared, the governing body shall by ordinance or resolution order assessments to be made against each parcel of real property deemed to be benefitted by an improvement based on the revised estimated cost of the improvement or, if available, the final cost thereof, and shall order a proposed assessment roll to be prepared.

2. The plans and specifications for the improvement and the proposed assessment roll shall be filed with the city clerk or county clerk, as applicable, and shall be open for public inspection. Such clerk shall thereupon, at the direction of the governing body, publish notice that the governing body will conduct a hearing to consider the proposed improvement and proposed assessments. Such notice shall be published in a newspaper of general circulation at least once not more than twenty days and not less than ten days before the hearing and shall state the project name for the improvement, the date, time and place of such hearing, the general nature of the improvement, the revised estimated cost or, if available, the final cost of the improvement, the boundaries of the neighborhood improvement district to be assessed, and that written or oral objections will be considered at the hearing. **Such notice shall also be sent to the**

At the same time, the clerk shall mail to the owners of record of the real property made liable to pay the assessments, at their last known post office address, a notice of the hearing and a statement of the cost proposed to be assessed against the real property so owned and assessed. The failure of any owner to receive such notice shall not invalidate the proceedings.

For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term "manufacturing" has included and continues to include the production and transmission of "telecommunications services", as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in *IBM Corporation v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

92.720. 1. If any of the lands or town lots contained in the back tax book or list of delinquent lands or lots remain unredeemed on the first day of January, the collector may file suit in the circuit court against such lands or lots to enforce the lien of the state and city as herein provided in sections 92.700 to 92.920.

2. The collector shall note opposite such tract in the back tax book the fact that suit has been commenced.

3. The collector shall compile lists of all state, city, school and other tax bills collectible by him which are delinquent according to his records and he shall assign a serial number to each parcel of real estate in each list and if suit has been filed in the circuit court of the city on any delinquent tax bill included in any list, the collector shall give the court docket number of each suit.

4. The sheriff may appoint the collector and the collector's deputies as deputy sheriffs, and when so appointed they may serve all process in matters pertaining to sections 92.700 to 92.920 with like effect as the sheriff himself might do.

5. No action for recovery of taxes against real estate shall be commenced, had or maintained, unless action therefor shall be commenced within five years after delinquency.

6. For any improved parcel identified by a city operating under sections 92.700 to 92.920 as being vacant, the collector shall, within no more than two years after delinquency, file suit in the circuit court against such lands or lots to enforce the lien of the state and the city as provided in sections 92.700 to 92.920. Failure of the collector to bring suit within the time frame prescribed herein shall not constitute a defense or bar an action for the collection of taxes as otherwise provided by this section.

92.740. 1. A suit for the foreclosure of the tax liens herein provided for shall be instituted by filing in the appropriate office of the circuit clerk and with the land reutilization authority a petition, which petition shall contain a caption, a copy of the list prepared by the collector, and a prayer. Such petition without further allegation shall be deemed to be sufficient.

2. The caption shall be in the following form:

In the Circuit Court of _____ Missouri,

In the Matter of

Foreclosure of Liens for Delinquent Land Taxes

By Action in Rem.

Collector of Revenue of _____, Missouri, Plaintiff

-vs-

Parcels of Land Encumbered with Delinquent Tax Liens, Defendants

3. The petition shall conclude with a prayer that all tax liens upon such real estate be foreclosed; that the court determine the amounts and priorities of all tax bills, together with interest, penalties, costs, and attorney's fees; that the court order such real estate to be sold by the sheriff at public sale as provided by sections 92.700 to 92.920 and that thereafter a report of such sale be made by the sheriff to the court for further proceedings under the provisions of sections 92.700 to 92.920.

4. The petition when so filed shall have the same force and effect with respect to each parcel of real estate therein described as a separate suit instituted to foreclose the tax lien or liens against any one of said parcels of real estate.

5. For each petition filed, the collector shall make available to the public a list detailing each parcel included in the suit.

92.750. 1. **Except as otherwise provided in subsection 4 of this section,** any person having any right, title, or interest in, or lien upon, any parcel of real estate described in such petition may redeem such parcel of real estate by paying to the collector all of the sums mentioned therein, including principal, interest, penalties, attorney's fees and costs then due, at any time prior to the time of the foreclosure sale of such real estate by the sheriff.

2. In the event of failure to redeem prior to the time of the foreclosure sale by the sheriff, such person shall be barred and forever foreclosed of all his right, title and interest in and to the parcels of real estate described in such petition.

3. Upon redemption, as permitted by this section, the person redeeming shall be entitled to a certificate of redemption from the collector describing the property in the same manner as it is described in such petition, and the collector shall thereupon note on his records the word "redeemed" and the date of such payment opposite the description of such parcel of real estate.

4. For any improved nonhomestead parcel, any person having any right, title, or interest in, or lien upon, any parcel of real estate described in the petition may redeem such parcel of real estate at any time prior to the time of the foreclosure sale of such real estate by the sheriff by paying to the collector all of the sums due as of the date of redemption mentioned therein, including principal, interest, penalties, attorney's fees, and costs then due including, but not limited to, all debts owed to the city, exclusive of any debts owed to any statutorily created sewer district, that are known to the collector and that may be collected pursuant to section 67.451, such as amounts for water, forestry, nuisance abatement, special tax bills, and vacant building assessments.

92.760. 1. The collector shall also cause to be prepared and mailed in an envelope with postage prepaid, within thirty days after the filing of such petition, a brief notice of the filing of the suit, to the persons named in the petition as ~~being the owners~~ **having an interest in the parcel**, according to the records of the assessor, **or otherwise known to the collector**, for the respective parcels of real estate described in the petition. The notices shall be sent to the addresses ~~[of such persons upon the records of the assessor]~~ **most likely to apprise the parties of the proceedings as provided**, and in the event that any name or address does not appear on the records of the assessor, with respect to any parcel of real estate, the collector shall so state in an affidavit, giving the serial number of each parcel of real estate affected. Such affidavit shall be filed in the suit with the circuit clerk not later than sixty days after the date of the first publication of the notice of foreclosure. The failure of the collector to mail the notice as provided in this section shall invalidate any proceedings brought pursuant to the provisions of sections 92.700 to 92.920. The failure of the collector to file the affidavit as provided in this section shall not affect the validity of any proceedings brought pursuant to the provisions of sections 92.700 to 92.920.

2. Such notice shall be substantially as follows:

To the person to whom this notice is addressed:

92.765. Affidavits of publication of notice of foreclosure, and of posting, mailing, or other acts required by the provisions of sections 92.700 to 92.920 shall be filed in the office of the circuit clerk prior to the trial, and when so filed shall constitute part of the evidentiary documents in the foreclosure suit. Such affidavits shall be prima facie evidence of the performance of acts therein described, and may be so used in the trial of the suit, unless challenged by verified answer duly filed in the suit. **The collector shall file with the court an affidavit of compliance with notice requirements of sections 92.700 to 92.920 prior to any sheriff's sale. The affidavit shall include the identities of all parties to whom notice was attempted and by what means. In the case of mailed notice returned undeliverable, the collector's affidavit shall certify that additional notice was attempted and by what means. The expense of complying with this section shall be taxed and collected as other costs in the suit.**

92.770. 1. The collector may employ such attorneys as he deems necessary to collect such taxes and to prosecute suits for taxes.

2. Such attorneys shall receive as total compensation a sum, not to exceed six percent of the amount of taxes actually collected and paid into the treasury, and an additional sum not to exceed two dollars for each suit filed when publication is not necessary and not to exceed five dollars where publication is necessary, as may be agreed upon in writing and approved by the collector, before such services are rendered.

3. The ~~attorney~~ attorney's fees shall be taxed as costs in the suit and collected as other costs.

92.775. 1. Upon the trial of the cause upon the question of foreclosure, the tax bill shall be prima facie proof that the tax described in the tax bill has been validly assessed at the time indicated by the tax bill and that the tax is unpaid. Any person alleging any jurisdictional defect or invalidity in the tax bill or in the sale thereof must particularly specify in his answer the defect or basis of invalidity, and must, upon trial, affirmatively establish such defense.

2. After the court has first determined the validity of the tax liens of all tax bills affecting parcels of real estate described in the petition, the priorities of the respective tax bills and the amounts due thereon, including principal, interest, penalties, attorney's fees, and costs, the court shall thereupon enter judgment of foreclosure of such liens and fix the time and place of the foreclosure sale. The petition shall be dismissed as to any parcel of real estate redeemed prior to the time fixed for the sheriff's foreclosure sale as provided in sections 92.700 to 92.920. If the parcel of real estate auctioned off at sheriff's foreclosure sale is sold for a sum sufficient to fully pay the

principal amount of all tax bills included in the judgment, together with interest, penalties, attorney's fees and costs, and for no more, and such sale is confirmed by the court, then all other proceedings as to such parcels of real estate shall be finally dismissed as to all parties and interests other than tax bill owners or holders; provided, however, that any parties seeking relief other than an interest in or lien upon the real estate may continue with said suit to a final adjudication of such other issues; provided, further, an appeal may be had as to any claim attacking the validity of the tax bill or bills or the priorities as to payment of proceeds of foreclosure sale. If the parcel of real estate auctioned off at sheriff's foreclosure sale is sold for a sum greater than the total amount necessary to pay the principal amount of all tax bills included in the judgment, together with interest, penalties, attorney's fees and costs, and such sale is confirmed by the court, and no appeal is taken by any person claiming any right, title or interest in or to or lien upon said parcel of real estate or by any person or taxing authority owning or holding or claiming any right, title or interest in or to any tax bills within the time fixed by law for the filing of notice of appeal, the court shall thereupon order the sheriff to make distribution to the owners or holders of the respective tax bills included in the judgment of the amounts found to be due and in the order of priorities. Thereafter all proceedings in the suit shall be ordered by the court to be dismissed as to such persons or taxing authorities owning, holding or claiming any right, title or interest in any such tax bill or bills so paid, and the case shall proceed as to any parties claiming any right, title, or interest in or lien upon the parcel of real estate affected by such tax bill or bills as to their respective claims to such surplus funds then remaining in the hands of the sheriff. **The receipt of such surplus funds shall constitute a bar to any claim of right, title, or interest in, or lien upon, said parcel of real estate, by the fund recipient.**

3. Whenever an answer is filed to the petition, as herein provided, a severance of the action as to all parcels of real estate affected by such answer shall be granted, and the issues raised by the petition and such answer shall be tried separate and apart from the other issues in the suit, but the granting of such severance shall not delay the trial or other disposition of any other issue in the case. A separate appeal may be taken from any other issue in the case. A separate appeal may be taken from any action of the court affecting any right, title or interest in or to, or lien upon, such real estate, other than issues of law and fact affecting the amount or validity of the lien of tax bills, but the proceeding to foreclose the lien of any tax bills shall not be stayed by such appeal. The trial shall be conducted by the court without the aid of a jury and the suit shall be in equity. This action shall take precedence over and shall be triable before any other action in equity affecting the title to such real estate, upon motion of any interested party.

92.810. 1. After the judgment of foreclosure has been entered, or, after a motion for a new trial has been overruled, or, if an appeal be taken from such judgment and the judgment has been affirmed, after the sheriff shall have been notified by any party to the suit that such judgment has been affirmed on appeal and that the mandate of the appellate court is on file with the circuit clerk, there shall be a waiting period of six months before any advertisement of sheriff's sale shall be published.

2. If any such parcel of real estate be not redeemed, or if no written contract providing for redemption be made within six months after the date of the judgment of foreclosure, if no motion for rehearing be filed, and, if filed, within six months after such motion may have been overruled, or, if an appeal be taken from such judgment and the judgment be affirmed, within six months after the sheriff shall have been notified by any party to the suit that such judgment has been affirmed on appeal and that the mandate of the appellate court is on file with the circuit clerk, the sheriff shall, after giving the ~~notice~~ notices required by ~~subsection 3~~ **subsections 4 and 5** of this section, commence to advertise the real estate described in the judgment and shall fix the date of sale within thirty days after the date of the first publication of the notice of sheriff's sale as herein provided, and shall at such sale proceed to sell the real estate.

3. **No later than one hundred twenty days prior to the sheriff's sale, the collector shall obtain a title abstract or report on any unredeemed parcels. Such title abstract or report shall be obtained from a licensed title company or attorney and subject to a public and competitive bidding process administered by the collector and conducted triennially. The title report shall include all conveyances, liens, and charges against the real estate, and the names and mailing addresses of any interested parties and lienholders. The charges of said abstract or report shall be taxed as costs and shall be paid as other costs in the case.**

4. **No later than twenty days prior to the sheriff's sale, the collector shall send notice of the sale to the lienholders and interested parties, as disclosed upon the title abstract or report of the real estate for which tax bills thereon are delinquent. The notice shall provide the date, time, and place of the sale. The notice shall also state that the parcel may be redeemed prior to the sale as specified in section 92.750 or by entering into an agreement with the collector to pay the taxes included in the foreclosure suit under section 92.740. The notice required by this subsection shall be mailed in an envelope with postage prepaid. The cost of the mailing and notice as required by this subsection shall be included as costs in the case.**

5. No later than ~~twenty~~ **forty** days prior to the sheriff's sale, the ~~sheriff~~ **collector** shall send notice of the sale to the ~~owner or owners,~~ **parties having interest in the parcel** as disclosed upon the records of the assessor, or **otherwise known to the collector**, of the real estate for which tax bills thereon are delinquent. ~~[The search of the records of the assessor must be made not more than forty days prior to the sending of this notice]~~ **The notice shall be sent to the addresses most likely to apprise the parties of the proceedings as provided.** The notice shall provide the date, time and place of the sale. The notice shall also state that ~~the property owner~~ **an interested party** may avoid the sale by redeeming such parcel of real estate prior to the sale as specified in section 92.750 or, **if applicable**, by entering into an agreement with the collector to pay the taxes included in the foreclosure suit under section 92.740. The notice required by this subsection shall be mailed in an envelope with postage prepaid. The cost of ~~the title search,~~ mailing and notice as required by this subsection shall be included as costs ~~[at the sale of the real estate]~~ **in the case.**

6. **No later than twenty days prior to the sheriff's sale, the sheriff shall enter upon the parcel subject to foreclosure of these tax liens and post a written informational notice in a conspicuous location, attached to a structure, and intended to be visible by the nearest public right-of-way. This notice shall describe the property; shall advise that it is the subject of delinquent land tax collection proceedings brought pursuant to sections 92.700 to 92.920 and that it may be sold for the payment of delinquent taxes at a sale to be held at a certain time, date, and place; and shall contain the serial number and the phone number and address of the collector, as well as a statement of the prohibition against removal unless the parcel has been redeemed. The notice shall be not less than eight inches by ten inches and shall be laminated or otherwise sufficiently weatherproof to withstand normal exposure to rain, snow, and other conditions. The sheriff shall document, by time-stamped photograph, compliance with this section, make said documentation generally available upon request, and provide verification by affidavit of compliance with this section. The cost of notice as required by this subsection shall be included as costs in the case.**

7. **In addition to the other notice requirements of this section, no later than twenty days prior to the sheriff's sale, the sheriff shall attempt in-person notice that shall describe the property; that shall advise that it is the subject of delinquent land tax collection proceedings brought pursuant to sections 92.700 to 92.920 and that it may be sold for the payment of delinquent taxes at a sale to be held at a certain time, date, and place; and that shall contain the serial number and phone number and address of the collector. In-person notice may be provided to any person found at the property. The sheriff shall note the date and time of attempted notice and the name, description, or other identifying information regarding the person to whom notice was attempted. The sheriff shall document compliance with this section, make said documentation generally available upon request, and provide verification by affidavit of compliance with this section. The cost of notice as required by this subsection shall be included as costs in the case.**

~~[4-]~~ 8. Notwithstanding the provisions of this section to the contrary, any residential property which has not been redeemed by the end of the waiting period required by this section which has been determined to be of substandard quality or condition under the standards established by the residential renovation loan commission pursuant to sections 67.970 to 67.983 may, upon the request of the residential renovation loan commission, be transferred to the residential renovation loan commission for the purpose of renovation of the property. Any such property transferred pursuant to this subsection shall be renovated and sold by the residential renovation loan commission in the manner prescribed in sections 67.970 to 67.983. The residential renovation loan commission shall reimburse the land reutilization authority for all expenses directly incurred in relation to such property under sections 92.700 to 92.920 prior to the transfer.

92.815. 1. During such waiting period and at any time prior to the time of foreclosure sale by the sheriff, any interested party may redeem any parcel of real estate as provided by sections 92.700 to 92.920; except that during such time and at any time prior to the time of foreclosure sale by the sheriff, the collector shall enter into a written redemption contract with the owner of any real estate occupied as a homestead and who has not previously defaulted upon any such written redemption contract, provided that in no instance shall such installments exceed twelve in number or extend more than twenty-four months next after any agreement for such installment payments shall have been entered into; provided further, that upon good cause being shown by the owner of any parcel of real estate occupied as a homestead, or in the case of improved real estate with a total assessed valuation of not more than five thousand dollars, owned by an individual, the income from such property being a major factor in the total income of such individual, or by anyone on his behalf, the court may, in its discretion, fix the time and terms of payment in such contract to permit all of such installments to be paid within not longer than forty-eight months after any order or agreement as to installment payments shall have been made. **The collector shall not enter into a redemption contract with respect to any improved parcel not occupied as a homestead.**

2. So long as such installments be paid according to the terms of the contract, the six months' waiting period shall be extended, but if any installment be not paid when due, the extension of the waiting period shall be ended and the real estate shall immediately be advertised for sale or included in the next notice of sheriff's foreclosure sale. Notice shall also be sent to the redemption contract ~~[payer]~~ payer as specified in subsection ~~[3]~~ 4 of section 92.810.

3. On an annual basis, the collector shall make publicly available the number of parcels under redemption contract under this section.

92.817. 1. The court shall stay the sale of any parcel to be sold under execution of a tax foreclosure judgment obtained under this chapter, which is the subject of an action filed under sections 447.620 to 447.640, provided that the party that has brought such an action has, upon an order of the court, paid into the circuit court the principal amount of all land taxes then due and owing under the tax foreclosure judgment, exclusive of penalties and interest, prior to the date of any proposed sale under execution.

2. Upon the granting by the court of temporary possession of any property under section 447.632, upon order, the circuit court shall direct payment to the collector of all principal land taxes theretofore paid to the circuit court. In addition, in any order granting a final judgment or deed under section 447.625 or 447.640, the court shall also order the permanent extinguishment of penalties and interest arising from actions to collect delinquent land taxes due on the parcel against the grantee of said deed, and all successors in interest; excepting however, any defendant in such action.

3. If an owner of the parcel moves the court for restoration of possession under section 447.638, the owner shall pay into the circuit court all land tax amounts currently due and owing on the property, including all statutory penalties, interest, attorney's fees, and court costs retroactive to the date of accrual. Upon an order granting the restoration of possession to an owner under section 447.638, the court shall order that the funds paid to the court under subsection 2 of this section be returned to the payer, and that the funds paid to the court under this subsection be paid out to the collector.

4. If the party that brought the action under sections 447.620 to 447.640 dismisses its action prior to gaining temporary possession of the property, it shall recover any amounts paid into the circuit court prior to that date for principal land taxes.

92.825. 1. The sale shall be conducted, the sheriff's return thereof made, and the sheriff's deed pursuant to the sale executed, all as provided in the case of sales of real estate taken under execution except as otherwise provided in sections 92.700 to 92.920, and provided that such sale need not occur during the term of court or while the court is in session.

2. Such sale shall convey the whole interest of every person having or claiming any right, title or interest in or lien upon such real estate, whether such person has answered or not, subject to rights-of-way thereon of public utilities upon which tax has been otherwise paid, and subject only to the tax lien thereon, if any, of the United States of America.

3. The collector shall advance from current tax collections the sums necessary to pay for the publication of all advertisements required by the provisions of sections 92.700 to 92.920 and shall be allowed credit therefor in his accounts with the taxing authorities on a pro rata basis. He shall give credit in such accounts for all such advances recovered by him. Such expenses of publication shall be apportioned pro rata among and taxed as costs against the respective parcels of real estate described in the judgment; provided, however, that none of the costs herein enumerated, including the costs of publication, shall constitute any lien upon the real estate after such sale.

4. No person shall be eligible to bid at the time of the sheriff's sale unless such person has, no later than ten days before the sale date, demonstrated to the satisfaction of the collector or sheriff that the person is not the owner of any parcel of real estate in the city that is subject to delinquent property taxes, unpaid special tax bills, or vacant building fees. A prospective bidder shall be prohibited from participating in the delinquent land tax sale if he or she has previously bid at a sheriff's sale and failed to pay bid amounts, confirm the sale, or sign a sheriff's deed. The collector or sheriff may require prospective bidders to submit an affidavit attesting to the requirements of this section and is expressly authorized to permanently preclude any prospective bidder from participating in the sale for failure to comply with this section. Notwithstanding the provisions of this section, any taxing authority or land reutilization authority shall be eligible to bid at any sale conducted under this section without making such a demonstration. The purchaser at a sale conducted by the sheriff shall pay cash immediately at the end of bidding of each parcel on the day of the sale in an amount including all taxes then due and owing, which may be in an amount in excess of or less than the judgment amount, and other costs, exclusive of any amounts for debts owed to any statutorily created sewer district [~~as otherwise provided by law~~].

92.835. 1. The title to any real estate which shall vest in the land reutilization authority under the provisions of sections 92.700 to 92.920 shall be held by the land reutilization authority of the city in trust for the tax bill owners and taxing authorities having an interest in any tax liens which were foreclosed, as their interests may appear in the judgment of foreclosure.

2. The title to any real estate which shall vest in any purchaser, upon confirmation of such sale by the court, shall be an absolute estate in fee simple, subject to rights-of-way thereon of public utilities on which tax has been otherwise paid, and subject to any tax lien thereon of the United States of America, if any, and all persons, including the state of Missouri, **any taxing authority or tax district as defined herein, judgment creditors, lienholders**, minors, incapacitated and disabled persons, and nonresidents who may have had any right, title, interest, claim, or equity of redemption in or to, or lien upon, such lands shall be barred and forever foreclosed of all such right, title, interest, claim, lien or equity of redemption, and the court shall order immediate possession of such real estate be given to such purchaser ~~]; provided, however, that such title shall also be subject to the liens of any tax bills which may have attached to such parcel of real estate prior to the time of the filing of the petition affecting such parcel of real estate not then delinquent, or which may have attached after the filing of the petition and prior to sheriff's sale and not included in any answer to such petition, but].~~ If such parcel of real estate is sold to the land reutilization authority the title thereto shall be free of any ~~[such]~~ liens to the extent of the interest of any taxing authority in such real estate; provided further, that such title shall not be subject to the lien of special tax bills ~~[which has attached to the parcel of real estate prior to January 1, 1972, but the lien of such special tax bills shall attach to the proceeds of the sheriff's sale or to the proceeds of the ultimate sale of such parcel by the land reutilization authority].~~

92.840. 1. **Within six months** after the sheriff sells any parcel of real estate, the court shall, upon its own motion or upon motion of any interested party, set the cause down for hearing to confirm **or set aside** the foreclosure sale of the real estate, even though such parcels are not all of the parcels of real estate described in the notice of sheriff's foreclosure sale. Notice of the hearing shall be sent by any interested party, or the court, moving to confirm the foreclosure sale, to each person who ~~[received]~~ **was sent** notice of sale as specified in ~~[subsection 3]~~ **subsections 4 and 5** of section 92.810 **and to any other necessary parties as required by prevailing notions of due process.** At the time of such hearing, the sheriff shall make report of the sale, and the court shall hear evidence of the value of the property offered on behalf of any interested party to the suit, and shall immediately determine whether an adequate consideration has been paid for each such parcel. **Any parcel deemed to have been purchased by the land reutilization authority pursuant to section 92.830 shall not require any inquiry as to value. The court's judgment shall include a specific finding that adequate notice was provided to all necessary parties pursuant to prevailing notions of due process and sections 92.700 to 92.920, reciting the notice efforts of the collector, sheriff, and tax sale purchaser. Nothing in this section shall be interpreted to preclude a successful tax sale purchaser from asserting a claim to quiet title to the bid upon parcel pursuant to section 527.150.**

2. For this purpose, the court shall have power to summon any city official or any private person to testify as to the reasonable value of the property, and if the court finds that adequate consideration has been paid, he shall confirm the sale and order the sheriff to issue a deed with restriction as provided herein to the purchaser subject to the application of an occupancy permit for all parcels as provided in subsection ~~[5]~~ **7** of this section. If the court finds that the consideration paid is inadequate, the purchaser may increase his bid to such amount as the court may deem to be adequate, whereupon the court may confirm the sale. If, however, the purchaser declines to increase his bid and make such additional payment, then the sale shall be disapproved, the lien of the judgment continued, and such parcel of real estate shall be again advertised and offered for sale by the sheriff to the highest bidder at public auction for cash at any subsequent sheriff's foreclosure sale.

3. If the sale is confirmed, the court shall order the proceeds of the sale applied in the following order:

- (1) To the payment of the costs of the publication of the notice of foreclosure and of the sheriff's foreclosure sale;
- (2) To the payment of all **of the collector and sheriff's** costs including appraiser's fee and attorney's fees;
- (3) To the payment of all tax bills adjudged to be due in the order of their priority, including principal, interest and penalties thereon. If, after such payment, there is any sum remaining of the proceeds of the sheriff's foreclosure sale, the court shall thereupon try and determine the other issues in the suit in accordance with section 92.775. If any answering parties have specially appealed as provided in section 92.845, the court shall retain the custody of such funds pending disposition of such appeal, and upon disposition of such appeal shall make such distribution. If there are not sufficient proceeds of the sale to pay all claims in any class described, the court shall order the same to be paid pro rata in accordance with the priorities.

4. If there are any funds remaining of the proceeds after the sheriff's sale and after the distribution of such funds as set out in this section and no person entitled to any such funds, whether or not a party to the suit, shall, within two years after such sale, appear and claim the funds, they shall be distributed **ten percent to the affordable housing trust fund or equivalent of such city operating under sections 92.700 to 92.920 for purposes that promote the reduction and prevention of vacant properties, with the remainder to be distributed** to the appropriate taxing authorities.

5. **Any city operating under the provisions of sections 92.700 to 92.920, by ordinance, may elect to allocate a portion of its share of the proceeds of the sheriff's sale towards a fund for the purpose of defending against claims challenging the sufficiency of notice provisions under this section.**

6. For the purpose of this section, the term "occupancy permit" shall mean the certificate of ~~use and~~ **inspection or occupancy permit for residential or commercial structures** as provided for in the revised municipal code of any city not within a county, which now has or may hereafter have a population in excess of three hundred thousand inhabitants.

~~[6-]~~ 7. If there is a building or structure on the parcel, the purchaser shall apply for an occupancy permit from the city or appropriate governmental agency within ten days after the confirmation hearing. Any purchaser who is a public corporation acting in a governmental capacity shall not be required to acquire the occupancy permit. When a parcel, acquired at a sheriff sale, containing a building is sold from a public corporation acting in a governmental capacity, the subsequent purchaser shall be required to apply for the occupancy permit. Failure to apply for such occupancy permit within ten days after confirmation shall result in the sale and confirmation being immediately set aside by the motion of any interested party and that parcel shall again be advertised and offered for sale by the sheriff to the highest bidder at public auction for cash at any subsequent sheriff foreclosure sale.

~~[7-]~~ 8. The sheriff shall include a deed restriction in the sheriff's deed, issued after confirmation and after the application of an occupancy permit for any parcel containing a building or structure. The deed restriction shall state that the purchasers at the sheriff's sale who had the property confirmed and who applied for an occupancy permit shall obtain an occupancy permit for the building or structure from the appropriate governmental agency prior to any subsequent transfer or sale of this property. This deed restriction shall **not** exist as a lien against such real estate ~~[while the purchasers hold same in the amount of five thousand dollars]~~. The purchasers of the property at the sheriff sale who had the property confirmed and applied for the occupancy permit shall agree that in the event of their failure to obtain an occupancy permit prior to any subsequent transfer of the property, they shall pay to the sheriff the sum of five thousand dollars as fixed, liquidated and ascertained damages without proof of loss or damages. **These damages shall not constitute a lien on property, and** the sheriff shall have the discretionary power to file a lawsuit against such purchaser for collection of these liquidated damages. These liquidated damages shall be distributed on a prorated basis to the appropriate taxing authority after the sheriff deducts all costs, expenses and ~~[attorney]~~ **attorney's** fees for such lawsuits. The sheriff may employ attorneys as he deems necessary to collect liquidated damages.

9. **If any sale is not confirmed within six months after the sale, any set-aside of the sale may, at the discretion of the court or collector, include a penalty of twenty-five percent of the bid amount over and above the opening bid amount, and such penalty shall be directed to the affordable housing trust fund or the equivalent, if any, of a city operating under sections 92.700 to 92.920.**

10. **Any interested party, other than the sheriff's sale purchaser, who moves the court to set aside a sheriff's sale after the issuance of a sheriff's deed made under the provisions of sections 92.700 to 92.920 shall be required to pay into the court the redemption amount otherwise necessary under section 92.750 prior to the court hearing any such motion to set aside. The court may hear any motion to confirm brought under the terms of this section if the redemption amount is not paid by the interested party moving the court to set aside the sale.**

92.852. Any sheriff's deed given pursuant to the municipal land reutilization law shall be subject to a recording fee for the costs of recording the deed that shall be assessed and collected from the purchaser of the property at the same time the proceeds from the sale are collected. All such deeds shall be recorded at the office of the recorder of deeds within two months after the ~~[sheriff's deed is given]~~ **court confirms the sale, if no proceeding to set aside the confirmation judgment is before the court.**

92.855. Each sheriff's deed given pursuant to the provisions of the municipal land reutilization law shall be ~~[presumptive]~~ **prima facie** evidence that the suit and all proceedings therein and all proceedings prior thereto from and including assessment of the lands affected thereby and all notices required by law were regular and in accordance with all provisions of the law relating thereto. ~~[After two years from the date of the recording of such sheriff's deed, the presumption shall be conclusive, unless at the time that this section takes effect the two year period since the recording of such sheriff's deed has expired, or less than six months of such period of two years remains unexpired, in which latter case the presumption shall become conclusive six months after September 28, 1971. No suit to set aside or to attack the validity of any such sheriff's deed shall be commenced or maintained unless the suit is filed prior to the time that the presumption becomes conclusive, as aforesaid.]~~ and
